A Foreign Affair that Founded Symbiosis

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale.

"It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys' hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled." "When I turned to the boy for an explanation, he said, 'Sir, I have an attack of jaundice & I'm feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys' hostel, she hands over the tiffin box through the window.' I was stunned. After all, it wasn't the type of 'affair' I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. "Symbiosis is a term in life science, meaning 'living together of two different organisms, for the benefit of each other'. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc.

Symbiosis has come a long way since then. Today it is home to students from more than 85 different countries. These students are offered the best learning resources, industry exposure, a strong international students' alumni network, a global recognition, and above all, a truly enriching Indian experience.

Chancellor's Message

I extend a warm welcome to all of you as you join the Symbiosis family. The University is part of the largerSymbiosis family, which is built on the core ideals of Vasudhaiva Kutumbakam - the world is one family.

You will find a wealth of opportunities as you begin your journey of higher education, which is about academics, of course, but also a lot more. It is our goal that we succeed in shaping our students to be responsible members of the global citizenry. Symbiosis is appreciative of the enormous responsibility that befalls higher education institutions. I encourage you to avail of all the wonderful teaching-learning and research possibilities that are offered. We, at Symbiosis, believe that Sports belongs to education as much as studies; therefore, we offer a whole range of first-rate choices that contribute to personal capacity building, such as those in career enhancement, extracurricular activities and recreational facilities.

You will find wonderful prospects to share this journey with students from over eighty-five countries and from all overlndia. We also pride on having with us an amazing pool of talent in our teaching staff, many of whom are noted academics, with substantial international experience. All in all, the educational experience at Symbiosis is designed to be wholesome and one that authentically international. I hope that your experience at Symbiosis will afford you the opportunities to apply yourtalents and inspirations to the best use.

May God bless you!

Prof. Dr. S. B. Mujumdar

Chancellor

Pro Chancellor's Message

Symbiosis upholds its motto "Vasudhaiva Kutumbakam" the world is one family in all its pursuits. The diverse backgrounds of the students who come here from 85 countries from all across the world, contribute to an international environment. The wide milieu of ideas that are brought to the table through the interactions and collaborations among students both inside and outside the classroom are contributive in enhancing the students' intellectual acuity.

The classrooms at the Symbiosis campus encourage an innovative and futuristic approach formanagement, academia and the administrative staff. As one of the largest Universities in India, Symbiosis has strong global linkages and an educational portfolio that boasts of excellent infrastructure, well-equipped classrooms, accommodation and an environment that assists students in realising their potential while embracing diversity. The eclectic environment here enables students to think critically and emerge as responsible citizens with high moral values, ethics and good social conduct.

We aim to create globally valued graduates and have framed policies and procedures to expose students and faculty to international, intercultural and comparative aspects. This is ensured by encouraging student mobility on exchange and summer schools to international partners. The interdisciplinary studies allow students to choose from across multiple disciplines thus broadening their perspective and helping them gain knowledge of various domains, which makes them more adaptable to a global environment. The Programmes offered at Symbiosis are innovative and designed according to the needs of the industry, thus creating the needed academia-industry interface.

The Incubation Centre at Symbiosis has been created with the aim of supporting and nurturing the innovative spirit of the students and developing their entrepreneurial abilities.

On behalf of the University, I welcome you to the Symbiosis family! I wish you success in the Programme that you have chosen to study with us.

Dr. Vidya Yeravdekar

Pro Chancellor, Symbiosis International (Deemed University) Principal Director, Symbiosis

Vice Chancellor's Message

At Symbiosis International (Deemed University), we believe that education is more than the pursuit of knowledge—it's the shaping of future-ready individuals who can lead with empathy, think critically, and contribute meaningfully to the world.

For over fifty years, Symbiosis has welcomed students from across India and around the globe, creating a dynamic learning community rich in culture, perspective, and ambition. This diversity is our strength, and it fuels a collaborative environment where students are encouraged to challenge ideas, embrace innovation, and grow beyond boundaries.

Our Nine diverse faculties offer a spectrum of undergraduate programmes across disciplines—Law, Management, Computer Studies, Media and Communication, Engineering, Architecture and Design, Health Sciences, and Humanities & Social Sciences and Education. These programs are thoughtfully crafted in alignment with the National Education Policy (NEP) 2020, promoting flexibility, interdisciplinarity, and holistic development.

Symbiosis is committed to nurturing global citizens. Our curriculum emphasizes experiential learning, research, ethics, and sustainability, while also integrating emerging areas such as digital transformation, innovation, and entrepreneurship. Whether you want to explore the intersection of technology and society, develop solutions for global challenges, or simply discover your passion—we provide the space and support to do so

Our world-class faculty, international collaborations, and vibrant campus life ensure that you graduate not only with a degree but with the skills and mindset to thrive in a rapidly changing world. At Symbiosis, you are not just preparing for a career—you are preparing for life.

We are excited to welcome you to a university that is rooted in values, driven by excellence, and focused on the future.

Welcome to Symbiosis – Where the world is one family, and your journey toward higher education and a successful career begins.

Warm regards,

Dr. Ramakrishnan Raman

Global Representation at Symbiosis

INTERNATIONALISATION IS IN THE DNA OF SYMBIOSIS We have students from more than 85 countries

The University

Symbiosis International (Deemed University) (SIU) emerged from the visionary mind of Prof. (Dr.) S. B. Mujumdar, a renowned botanist, in 1971. Initially conceived as a haven for foreign students studying in India, Symbiosis has grown into a multifaceted institution rooted in the Vedic principle of "Vasudhaiva Kutumbakam" – the world is one family. This philosophy resonates deeply with the university's mission of fostering international understanding through quality education.

The University offers the programmes under the Faculties of Law, Management, Computer Studies, Medical & Health Sciences, Media & Communication, Humanities and Social Sciences, Engineering and Architecture & Design. With 42 Constituent Institutes, 13 Research Centers, 12 Support Departments, 10 Departments of Skills and Continuing Education spread across four Indian states (Karnataka, Uttar Pradesh, Telangana, and Maharashtra) and an International Off-shore Campus in Dubai, UAE, SIU is a global educational powerhouse.

SIU attracts students from all Indian states and international students from over 85 countries. The university's qualified and dedicated faculties are committed to disseminating knowledge and transforming students into qualified, skilled, and responsible global citizens. SIU's strong academic reputation has led to its selection as a participating institution in the Government of India's "Study in India" Programme. With nearly 100% placements, the university has become a preferred destination for learners from across India and abroad.

SIU has consistently excelled in national and international rankings.

- It has been ranked 31st in India by the National Institutional Ranking Framework (NIRF) 2024. Internationally, SIU has also made a significant impact.
- Times Higher Education (THE) World University Rankings 2025 has ranked the university in the 601–800 band globally and 4th in India.
- QS World University Rankings 2025 has ranked the University 31st globally and 1st in India for Employer Reputation.
- The University is ranked 216 in Asia, 42nd in Southern Asia, and 23rd in India in the recently published QS World University Rankings (Asia) 2025.
- The university has achieved top rankings in various fields, including Business & Management Studies (140th globally, 6th in India) and Social Sciences & Management (389th globally, 10th in India).
- Beyond academic excellence, SIU has received several accolades, such as being recognized as a 2000-Watt Smart City and receiving the Asia Pacific Quality Label (APQL). It is also a permanent member of the Global University Network for Innovation (GUNi).

In line with its commitment to Institutional Social Responsibility, SIU operates the Symbiosis Community Outreach Programme and Extension (SCOPE) Centre. Under SCOPE, the university has adopted 35 villages to provide healthcare, sanitation, waste resource management, finance & banking, digital literacy, legal counseling, and scholarships. Family Doctor Clinics, Mobile Medical Units, and Mobile Digital Literacy Vans cater to several villages around the university campus. As a Health Promoting University, the University has established the Symbiosis Medical College for Women (SMCW) and the Symbiosis University and Hospital Research Centre (SUHRC) and centers like the Symbiosis Centre for Emotional Wellbeing (SCEW).

Symbiosis International (Deemed University) has evolved into a global hub of education and innovation, embodying the principles of international understanding, quality education, and social responsibility. With its diverse programmes, world-class faculty, and commitment to research and community engagement, the University continues to shape the lives of students and contribute to the betterment of society.

SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI):

Symbiosis Centre for Research and Innovation (SCRI), a Research and Development Cell (RDC) of the Symbiosis International (Deemed University) (SIU), was established in 2009 with the objective to facilitate and enhance high standards of research at SIU that will result in quality contribution to the knowledge base in the broad disciplines of the University. The functions of SCRI are aligned with the University's commitment to stay connected with the community by the way of understanding its major issues and problems and to suggest relevant and flexible means to resolve them. In accordance with the University's endeavor to make meaningful contributions to the dialogue around the development of knowledge and policies for society, SCRI facilitates the research journey of the SIU's academic fraternity. The department provides intellectual, academic, and administrative support to the research endeavors to the members of the Faculties and students. The department acts as a nodal unit for enabling the research activities of the SIU fraternity.

SCRI's activities revolve around the Research and Development (R&D) mandate of SIU, which states the following:

- The R&D must be socially relevant, locally needbased, nationally important and globally significant.
- The focus of R&D in the University is aligned with the national priorities of the Government, reflected through various schemes and grants.
- The R&D must be applied, leading to innovation and translational.
- To create R&D hub comprising of medical facilities, diverse research centers, and constituent institutes that promotes interdisciplinary, multidisciplinary, and transdisciplinary research significant to society,
- The University's R&D must lead to the development of the capable and responsible human resource.

SCRI is responsible for research Programme leading to the award of Doctor of Philosophy (Ph.D.) in the following Faculty of Studies: Law, Management, Computer Studies, Medical and Medical & Health Sciences, Media and Communication, Humanities and Social Sciences and Engineering in more than 25 substreams (subject areas). The doctoral programme is offered in accordance with UGC (Minimum Standards and Procedures for Award of Ph D Degree), 2022. The University has identified qualified supervisors, has state- of-the-art infrastructure and resources to support the doctoral students. A few postdoctoral fellowships are also offered in dedicated Research Centres: Symbiosis Centre for Nanoscience and Nanotechnology (SCNN), Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Medical Image Analysis (SCMIA) and Symbiosis Centre for Applied Artificial Intelligence (SCAAI).

Besides research Programmes and fellowships, SCRI takes care of seed money, support for extramural funding, publications, intellectual property, and research collaborations of the researchers of the University. The department undertakes activities related to protection of intellectual property rights (IPR) and facilitates technology transfer for products and processes developed by SIU along with the collaborators. Statistical support to researchers through a dedicated statistician. This enables quality publications of non-doctrinal, social, ecological, psychosocial, organizational, experimental and observational driven empirical type of studies across all the faculties. Continuous improvement in the quality of research at SIU is facilitated by the University's research collaboration with the organizations such as the Indian Council for Medical Research (ICMR), L&T, Society for Development Studies, Lupin Research Park, Serum Institute of India Pvt. Ltd., KEM Hospital Research Centre and many more.

The collective research experience at SCRI has supported Faculty Members of SIU for attracting prestigious research grants from the Government under various schemes (such as DST-PURSE, SPARC, DST- SERB, DBT, NABARD, ICSSR) and Non-Government agencies (such as ABTL, Huvepharma SEA Belgium and India, IBM, TCS). In addition to this, internal funds (Minor Research projects and Major Research projects) are also provided to the Faculty and students by SIU. The department's support through hands-on, sensitization, and FDPs has contributed towards rapid increase in the research publications, (both quantitatively and qualitatively), patents, the registration of designs and copyrights, and new collaborative opportunities and recognitions. SIU is an empaneled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU's 1000+ Ph.D. Scholars in different disciplines are facilitated by SCRI. With commitment, focus, and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good- quality research.

Main focus of SCRI

- To develop institutional research agenda and formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
- To establish the minimum standards for research activities at SIU that lead to good quality contributions to the existing knowledge.
- To set up a systematic procedure for the administration of research Programmes and execute them.
- To enrich research capacity and mentor the researchers to translate their effort into high-quality research outcomes.
- To facilitate the research endeavors of the various research centres and the researchers at SIU

 To monitor and evaluate the research output/ performance of the University from micro- to macro-level on concurrent basis

Please may visit https://scri.siu.edu.in/ for details of the Doctoral Programme.

RESEARCH CENTRES

Symbiosis Centre for Nanoscience and Nanotechnology (SCNN)

The Symbiosis Centre for Nanoscience and Nanotechnology (SCNN) has been established to carry out interdisciplinary research in nanotechnology domain. The mission is to push the boundaries of nanotechnology by conducting cutting-edge research, fostering interdisciplinary collaboration, and translating scientific discoveries into practical solutions. Through a commitment to excellence, ethical practices, and societal benefit, it is aimed to pioneer breakthroughs that address critical challenges, empower industries, and contribute to sustainable development

SCNN conducts pioneering research in nanomaterials, nanodevices, and nano-systems that advances scientific understanding and leads to practical applications. SCNN has completed 6 years of successful journey with establishment of five state-of-the-art laboratories dedicated to advanced functional nanomaterial synthesis, characterization, bioprocess, point-of-care diagnosis and photonics lab.

The leading area of SCNN includes low-cost energy production and storage, affordable healthcare and development of optical sensors. We build a collaborative ecosystem that encourages partnerships with academia, industry, and government, fostering innovation and technology transfer, raising awareness about nanotechnology and its societal implications.

Symbiosis Centre for Stem Cell Research (SCSCR)

Symbiosis Centre for Stem Cell Research (SCSCR) was established as a new initiative of Symbiosis International (Deemed University) on 29th July 2016. The centre is a unique research centre in Pune that performs research exclusively on stem cells. SCSCR was established to initiate both fundamental and translational research in various aspects of stem cell biology. The centre has initiated several research projects on hematopoietic stem cells (HSCs), mesenchymal stem/stromal cells (MSCs), human pluripotent stem cells (hESCs), endometrial organoids, and bone and cartilage specific stem cells. SCSCR has state-of-art equipment to facilitate research of internationally accepted standards.

Symbiosis Centre for Behavioural Studies (SCBS)

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioral Studies has been established with an aim to conduct experimental research in order to publish quality research papers in reputed journals. It's allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

Symbiosis Centre for Waste Resource Management (SCWRM)

Symbiosis International (Deemed University) in the year 2015, established Symbiosis Centre for Waste Resource Management (SCWRM) to be a pioneer in building knowledge, disseminating awareness and improving practices in the area of sustainable waste management. The centre promotes inter and multi- disciplinary approach for basic and needbased, applied research and efforts in bridging the gap between lab and society with respect to solid and liquid waste management. The current research at SCWRM involves novel technology and process development for solid waste and wastewater

treatment, waste valorisation and resource recovery for circular economy and entrepreneurship development, microbiological and biotechnological investigations for development of value products/ formulations for industrial applications. The centre is also involved in conducting workshops, training, and awareness Programmes to promote national agenda of 'Swachh Bharat Mission', and work towards addressing key issues and challenges pertaining to waste management and sustainability.

A key activity of SCWRM involves providing professional technical consultancy to various stakeholders in the field of solid waste management. SCWRM has consultancy projects with Pune Municipal Corporation (PMC), APMC Mumbai, Lonavala Municipal Corporation, district council of four districts, etc. on diverse aspects of municipal solid waste management. The centre is also an empaneled technical agency with the Government of Maharashtra to implement the national GOBAR-DHAN scheme at district and state levels under Swatch Bharat Mission (G)-II. The centre has several national and international research collaborations with a network of researchers across the globe to address various aspects of waste management, pollution remediation, resource utilization, waste valorization, climate change and sustainability.

Symbiosis Centre for Medical Image Analysis (SCMIA)

In recent years there has been an increased thrust to understand and quantify the complex information conveyed by medical images. Developing modern computational techniques that offer the potential for extracting diverse and complex information from imaging data and applying the setoaplethora of clinical studies is crucial. These techniques not only support precise quantification but also overcome the limitations of subjective visual interpretation. Furthermore, research and efforts in bridging the gap between lab and society with respect to solid and liquid waste

management.

Symbiosis Centre for Applied Artificial Intelligence (SCAAI)

Symbiosis Centre for Applied AI (SCAAI) was established in May 2019. The primary aim of this centre is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of AI. Along with this SCAAI engages in interdisciplinary research to address pertinent issues that could involve a huge spectrum such as finance and banking to healthcare.

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR)

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR). It has been established to facilitate advanced legal studies and research.

SCALSAR facilitates and provides:

- the means including idea architecture and resources for advanced legal studies for post graduate, including LLM students and PhD Students.
- Infrastructure and resources for advanced legal research to the faculty, researchers and post graduate students promoting and facilitating publications in SCOPUS, Web of Science and UGC recognised journals
- To collaborate with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- Research, training and consultancy in selected areas of 4 excellence centres aligned with SIU clusters, other research centres and contemporary areas of national and global importance
- Interdisciplinary and multidisciplinary studies and research while interlinking with SIU research clusters

- To act as a think-tank to the Government, hosts Scholars in residence, undertake interdisciplinary legal studies and research projects, train teachers and design training modules.
- Collaboration with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- To disseminate and ensure the outcome of research, training, advocacy and consultation to stakeholders including businesses, law makers, government and non-governmental entities, people of India and the world
- Positive and measurable impact on the society and justice system through inclusive research and training

Since 2012 SCALSAR has been organizing an Annual Research Conference. It grew drawing international participation by 2015. The conference has been drawing on Symbiosis International (Deemed University)'s new impetus to thrust areas, excellence centers and innovation and is titled as SYMROLIC representing an interdisciplinary conference in relation to Rule of Law. The conference also includes a research skills workshop. SCALSAR undertakes Minor and Major Research and Consultancy Projects. In addition to the completed projects including 2 ICSSR Impress Major Projects, there are 4 Major International Projects that are going on. SCALSAR also collaborates with Government bodies and undertakes Law reform initiatives such as Transformation of Criminal Justice System in India submitted to Ministry of Home Affairs, Initiative with Supreme Court of India on Digital Courts Vision & Roadmap: Phase III of the E- Court project, Regional consultation on Review of Criminal law- Improvement in Status of Women organized in collaboration with National Commission for Women etc. The research agenda of SCALSAR will be further strengthened by the recently received Jean Monnet

Symbiosis Center for Climate Change and Sustainability (SCCCS)

SCCCS was established to develop environmental professionals with strong scientific knowledge who can provide solutions concerning the various environmental challenges that we encounter. SCCCS conducts innovative research and currently offers Ph.D. and post-doctoral programme in life sciences, climate change studies, and sustainable development. One important aspect of our research focuses on the role of microbes, which are often not acknowledged, in climate change mitigation and their important functions in ecosystem services. The Centre is trying to harness the potential of these tiny creatures to abate the impact of climate change and promote sustainability. SCCCS is involved in organizing workshops and lectures, taking up restoration projects, Park/Devrai conservations, and DST-funded projects.

SCCCS also develops educational courses in Climate Change and Sustainability Studies for UG & PG institutions. In addition to the academic responsibilities, the Centre also engages in collaborative works and conducts social outreach program involving international and local bodies such as UNICEF, and Pune Climate Warriors for issues relating to climate change, environmental health, and water conservation. Another focus of the work is nurturing the biodiversity of the campus. This work involves documenting, cataloguing and monitoring the flora

and fauna species. SCCCS organises eco-tours on the University campus, recreational as well as ecosystem and environment awareness Programmes for staff and students. The thematic areas, future vision, and expansion plan of the Centre are depicted below.

Thematic Research Areas:

Future Vision and Expansion Plan of the Centre:

Symbiosis Center for Urban Studies (SCUS)

The Symbiosis Centre for Urban Studies has been established under the Faculty of Humanities and Social Sciences in Year 2022-23. The Centre focusses on activities related to Capacity Building and Research reorientation concentrating on the vectors of research such as Poverty, Employment and Informalization.

Symbiosis Centre for Higher Education Research and Policy Advocacy (SCHERPA)

SCHERPA is established for conducting research in the area of international higher education. The NEP 2020 has earmarked a whole chapter on Internationalization of Higher Education. With the COVID pandemic, there have been different challenges that higher education faced, but one positive outcome has been internationalization at home. Collaborative online international learning, co-teaching and co-learning have been promoted due to online education. New concepts of international co-operation and intraregional cooperation have emerged which enhance the internationalization of Higher Education. Knowledge diplomacy and how higher education can be a tool for development and soft power is also coming into discussion at the global level.

Symbiosis Centre for Research in Media and Creative Industries (SCRMCI)

Established under the Faculty of Media & Communication. The center shall be monitored by Symbiosis Centre for Research & Innovation.

LEARNING RESOURCES: LIBRARY

Symbiosis International (Deemed University) (SIU) is one of India's premier University and a renowned educational hub, comprising multiple institutions across various campuses. It offers quality higher education in diverse fields, including Management, Information Technology, Biomedical Sciences, Engineering, Liberal Arts, Health Sciences, Media and Communication, Architecture and Design, and Legal Education. Each institution has a dedicated library, serving as a vital resource center that supports students and faculty members by fostering teaching, learning, research, and innovation.

With the rapidly evolving digital landscape, e-resources have become an essential component of academic and research activities. SIU libraries are well-equipped with modern facilities and cutting-edge technology to seamlessly integrate both print and digital resources. The growing collection includes books, journals, periodicals, and databases, ensuring that the entire Symbiosis community has access to high-quality academic content.

To enhance accessibility and efficiency, KOHA Integrated Library Management Software has been implemented across all constituent libraries. Online Public Access Catalogue (OPAC) (http://symbiosiskoha.informindia.co.in) provides remote access to the book collection and other reading materials from any location.

SIU Central Library, located at the Lavale campus, is housed in a spacious, state-of-the-art building with high-quality amenities and a beautifully landscaped environment. This well-furnished facility offers a serene and inspiring atmosphere, encouraging students to learn, conduct research, and expand their knowledge. The library has embraced emerging technologies to ensure efficient information retrieval, providing seamless access to academic resources.

SIU Central Library subscribes to a diverse range of databases to support faculty members, students, and researchers. These resources are strategically categorized to cater to various academic and research needs. The Full-Text Databases, including ScienceDirect, Emerald Insight, ProQuest, JSTOR etc, provide access to a vast collection of scholarly articles and research papers. For indexing and citation tracking, Indexing & Abstracting Databases such as Scopus with Al and Web of Science are available. To assess research performance, the library offers SciVal, a powerful Research Performance Assessment Tool. Additionally, Statistical & Business Research Databases like Statista, Harvard Business Review (HBR), Factiva, and QuestionPro provide essential data-driven insights. To maintain academic integrity, the library provides Writing & Academic Integrity Tools, including Grammarly for writing assistance and Turnitin with Al for plagiarism detection. Moreover, Remote Access is facilitated through RemoteX, enabling the SIU community to access digital resources 24/7 from anywhere.

Central Library is an active member of INFLIBNET, Gandhinagar, playing a key role in submitting research theses to Shodhganga. It is also a member of DELNET and the National Digital Library of India (NDLI), further strengthening its commitment to knowledge sharing and academic excellence.

SIU Library at a Glance

With its world-class resources, cutting-edge technology, and commitment to academic excellence, SIU's libraries continue to be an integral pillar of research, learning, and innovation at the university.

SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION (SCIE):

SCIE is a department of the University that provides leadership and support for the University's efforts to internationalize the campus and the curricula. The mandate given to Symbiosis Centre for International Education (SCIE) is to streamline the processes related to international collaborations, participation in international conferences and seminars, international student mobility, setting up of Area Study Centres, etc.

At Symbiosis, there are international students from over 85 countries who undertake undergraduate and postgraduate studies. Students and faculty are repeatedly provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops, etc.

Internationalisation at Symbiosis works on multiple tracks, hence, the five divisions in the Symbiosis Centre for International Education include:

- 1. International Admissions and International Promotions
- 2. International Student Relations and Events
- 3. International Collaborations
- 4. Symbiosis Centre for European Studies (SCES)
- 5. Symbiosis Centre for India Australia Studies (SCIAS)
- 6. The Symbiosis Centre for Engagement with Africa (SCEA)
- 7. Symbiosis Centre for Research in International Higher Education (SCRIHE)

1. International Admissions and International Promotions

Admissions for international students are centralized across all the constituent institutes of Symbiosis

International (Deemed University) and are routed through the Symbiosis Centre for International Education (SCIE). The procedure for applying to SCIE is designed, taking into consideration the requirements and difficulties faced by international students. The online admission process has made it accessible for every student to apply from various parts of the world and from the comfort of their homes. Students only need to come to India when they are shortlisted for a specific programme of their choice. Software has been tailor-made to suit the admission procedure. The admission process is simplified into easy steps, starting from meeting basic eligibility criteria and verifying the necessary documents to finalizing the payment and confirming the admission. Through the online admission system, students can also make all their payments online and check their admission status online.

SCIE has also taken the initiative of planning promotional campaigns in Africa and Asia. This involves participation in educational exhibitions/ fairs and visiting schools and educational counselors.

2. International Student Relations and Events

This department has the goal of ensuring student comfort at Symbiosis International (Deemed University) and also communicating with foreign students in their home countries. Understanding the importance of ensuring a fulfilling experience, both academic and social, this department focuses totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities at the Foreigners' Registration Office (FRO).

We have "buddy" system, which refers to the practice of assigning a mentor to each international student. The "buddy" will be a domestic Indian student, who is familiar with the city of Pune. The "buddy" will be encouraged to help the student overcome challenges

big and small - that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department conducts periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving them an opportunity to solve these by initiating changes either in policy or regular activities.

SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students' international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation, Iftar Party, Christmas Party, Diwali Party, Dance Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students' Convocation Ceremony. The convocation ceremony is an important landmark in a student's life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of this wonderful memory. SCIE aims to fulfil a students' dream of walking down the aisle with a robe and cap by organizing the International Students Convocation Ceremony.

SCIE is assisted in such activities by the International Students' Council. The International Students' Council is an elected body for the smooth functioning of the activities and events of international students. This department conducts need based workshops for these council members to name a few team building, financial literacy, communication & soft skills, digital marketing, etc. which covers a diverse range of essential skills.

Working in the council provides an opportunity to showcase their leadership skills and community involvement, get the opportunity to explore a range of interests and passions that they might not have discovered otherwise, improve the self-confidence.

3. International Collaborations

At Symbiosis International (Deemed University), (SIU) our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation imparts broadened knowledge and understanding of other nations, cultures, and global issues for students, strengthens research and knowledge production of faculty and staff, which assists in bringing innovative pedagogies and enhances the teaching learning process. To achieve these objectives, the university has international collaborations across the globe. Structured policies for encouraging student and faculty mobility help students to undertake these programmes for increasing and ensuring sustainability.

Student Programmes:

Global Immersion Programmes:

Under this initiative, SIU students get an opportunity to experience semester abroad, semester exchange Programmes, attend summer/winter schools, and undertake internships and participate in international competitions and conferences. The university accepts the credits earned by students from partner universities towards their degree completion. Study tours, which give a glimpse about the academic and cultural offerings from a foreign country, are also encouraged to give students an international exposure.

SIU encourages the collaborating universities to send their students for a semester at any of its institutes and transfers the credits earned by these students. The students have the flexibility to choose courses across disciplines.

Collaborative Programmes: SCIE has initiated Dual Degree, Joint Degree and Pathway programme, and

Progression agreements at undergraduate, postgraduate and doctoral levels with highly ranked partner Universities across various countries including Australia, the USA, the UK and Russia to name a few.

- a) Dual Degree Programme are jointly designed and offered by SIU and Foreign Higher Educational Institutions in the same disciplines/subject areas and in the same level. The degrees shall be conferred by SIU and Foreign Higher Educational Institutions, separately and simultaneously, upon completion of degree requirements of both institutions.
- b) Dual PhD Programme are a unique opportunity where PhD scholars will have one Supervisor at each institute and will spend at least one semester at each institute during the programmes. The student will submit only one thesis as per the framework designed by/ agreed upon by SIU and the partner HEI. The student shall be awarded two separate PhD degrees by both universities.
- c) Joint Degrees are collaborative programmes where the curriculum is designed jointly by SIU and Foreign Higher Educational Institutions and, upon completion of the programmes, the Degree will be awarded by SIU and the collaborating Foreign Higher Educational Institution with a single Certificate.
- d) Pathway Programmes is an arrangement where the students complete a major portion of their academic requirement of a lower degree programmes (for instance a Bachelor's degree) at SIU and then seamlessly ladder up to the partner university to complete their programmes requirement and enter into a Higher Degree (for instance a Master's degree).
- e) Progression arrangements are where the students complete a degree at SIU and proceed to pursue a higher degree at partner HEI. Progression arrangements ensure merit-based scholarships and fee concessions to eligible students.

Study India Programme:

SCIE offers short duration, customized Programme imparting international students an unparalleled opportunity to experience a combination of academic content and cultural activities. Students get an understanding of the socio-economic, cultural, political, technological aspects of India along with experiential learning through visits to NGO's, Cultural heritage sites, to name a few, in this Programme.

Faculty Programme:

SIU believes giving international exposure for students, faculty and staff to develop a global outlook. As part of Internationalization at home, SIU has many programme where international faculty is invited on campus.

Scholar-In-Residence:

This programme encourages faculty to share best academic practices, developing in house global competencies and international links. Faculty who visit SIU on short/long term engagement, conduct guest lecturers/ workshops / Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development programme / seminar, conceptualizing, contributing and editing research journals, joint paper presentations in international conferences.

Distinguished Visiting Professor:

Distinguished academicians/ personalities are invited to SIU for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

Faculty Exchange:

SIU is actively involved in sending its own faculty to foreign universities on short term. This encourages the faculty to get an opportunity to teach students at partner universities. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

Lecture Series:

SCIE organizes lectures by eminent faculty, industry experts and eminent personalities at different institutes of Symbiosis.

Symbiosis Centre for European Studies (SCES)

SCES is a multidisciplinary support department within Symbiosis Centre for International Education launched at the hands of the former Prime Minister of Czech Republic, Mr. Andrej Babiš in January 2019.

SCES lays emphasis on facilitating people-to-people, organisation-to-organisation and institute-to-institute connections with Europe, bringing the best of scholarly expertise to India and encouraging Symbiosis students, faculty and staff mobility to Europe for research projects, engaging with Training & Consultancy projects with European companies and learning through partnerships. SCES is envisioned to be an umbrella support system for all academic/ scholarly/ generic activities with European nations, institutes and companies. Its purview includes all European countries and the European Union.

SCES has actively forged partnerships with European universities through various consortiums under the Erasmus+ Programmes, aiming to foster collaboration in student and faculty mobility, as well as strategic partnerships. These endeavors contribute to capacity building and the exchange of best practices in higher education. Notable collaborations include partnerships with German universities through the DAAD-DIES and DAAD-A New Passage to India programme, facilitating mobility and workshops to promote the internationalisation of higher education.

In addition to these collaborative efforts. SCES has organised the Annual Leadership Series &

Conferences, focusing on contemporary issues related to the European Union and its global relationships. Think tanks, diplomats, and ambassadors have shared valuable insights with SCES students and faculty during these forums.

SCES continues to actively engage with European partners through exchanges, E-Academies, E-Symposiums, Remote Internships, Study in India Programme, and Erasmus+ projects. SCES offers various activities and programs, including:

- 1. Internationalisation @ Home Initiatives: These initiatives aim to enhance global perspectives within the campus environment.
- 2. Exclusive Opportunities for SCES Students:
 - E-Academies on Internationalisation: Weekend Programmes focusing on developing intercultural competencies, with students collaborating with peers from around the world.
 - Your Gateway to Europe: Bi-annual Programmes providing in-depth insights into higher education in Europe, featuring illustrious speakers and European student mentors.

Both E-Academies combine learning with cultural, language, and food exchanges, culminating in the annual release of "The World Kitchen," a culinary book featuring recipes from Indian and international students.

- Beyond Borders Work from Home Internships: Offering remote internships for Indian and European students in research, graphic designing, corporate relations (Europe), and social media management. SCES students gain international exposure and work on global projects. The calls are open for all SIU students. Follow this link for more information and application procedure.
- 3. SCES Student Think Tank: SCES students are invited to participate in the student-led think tank under the Symbiosis Centre for European Studies, also serving as the First Indian Chapter of European Horizons, a global student-led policy incubator

founded at Yale University. Email us at sces@scie. ac.in to learn more.

Other initiatives include student and faculty exchanges, credit transfer arrangements, Summer and Winter Schools (Study India Programme & Bespoke), as well as E-Symposiums, webinars, master classes, and various opportunities for engagement with Europe. These diverse programmes contribute to a comprehensive and dynamic internationalisation strategy at SCES. For more information and engagement, please reach out to us at sces@scie.ac.in.

Symbiosis Centre for India Australia Studies (SCIAS)

The main motive behind setting up of the Symbiosis Centre for India Australia Studies (SCIAS) is to act as an overarching umbrella for all activities involving students and faculty, deepening the existing collaborations and also seek opportunities for exploring new collaborations with Universities from Australia. The Centre was officially inaugurated by Mr. Peter Truswell, Consul- General, Australian Consulate in Mumbai, India, Department of Foreign Affairs and Trade (DFAT).

The activities undertaken under the Centre will include student and faculty mobility, faculty training, networking of research scholars for building connections/ networking leading to conducting joint research. The Centre will also prioritize and execute proposals received for joint supervision for PhD level programme, developing pathway programme, Dual Degrees which has been the mandate of the New Education Policy. The Centre will have multidisciplinary focus and will institutionalize international initiatives in education and research between India and Australia. The Centre will Facilitate student internships for Indian and Australian students in a collaborative way and consolidate industry relationship to support the internships. Focus on research in International Higher Education with special mandate to prioritize internationalisation of higher education, collaborative

international learning, interregional cooperation, and knowledge diplomacy. The Centre will also encourage offering electives to students to learn Literature, History, Society, Culture, Art, Politics, Indigenous studies of Australia to SIU Institutes.

The Symbiosis Centre For Engagement with Africa (SCEA)

Based on its strong past connection with the continent and its people, Symbiosis believes it can positively assist in the capacity building of the African nations by offering world-class education to African students. These students will be future Ambassadors of Goodwill.

Under our 'Engage with Africa initiative' we offer the following with a view to strengthening relations between India and Africa.

- 1. Golden Jubilee Scholarships where we are offering 80% fee concession in academic fees as well as 50% concession in the hostel and mess fees.
- 2. Golden Jubilee Free-ships
- 3. Connecting African students studying at SIU with Indian school students and staff: Positive exchange of cultures and desired change in perception
- 4. Capacity Building: Teacher Training and Development for African Schools.
- 5. Representation on International Student Bodies/ Councils.
- 6. Student Development Workshops

3. Symbiosis Centre for Research in International Higher Education (SCRIHE)

The Symbiosis Centre for Research on International Higher Education (SCRICHE) was established in 2022 with the vision of producing research specifically focused on International Higher Education (IHE). Over time, it has evolved into a Think Tank dedicated to research in higher education (HE) more broadly, with a particular emphasis on IHE. The Centre's vision

is to foster quality education through collaborative and multidisciplinary research in comparative higher education, driving informed and active policy advocacy. Its mission is to partner with national and international collaborators to conduct transformative research that enhances educational outcomes, promotes equity, and influences policy both nationally and globally. The Centre aims to synthesize research outputs for policymaking, assess the efficacy of current higher education policies, facilitate policy dialogues and best practices sharing.

Symbiosis Centre for Entrepreneurship and Innovation (SCEI)

Symbiosis Centre for Entrepreneurship & Innovation (SCEI) is a Technology Business Incubator (TBI) promoted by Symbiosis International (Deemed University) and supported by DST Govt. of India. SCEI is a special purpose vehicle (Section 8 Company) established in the year 2016 by the university to promote entrepreneurship and nurture innovative start-up ideas. SCEI is primarily established with funding from Symbiosis International (Deemed University). SCEI is also on boarded a incubation and mentoring partner on NITI Aayog- Women Entrepreneurship Platform (WEP). SCEI is a Not for Profit Company with a mission of contributing to socio-economic development in the region by promoting and nurturing entrepreneurship. SCEI also supports women entrepreneurs through a dedicated Women Entrepreneurship Wing (WeW). Technical and Business Mentoring is the core strength of SCEI to enable startups to build and commercialize innovative solutions. SCEI also leverages University research and innovation capabilities, and resources to support entrepreneurs in their start-up journey.

Being a part of the Symbiosis family, SCEI is well connected to innovation and Entrepreneurship ecosystem in India. SCEI provides office space, innovation lab access, mentoring support, company registration support, investor access to the start-ups which get incubated at SCEI and even student start-ups across the Symbiosis International (Deemed University)

Symbiosis Centre For Alumni Engagement (SCAE)

Symbiosis Centre for Alumni Engagement (SCAE) was established on 10th of November, 2017. SIU established SCAE to work as a central body for alumni related matters. It has created a strategic blueprint to facilitate structured and long-term engagement with alumni. SCAE conducts online surveys to understand their ideas for contributing to initiatives such as career counselling, mentoring, guest lectures, reviewing of Programmes and events, and the possible establishment of endowments, sponsorships and scholarships.

SCAE communicates regularly with alumni (emails/ newsletters) on achievements and updates concerning SIU and its constituents. Senior leadership reaches out to alumni through SCAE. It continuously engages with alumni in meaningful dialogue through personal meetings / virtual meetings and webinars. Symbiosis Alumni can support students and fellow alumni through mentoring, career guidance, internship provision and / or recruitment opportunities. Alumni can gain a sense of fulfilment by 3 E's: Experience, Effort and Endowment.

Symbiosis Centre for Alumni Engagement (SCAE) aims:

- To nurture and strengthen a symbiotic and longlasting relationship between Symbiosis and its worldwide alumni community.
- 2. To create a range of appealing and rewarding Programmes, meaningful dialogue and exchange of ideas.
- 3. To achieve excellence in the academic, intellectual and philanthropic pursuits of Symbiosis through continuous engagement with its alumni.
- 4. To set up a centralized Alumni information and engagement platform to ensure efficient and effective data management, relevant to the needs of Symbiosis for its development.

Symbiosis Community Outreach Programme and Extension (SCOPE)

Universities have recognized the enormous potential of higher education to positively impact the health and well-being of students, staff, and the wider community through education, research, knowledge exchange, and institutional practice. With this view, Symbiosis launched Symbiosis Community Outreach Programme and Extension (SCOPE) on O2nd July 2012. The objective is to positively impact the community around.

SCOPE works towards achieving sustainable, comprehensive, and integrated development of the 32 identified villages in Mulshi taluka of the Pune district. SCOPE through its Mobile Medical Units (MMUs) and Rural Digital Literacy Labs offers doorstep delivery of healthcare and digital literacy services in several access compromised and service deficient villages.

Initiatives:

SCOPE undertakes various Health and Community development initiatives in and around the university campus associated with Primary Health Care, Health Awareness and Promotion, and Personal – Social Development. SCOPE also celebrates various health days in our area by conducting health education, general health check-up camps, and other activities in the community. These initiatives are also part of the activities pertaining to Institutional Social Responsibility, Creation of a Healthy Environment, Developing Links with the Community, and Academic and Action Research in the Community. Additionally, students take up community research projects for Master's and Ph.D. programme in the villages.

MMUs visit the identified villages per the fixed weekly schedule and covers 32 such villages located in Mulshi taluka catering to a population of 40836 individuals. Since 2012, MMU has delivered preventive, promotive, and curative healthcare services to more than 339953 beneficiaries from villages and also during mega events such as Pandharpur Wari and Bhima Koregaon. We also partner with SUHRC for various activity conduction like

the inauguration of the extension center at Kondhwe – Dhavde (Haveli block), Specialist visits at various PHCs of Mulshi and Vadgaon Mawal blocks, Key Opinion Leaders (KOL) visits, Speciality Camps, etc. The Rural Digital Literacy Labs currently offers services in 9 villages and reaches over 200 learners.

Way forward:

SCOPE in the coming years is working towards increasing the number of villages where its healthcare and other services would be delivered. We firmly believe that our role as a university goes beyond imparting knowledge and skills to our students and as active agents of change and nation-building.

Service Learning -Credit based course

Service learning is a method of teaching, learning and reflecting that combines academic classroom curriculum with meaningful service throughout the community. As a teaching methodology, it falls under the philosophy of experiential education. Service learning is the engagement of students in activities, which address or meet a community need. Students learn how service makes a difference in them and in the lives of others. It is linked to course/ discipline of

students.

Participation of Students in Service Learning:

Service Learning is one of the components, offered to under graduate students under Floating Credits Programmes. The course is of 4 credits and students have to put in 120 hrs. for community service related to their discipline.

Benefits of Service Learning to Students:

- Increase of self-esteem, analytical skills and social development.
- Sense of empowerment by participating in community service where they are needed, valued, and respected.
- Improved citizenship as a result of active engagement in community life.
- Heightening the student's desire to learn through one's experience.
- Inculcation of leadership skills and values.
- Directly or indirectly application of concepts from the classrooms to the service.

| and May 11, 2025 (Sunday) | SITEEE | 11.30 am to 12.30 pm |

SLAT 2025 will be conducted on two different dates. Candidates can appear for the dates, i.e. December 13, 2024 (Friday) and December 15, 2024 (Sunday).

SET/ SITEEE 2025 will be conducted on two different dates. Candidates can appear for the dates, i.e. May 05, 2025 (Monday) and May 11, 2025 (Sunday).

A candidate can appear for SLAT/ SET/ SITEEE on both the dates.

If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation. There will be no normalization. A rigorous process that has been statistically tested will be administered to ensure that unique types of questions are framed under a specific topic across the question papers. The normal spread will ensure that there is no unfair advantage to candidates who opt for any specific test / multiple tests. This will ensure the normalisation of the spread of questions across sections. Furthermore, the question papers will be normalised for the level of difficulty across all two tests. No correspondence regarding this will be entertained.

From 2018 onwards, "SET General" is known as Symbiosis Entrance Test (SET), "SET – Law" test is known as Symbiosis Law Admission Test (SLAT) and "SET-Engineering" as SIT Engineering Entrance Exam (SITEEE).

Registration for these tests are done from the same portal as per the process mentioned below:

1. Register online on the website

For SLAT: www.slat-test.org (Registration closes on November 22, 2024 (Friday))

For SET: www.set-test.org (Registration closes on April 12, 2025 (Saturday)).

Note: No changes shall be permitted after the registration under any circumstances.

Note: For Engineering, if a candidate applies to seek admission on the basis of test other than SITEEE, he/she need not register for SITEEE; rather he/she may apply directly to the concerned institute through the institute website (https://www.sitpune.edu.in/, https://sitnagpur.edu.in/ and https://sithyd.siu.edu.in/)

- 2. Upload your latest colour passport size photo at the time of Online Registration. (Your photograph should not be more than 04 months old match with the photo that has been uploaded during registration).
- 3. Ensure that the information you have filled is accurate. No changes shall be permitted after the registration under any circumstances. Candidates are fully and solely responsible to provide correct information during the application process. If it is found that any information provided by the candidate at the time of filling / submitting the application form is not true, SIU has the right to cancel the application or admission, at any stage, in accordance with its rules and regulations. Any direct or indirect attempt to influence.

Note: All communication with candidates will be done through the official email address (info@set-test.org, info@ slat-test.org and no-reply@set-test.org) only. Please ensure that this email address is whitelisted in your registered email.

- 4. For all SET 2025 updates, join our Official Telegram Channel: https://t.me/+7uCtBRKQqmQ5NDg9 (If telegram is not installed on your device, kindly install it from Google Play Store/Apple AppStore. After installing telegram, please click on the link to join "SET 2025 (Official)" Channel)
- 5. Candidate should note that SLAT/ SET/ SITEEE 2025 is only the first step. Each Symbiosis institute has its subsequent independent selection process.

Note:

Even after closing of the payment for SLAT/ SET/ SITEEE 2025, a candidate may still pay through website till the last date of payment for the programme(s). An institute may offer more than one programme. A candidate should ensure that the preferred programme(s) is / are selected and paid before the last date.

Indian nationals and NRI candidates shall have to apply under SLAT / SET/ SITEEE 2025 to seek admission to the select Undergraduate programmes of Symbiosis International (Deemed University).

Astudent is eligible to apply as a Non-Resident Indian (NRI) if he/she has appeared for either 10th or 10+2 (equivalent to the Indian 10th or 12th) examination outside India. It is mandatory for NRI students who have appeared for their 10th standard exam outside India and 12th in India to appear for SLAT / SET/ SITEEE as applicable.

However, OCI/ PIO/ Foreign Nationals are exempted from appearing for SLAT / SET/ SITEEE 2025 and have to apply through Symbiosis Centre for International Education (www.scie.ac.in). For details regarding OCI/PIO/NRI/ FN admission process, please refer to Sub Section J: Process for International Candidates.

After the declaration of the SLAT/SET/SITEEE 2025 result, the institute (offering the programme(s) for which you have paid) will conduct further selection processes for short-listed candidates. The schedule for the same will be published on the website of the respective institute(s).

Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to all UG programmes of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.

G. Reservation Policy of SIU:

As per the UGC guideline 2006, the reservation policy for all the institutes under the University is as follows:

a. Within Sanctioned Intake -

| Caste | Reservation in Percentage |
|-------------------------------------|----------------------------|
| Scheduled Caste (SC) | 15 % |
| Scheduled Tribes (ST) | 7.5 % |
| Differently Abled # | 3 % |
| Children/wards of Defence Personnel | 5 % for SLS Pune and SICSR |

^{*} The definition for Children / Wards of Defence Personnel is:

The term Defence Personnel would mean only those serving / retired Defence personnel from Army, Navy, Air Force. Retired defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no 36035/5/85- Estt (SCT) dated 14 April 1987. It includes children of defence personnel who died while in service or after retirement.

The University also provides 5 % reservation within the sanctioned intake for Children/ Wards of Defence Personnel in Institutes as listed below:

Differently Abled Category (DAC) at SIU

In compliance to Government directives on disability guidelines issued by the office of the Chief Commissioner for Persons with Disabilities vide Ministry of Social Justice & Empowerment, New Delhi notification no. 16-18/97 dated 01st June 2001 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, SIU has made provision of reserving 3% seats for Differently Abled Category (DAC) candidates in all the programmes offered by all the Institutes of SIU.

The types of disabilities covered are: -

- a) Vision Impairment
- b) Hearing Impairment
- c) Locomotors Disabilities
- d) Mental Retardation
- e) Multiple Disabilities
- f) Dyslexia

A candidate claiming admission under DAC will be provisionally admitted under the said category. Thereafter, the candidate will be required to obtain an 'Authentication Certificate'. The candidate will have to get the Disability Certificate authenticated by Medical Board of Symbiosis University Hospital and Research Centre (SUHRC). Once the certificate is found authentic and correct by the Medical Board, SUHRC, his/her eligibility will be certified under the DA category.

Differently Abled (DA) candidate means a candidate having any of the disabilities in accordance with the Persons with Disabilities Act – 1995 and as per revised Gazette of India Registered no: DL – (N)04/0007/2003-16 dated December 28,2016. The candidate will have to get the Disability Certificate issued by a competent medical officer for a district or Unique Disability Identity (UDID) Card (preferred) authenticated by Medical Board of Symbiosis University Hospital and Research Centre (SUHRC). Once the certificate is found authentic and correct by the Medical Board, SUHRC, his/her eligibility will be certified under the DA category. Process to be followed for Differently Abled Candidates (DAC):

Candidates from the Differently Abled (DA) category must upload a Disability Certificate issued by a competent medical officer for a district / Unique Disability Identity (UDID) Card (preferred) / Unique Disability Identity (UDID) Card number. The candidate failing to do this will be considered under the Open Category. It is advised that all candidates who are applying under DA category upload their UDID card at the time of registration.

Note - If a candidate selects a Differently Abled Category in the Registration form and s/he requires scribe/writer facility please note SIU will not be providing scribe/writer. **The candidate has to make her/his own arrangement for scribe/writer. The qualification of scribe/writer should be a maximum 9th standard candidate or a maximum 9th standard passed candidate (Or Appearing 10th Standard). The scribe should not have completed studies beyond the 9th standard. Candidate should send the request to info@slat-test.org / info@set-test.org , on or before registration last date, in case scribe/writer is required.**

During the test, as per SIU Examination norms, a Differently Abled Candidate is provided with 20 minutes of compensatory time for every 60 minutes of the test.

- A candidate applying under any of the reserved category (Scheduled Caste/ Scheduled Tribes/ Differently Abled/ Kashmiri Migrants/ Children/wards of Defence Personnel) are mandatorily required to upload and submit relevant document issued by competent authority. Any participation at any stage of admission process by such candidate is purely provisional and always subject to verification and authentication of such relevant document.
- In case a candidate falls under more than one of the above categories (e.g. Scheduled Caste as well as Differently Abled or any other combination), he would need to select any one Category (i.e. Either Scheduled Caste OR Differently Abled in the case of example mentioned above) at the time of filling up the registration form. The category selected by the candidate at the time of filling the registration form will be considered to be his category for the entire admission process and his benefits and entitlements shall be according to such selected category. He will not be able to claim benefit under the other category/s at any stage of admission on any account whatsoever.
- Please also note that if any information provided by the candidate in respect of his category is found to be incorrect, the University shall have right to cancel the candidature of such candidate.

D. Reservation of seats for Nagpur Domicile (SLS, Nagpur, SCMS, Nagpur and SIT, Nagpur):

- 25% (Twenty-five percent) seats are reserved for candidates domiciled in Nagpur.
- Meaning of 'Nagpur Domiciled' Candidates for admission to UG programme only.
- Nagpur Domiciled' means candidates, who are domiciled in Nagpur for a period of 5(five) years as on the date of commencement of the academic year and who (a) are or will be graduates or students of Nagpur University, and/ or (b)are recipients of school certificates from the Maharashtra State Board of Secondary and Higher Secondary Education, the Council of Indian School Certificate Examinations, and/ or the Central Board of Secondary Education (CBSE)/ ICSE Board.

Research

Candidates are advised to check the eligibility criteria for the programme(s) which they are desirous to pursue. SIU/ Institute will not be responsible, if the candidate applies for programme(s) for which he/she is not eligible. Every candidate is urged to note that no donation or capitation fee is required to be paid for admission to any of the Symbiosis institutes. Parents and students are cautioned against falling prey to any such assurance/ offer by any individual or outside agency.

Reservation Policy of SIU

Following will be the reservation policy for admission to any programme (offered by any Institute) of SIU (except Symbiosis Institute of Management Studies, which has a separate policy#)

[A] Within Sanctioned Intake:

- 1] Scheduled Castes Candidates: (15% of seats within the sanctioned intake)
 - The University has provided for reservation to the extent of 15 % for all its academic programme to Scheduled Castes Candidates, as defined under Article 341 of the Constitution.
- 2] Scheduled Tribes Candidates: (7.5% of seats within the sanctioned intake)
 - The University has provided for reservation to the extent of 7.5 % for all its academic programme to Scheduled Tribes Candidates, as defined under Article 342 of the Constitution.
- 3] Differently Abled Candidates: (3% of seats within the sanctioned intake)
 - In compliance to the Government directives on Disability Guidelines issued by the Office of the Chief Commissioner for persons with disabilities vide Ministry of Social Justice and Empowerment, New Delhi notification no. 16-18/97 on 1st June 2001, The Rights of Persons with Disabilities Act, 2016 dated 27th December 2016 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, the University has made provision of reserving 3% seats for Differently Abled Category (DAC) candidates in all its Constituents.

The types of disabilities covered are: -

- (i) Vision Impairment
- (ii) Hearing Impairment
- (iii) Locomotors Disabilities
- (iv) Mental Retardation
- (v) Multiple Disabilities
- (vi) Dyslexia/ Digraphia/ Dyscalculia

4] Children / Ward of Defence personnel and their dependents

Children / Wards of Defence personnel and their dependent means children/ wards/ dependent of those Defence Personnel who are serving / retired Defence personnel from Army, Navy, Air Force. Retired Defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no. 36035/5/85- Est (SCT) dated 14 April 1987. It also includes children/ ward/ dependent of Defence personnel, who died while in service or after retirement

The University provides 5 % reservation within the sanctioned intake for Children/ Wards of Defence Personnel and their dependents in Constituents as listed below: -

- (i) [B.B.A.] (Information Technology) Honours/ Honours with Research and [B.C.A.] - Honours/ Honours with Research programme conducted by Symbiosis Institute of Computer Studies & Research (SICSR), Pune
- (ii) [B.A. LL.B.] Honours and [B.B.A. LL.B.] Honours programme conducted by Symbiosis Las School (SLS), Pune.

Note: A candidate who is interested to apply under the category "Children/ Wards of Defence Personnel" for any of the abovementioned programme, should select the category "Children/ Wards of Defence Personnel" for each programme separately.

5] Domiciled: (25% of seats within the sanctioned intake- Only in case of Constituents at Off-Campus center, Nagpur)

In accordance with Clause A of Schedule C of the Lease Deed signed between Nagpur Municipal Corporation, Nagpur and Symbiosis, Pune on 4th September, 2017, the University has reserved 25% seats against the approved intake in each programme offered at the Off-campus Centre of the University at Nagpur for Nagpur Domiciled candidates.

The definition for Nagpur Domicile is:

The meaning of 'Nagpur Domiciled' candidate, for admission to the constituents at Nagpur off campus Centre only, is a person, who is domiciled in Nagpur for a period of five years as on the date of commencement of the academic year, and who has completed 10+2 or equivalent examination from or is appearing for the qualifying examination before admission to the programme.

[B] Supernumerary Quota (Over and above the sanctioned intake):

In addition to the above reservations, the University also admits candidates under Supernumerary Quota, as follows: -

- (1) Kashmiri Migrants and Kashmiri Pandits/ Kashmiri Hindu Families (Non-Migrants) living in Kashmir valley: 02 (two) seats per programme.
- (2) International candidates: 20% of the approved sanctioned intake [International candidates includes viz. Foreign National (FN), Persons of Indian Origin (PIO), Overseas Citizen of India (OCI) & Non-Resident Indian (NRI)].

The percentage of reservations and the existence of the categories in the reservations are subjected to vary from time to time.

A candidate applying under any of the reserved category (Scheduled Caste / Scheduled Tribes / Differently Abled / Kashmiri Migrants & Kashmiri Pandits / Kashmiri Hindu Families (Non- Migrants) living in Kashmiri Valley) are mandatorily required to submit relevant document issued by Competent Authority. Any participation at any stage of admission process by such candidate is purely provisional and will always be subject to verification and authentication of such relevant document.

In case a candidate falls under more than one of the above categories (e.g. Scheduled Caste as well as Differently Abled or any other combination), he would need to select any one Category (i.e. either Scheduled Caste OR Differently Abled in the case of example

mentioned above) at the time of filling up the SET / SLAT / SITEEE registration form. The category selected by the candidate at the time of filling the registration form will be considered to be her/ his category for the entire admission process and her/his benefits and entitlements shall be according to such selected category. S/he will not be able to claim benefit under the other category/ ies at any stage of admission on any account whatsoever.

A candidate belonging to any reserved category should note the eligibility requirements carefully before applying. While it is the endeavor of SIU that a candidate belonging to SC/ST/DA category joins a programme as per the SIU norms, s/he has to meet the minimum eligibility criteria. A certain minimum level of performance in SET / SLAT / SITEEE test is required to be considered for the subsequent admission process. Please also note that if any information provided by the candidate in respect of her/his category is found to be incorrect, the University shall have the right to cancel the candidature of the candidate at any stage of the admission process. Instances of any incorrect information or process violation detected at any stage of the selection process will lead to immediate disqualification of the candidate from the selection process and he/ she will not be allowed to appear for SET / SLAT / SITEEE in the future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification will take place with retrospective effect.

* Differently Abled Category (DAC) at SIU

In compliance to Government directives on disability guidelines issued by the office of the Chief Commissioner for Persons with Disabilities vide Ministry of Social Justice & Empowerment, New Delhi notification no. 16-18/97 dated 01st June 2001 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, SIU has made provision of reserving 3% seats for Differently Abled Category (DAC) candidates in all the programmes offered by all the Institutes of SIU.

The types of disabilities covered are: -

- a) Vision Impairment
- b) Hearing Impairment
- c) Locomotors Disabilities
- d) Mental Retardation
- e) Multiple Disabilities
- f) Dyslexia/ Digraphia/ Dyscalculia

A candidate claiming admission under DAC will be provisionally admitted under the said category. Thereafter, the candidate will be required to obtain an 'Authentication Certificate'. The candidate will have to get the disability certificate authenticated by Medical Board of Symbiosis University Hospital and Research Centre (SUHRC). Once the certificate is found authentic and correct by the Medical Board, SUHRC, his/her eligibility will be certified under the DA category.

Examination and Evaluation Pattern of The University ...

Programme: The programme conducted by the University follows semester/ annual pattern. A programme means a set of pre-defined courses selected from the Course Catalogue and approved by the Academic Council of the University. Successful completion of the courses will lead to the award of a Degree or Diploma e.g. Master of Business Administration.

Dual Degree programme: 'Dual Degree programme' means a programme jointly designed and offered by SIU and a foreign partner HEI in the same disciplines/ subject areas, and at the same level. The degrees for such a programme shall be conferred by SIU and the foreign partner separately and simultaneously upon completion of the degree requirements of both the institutions. This shall not in any way be construed as two-degree programme in separate disciplines/ subject areas/ or levels being pursued simultaneously.

Joint Degree programme: 'Joint Degree programme' means a programme where the curriculum shall be designed jointly by the SIU and the collaborating foreign partner HEI. Upon completion of the programme, the degree shall be awarded by SIU and the collaborating partner HEI jointly with a single degree certificate. This degree certificate shall have both SIU and partner HEI names and logos.

Pathway programme: An arrangement is where students complete a major portion of their academic requirements of a lower degree programme at SIU, then proceed to the partner university to complete their programmes requirements and enter into a higher degree. The credits earned will be integrated into SIU's lower-level degree through Credit Transfer towards completion and award of the degree certificate.

Credit Recognition and Transfer: "Credit Recognition and Transfer" shall mean 'Credit' conferred by

a Foreign Higher Educational Institution to be recognised, quantified and included towards the credit requirements for a programme delivered by the University solely or jointly with a Foreign Higher Educational Institution and vice versa.

Programme Outcome: Programme outcome represents broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the programme through a wide range of courses and experiences.

Course Catalogue: A set of approved courses that includes the course objectives, syllabi, pedagogy and assessment approaches.

Course: A course means an individual subject that would be included from the course catalogue to become a part of the pre-defined courses of a programme e.g. Marketing Management.

Audit Course: Audit courses are the courses which are offered as additional/ optional learning opportunities over and above the programme requirements. They shall not exceed 10% of the semester credits in which it is offered and will be reflected as 'Pass' grade courses (only if, completed successfully) and would not contribute to the GPA/ CGPA.

Course Outcome: Course outcomes are statements clearly describing the meaningful, observable and measurable knowledge, skills and/ or dispositions that students will learn in the course.

Term: A term in semester pattern means one semester and in annual pattern means one year.

Semester: A semester consists of a minimum of 90 days of teaching-learning and requires about five months to complete. Any programme of 2 years duration will have 4 semesters, any programme of 3 years duration will have 6 semesters, any programme of 4 years duration

will have 8 semesters and the programme of 5 years duration will have 10 semesters.

Credit: A credit is defined as follows:

- a) 1 Credit = 12 hours of face to face contact sessions including continuous assessment as per SIU norms: not exceeding 2 hours + 3 hours for continuous assessment linked to experiential learning.
- b) 1 Credit = 30 hours of Laboratory or Studio or practical hours
- c) 1 Credit = 60 hours of Internship/ Project/
 Dissertation
- d) For courses which employ combination of practical and theory, the practical hour be converted to contact hours in the ratio of 1:2 meaning 1 face to face contact hour = 2 hours of practical (Lab and/ or Studio hours)

Assessment: The assessment includes continuous, practical (if applicable) and term-end assessment. Continuous assessment in general, is formative while the term-end assessment is summative in nature.

Continuous Assessment: The University has adopted the policy of continuous assessment, which shall be carried out by the respective constituents in accordance with the rules and regulations of the University. Continuous assessment aims at multilevel assessment and may include components like class room/ online test, surprise tests, open book test, research essay, assignments, quizzes, case studies, practical, presentations, viva and others as approved by the Board of Studies of the respective Faculty. All the components of assessment should be spread across the term.

Term-End Assessment: At the end of every term the University shall conduct 'Term-end' examination, under its supervision and jurisdiction.

Examination: The examination is the entire process

of assessment carried out at the Constituent and University level which includes both continuous and term-end assessment.

Examination Season: Each academic year is divided into two examination seasons. The October and April season is renamed as "ODD" and "EVEN" Semesters respectively. All examinations conducted for ODD Semesters will be considered as held in ODD Season. All examinations held for EVEN Semesters will be considered as held in EVEN Season. All annual Pattern exams shall be conducted in EVEN Season.

Term Not Granted/Course Not Granted (TNG/ CNG): A minimum of 75% aggregate attendance is mandatory for all students to be eligible to appear for the term end examination. If a student's aggregate attendance is below 75%, then the student will be termed as 'Term Not Granted' (TNG).

For all TNG students, course-wise attendance shall be checked. If a student has less than 75% in any course, then the CNG rule is applied and such courses are termed as 'Course Not Granted (CNG). Students who are awarded TNG-CNG shall appear for the respective courses during the examinations in the upcoming season as backlog(s). The student will have to pay backlog examination fees for the immediate and any/all subsequent attempts.

Allowed To Keep Terms (ATKT) ATKT Rules for 3 Year to 5 Year Programme

A student will attend classes of all the years with his/ her batch. The following rule will be applicable as per the total number of semesters in a programme:

DEPARTMENT OF STUDENT WELFARE

Department of Student Welfare (DSW) was established on 11th March 2010. Department of Student Welfare acts as a bridge between the University and the students. With an intention to create a home away from home, the DSW works with a holistic approach towards students' concerns. The Department of Student Welfare provides services and support to students. It extends all possible help to students in order to create a conducive environment, imbibing values, ethics and morals. The rules are framed in consonance with the University Grants Commission (Redressal of Grievances of Students) Regulations, 2023.

The Department of Student Welfare facilitates the orientation programme during the induction of the new batches of students. It is responsible for displaying information for scholarships. It leads in organizing the cultural fest for freshers at the Lavale campus and the organization of cultural events at other constituents. It facilitates study tours/ excursions arranged by constituents. The department is responsible for dealing with disciplinary matters related to students of all constituents of SIU. The Head of the Department of Student welfare shall disseminate awareness about the Code of Conduct applicable to the students of the university.

The Code of Conduct helps the University to maintain an appropriate sense of order that allows the pursuit of the University's objectives in a safe and free environment. It adheres to the rules and regulations laid down by the University to mark the boundaries of this needed order.

1.1 Code of Conduct

1.1 Preamble

Every University strives to deliver its academic programmes in an environment that is conducive to learning, critical inquiry, development of scientific temper, sensitivity towards community and respect for diversity. These have been enshrined within the mission statements of the Symbiosis International

(Deemed University) [SIU]. Students being raison d'etre for any Institution, a lot of effort goes into ensuring an enriching student experience. Discipline is an important ingredient to not only foster effective teaching-learning process, but also to ensure the safety and security of all the stakeholders including students. Any disturbance on account of student indiscipline impacts the harmony on the premises of the institute which is why institutes formulate Code of Conduct and lay down just and fair policies to inquire and decide with violation of Code of Conduct by students on its premises. It is binding upon any student, who seeks admission, to comply with the requirements of the Code of Conduct.

The Code of Conduct under these rules has been framed to foster and protect the core missions of the University, the scholarly and civic development of the students in a safe and secure learning environment, and to protect people, properties and processes that support the University and its missions. The establishment and maintenance of a community where there is freedom to teach and to learn is dependent on maintaining an appropriate sense of order that allows for the pursuit of objectives of the University in an environment that is both safe and free of invidious disruption.

Towards this end, the purpose of the Code of Conduct is to define limits of acceptable student conduct and defining violations thereof, as misconducts. Further, it lays down the disciplinary proceedings at the University within the applicable laws of the land ensuring that the actions taken are in pursuance of the same. However, the Code reserves the right of the University to take necessary disciplinary actions against the alleged delinquent in the event of him/ her having been found guilty or convicted by the appropriate authority under the law to which s/he is subjected.

Hence, rules are necessary to mark the boundaries of this needed order in the form of this Code of Conduct.

1.2 Applicability

The Code of Conduct is applicable to all students, admitted to the programme at all Constituents of the University at its main campus/ off-campus/ off-shore campus, pursuing degree/ diploma/ certificate programme through full-time/part-time/ distance /open and online learning mode(s) and includes all oncampus and outside campus activities. The outside campus activities shall include internship(s), training(s), outbound activities, study visits, excursions, field visits, international exchange Programmes, representation or participation in sports and other co-curricular and extra- curricular activities or festivities or any other, as prescribed by the University from time to time.

1.3 Jurisdiction

For students who feel aggrieved with the action taken by the competent authorities of the University for any breach of the Code of Conduct and who wish to avail legal recourse, the Judicial Jurisdiction shall be Pune.

1.4 Responsibilities of Students

Students are members of the University community and citizens of the state. As citizens, students are responsible to the community of which they are a part, and also, they are responsible towards the academic community of the University.

1.2 Disciplinary Misconduct (DMC)

The students are expected to maintain absolute integrity at all times, observing courtesy and consideration towards one another and acting in the best interest of the university. However, in the event of any misconduct being reported by any person against any student of the university, measures may be taken by the competent authority depending upon whether the misconduct is of major or minor nature.

Students found to have committed or to have attempted to commit the following misconduct are subject to appropriate disciplinary action under this Code of Conduct. The instances of misconduct are not

to be interpreted as all-inclusive of situations in which disciplinary action will be invoked. These instances are illustrative, and the University reserves the right to initiate disciplinary action in appropriate circumstances not set out in this article.

The University may remove the Ombudsperson from office, on charges of proven misconduct or misbehavior. No order of removal of Ombudsperson shall be made except after an inquiry made in this regard by a person, not below the rank of a retired judge of the High Court in which a reasonable opportunity of being heard is given to the Ombudsperson.

Nothing mentioned herein above in these Rules shall affect the continuance in office, during the currency of the term, of an incumbent Ombudsperson appointed under the provisions of the UGC (Grievance Redressal) Regulations, 2019; where after, the appointment of Ombudsperson shall be made as per University Grants Commission (Redressal of Grievances of Students) Regulations, 2023 University Rules.

Functions of the Ombudsperson:

The Ombudsperson shall hear appeals from the aggrieved student, only after the student has availed all other remedies provided under these Rules.

While issues of malpractices in the conduct of examination or in the process of evaluation may be referred to the Ombudsperson, no appeal or application for revaluation or re-totaling of answer sheets from an examination shall be entertained by the Ombudsperson unless specific irregularity materially affecting the outcome of specific instance of discrimination is indicated.

The Ombudsperson may avail assistance of any person, as amicus curiae, for hearing complaints of alleged discrimination;

The Ombudsperson shall make all efforts to resolve the grievances within a period of 30 (thirty) working days of receiving the appeal from the aggrieved student(s).

Anti-ragging Mechanism:

To maintain the physical and psychological health of its students, Symbiosis International (Deemed University) has set an anti-ragging mechanism as per UGC guidelines. It includes dealing with rowdy, undisciplined acts that cause or are likely to cause annoyance, hardship, psychological harm, and fear or apprehension in any fresher or any other student (s).

University Monitoring Cell, Campus wise Anti Ragging Committee, Campus wise Anti-Ragging Squad, Mentoring Cells are constituted by all the constituent Institutes of the University at the end of each academic year.

The Anti-Ragging Committee may punish a student found guilty of ragging one or more of the following punishments:

- Suspension from attending classes and academic privileges
- Withholding/withdrawing scholarship / fellowship and other benefits
- Debarring from appearing in any test/ examination or other evaluation process

- Withholding results
- Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.

Zero -Tolerance for Ragging and Sexual Harassment

MECHANISM TO STOP RAGGING

SIU takes an uncompromising stand against ragging, in line with UGC and AICTE regulations. All students and parents must submit mandatory anti-ragging affidavits. The university has dedicated Anti-Ragging Committees, Squads, and a Monitoring Committee to ensure vigilance and swift action against any reported incidents. Anti-ragging billboards with helpline details and consequences of violations are prominently displayed across campuses. Surprise inspections, CCTV surveillance, and restricted hostel access further reinforce a safe environment. Students are urged to report any concerns through SIU's online complaint portal. The contact details in this regard are mentioned in each SIU campus spread across its 42 campuses.

MECHANISM TO STOP SEXUAL HARASSMENT

SIU maintains a strict stance against sexual harassment, adhering to UGC regulations and the POSH Act, 2013. The university has a dedicated Internal Committees (IC) at its each Campus for complaint redressal, along with a Gender Sensitization Cell, the Samvedana Committee, a comprehensive Gender Policy, and a structured Gender Sensitization Action Plan. Awareness programme, workshops, CCTV surveillance, and restricted access measures ensure a safe campus environment. SIU also provides an Online Grievance Redressal System on its website for easy and confidential reporting, reaffirming its commitment to gender equity and a harassment-free campus. The

contact details in this regard are mentioned in each SIU campus spread across its 42 campuses.

DEPARTMENT OF SPORTS AND RECREATION AND WELLNESS (DSRW)

Sports and Games are essential components of human resource development, helping to promote good health, comradeship and spirit of healthy competition. This in turn has positive impact on holistic development of personality of the Youth who is the potential source of energy, enthusiasm and inspiration for development, progress and prosperity of a Nation. Symbiosis International (Deemed University) established its University Sports Board in 2010 and the Department of Sports, Recreation & Wellness (DSRW) was established in 2019. The DSRW particularly is responsible for the development of sports infrastructure, fitness testing for students and staff as well as excelling in National Sports Tournaments. The emphasis is on Physical Literacy for our students, faculty and staff for lifelong improvement in their quality of life. The Department provides access to state of art playfields and Gymnasiums at all campuses, fitness and wellness programme, multiple group classes, sports competitions and counselling.

Objectives of the SIU Sports Board

- To promote and provide extensive opportunities for participation in Inter Institute and Inter University sports competitions.
- 2. To provide equal opportunities and encouragement to all students for participation in sports at all levels
- 3. To strive for Regional, National and International excellence and prominence in Sports
- 4. Offer a range of programme to advocate and promote Health and Wellbeing among all stakeholders
- 5. 5. To develop maintain and optimally utilize sporting infrastructure and gymnasiums across all campuses
- 6. 6.To recognize, felicitate and award individuals excelling in sports.

Activities at the Department of Sports, Recreation & Wellness

• Infrastructure and facilities

On campus sports and recreation facilities are some of the best and offer many outdoor recreation options for all. We boast of 13 indoor and outdoor fitness centres, Tennis Courts, Basketball courts, Volleyball Courts, Futsal Courts, Football Field, Cricket Field, Indoor Badminton Hall, Squash Courts, Gymnasiums, Swimming Pools, Yoga and Aerobic studios, meditation centre and offer many group classes, Coaching facilities, Yoga for rejuvenation and stress management and options to participate in outbound programmes and competitions at all levels.

• Inter Institute Championships and Participation in Inter Varsity Competitions

Inter Institute Competitions are conducted in 19 sport disciplines and from amongst them teams are selected and coaching imparted so as to represent Symbiosis International University at the Inter Varsity Competitions. Tournaments for staff are also organized annually.

Assessment of Physical Fitness

Standard Fitness tests are conducted every year to have a base level understanding of Physical Fitness standards of all students, faculty and staff, analyze data, suggest interventions and offer free counselling and personal training.

• Mass Sporting and Physical Activity events

Emphasis is given to large scale one-of its kind Mass Sporting and Physical Activity events which are Live events, highly visual and very inspiring. These are accessible and welcoming for all ages, shapes and paces. They work towards personal wellness rather than fitness and build confidence rather than competitiveness. Some examples are Happy

Healthy campus (a 3 hour activity taking you back to school, Rhythmic activity, fitness challenges and adventure sport with 500 to 1200 participants), International day of Yoga (at all 13 campuses), Symbi-Fit (Competition to showcase your fitness with 400-500 participants) Institutional Social Responsibility (Fitness challenge for children from underprivileged schools), Fitness for Freedom Run (a run to celebrate the Independence day) and several Fitness challenges that are held at our gyms located in every campus.

• Innovative activities:

These activities provide the variation and challenge that everyone is looking for and include – Sports dating (Exercising with a person of your choice), Activity breaks (Short Rhythmic activities 5-7mins in academic meetings, conferences in offices etc.), Yoga Pop ups on the screen, Stair Snacking (using the stairs to improve fitness), 10,000 steps challenge and the 108 days Yoga challenge.

Symbithon

Symbithon is a run/walk event organized to raise public awareness of NCDs, with particular emphasis on exercise and fitness as a component of preventing and managing these diseases. It aims to create healthy

working, learning and living environments for students, staff and the community at large, encourage, inspire and motivate youth from varied backgrounds to improve their health through running and exercise. Symbithon had participation of more than 7800 students and staff in each of its five editions covering 21 countries.

• Credit Courses

Courses in Physical fitness, Wellness are offered as floating credit courses and value-added courses in the existing Post Graduate and Under Graduate programmes. Health & Wellness – Module II: Sports,

Fitness & Yoga course is a 30 hours mandatory course for full-time Undergraduate / Postgraduates students to be completed once in the academic life cycle of their programmes.

SLS, Pune offers a 5-year BA BBA LL.B. (Hons.) program. It is one of the pioneer institutions in the country to offer a five-year integrated programme to foster a culture of academic excellence among students. There is an emphasis on an interdisciplinary approach in the study of law to equip the students with skill and knowledge and to equip them to perform various roles of a professional lawyer beyond the traditional role of litigation linking their domain knowledge to the legal profession.

• Bachelor of Laws

SLS, Pune has re-introduced the three-year LL.B. programme from 2014 which has received an overwhelming response. The three-year programme is designed to impart professional legal competence to students from diverse educational backgrounds. The objectives of the programme are as follows:

- a) To equip the students with legal knowledge of various legal spheres and skills to perform various roles of a legal professional beyond the traditional role of a litigator for linking their domain knowledge to the legal profession.
- b) To give them an edge over their competitors to lead so that the opportunities to shape social, public, and corporate enterprises, such as the state, community organizations and social enterprises, become justice sentinels and justice crusaders seek them out.
- c) To provide hands on experience in legal knowledge, skills, ethics, and values to be able to work in a fast-changing India set in a globalizing world by learning law in a profound way in keeping with contemporary

developments.

- d) To build competence to find, identify, and interpret the law in a given situation.
- e) To enhance knowledge and enable them to resolve legal problems with the correct application of law.
- f) To enable them to deploy IT skills and use electronic resources to find legal information.
- g) To demonstrate cognitive skills, problem-solving skills, analytical and independent critical thinking with enhanced research capabilities by using different pedagogical methods and collaborative online international learning.
- h) To help cultivate the ability to appreciate the role of lawyers in justice education in a globalizing world sensitive to the needs of sustainability, poverty, and vulnerability.
- i) To acquaint them with the institutions of the legal systems encompassing national, regional, and international levels and multiple aspects of dispute resolution with intellectual integrity, critical thinking, and as practice-ready lawyers.

Dr. Chandrashekhar Jayvantrao RawandaleDirector

DIRECTOR'S PROFILE:

Dr. Chandrashekhar Jayvantrao Rawandale's academic journey in law began with an LL.B. from the University of Pune. Driven by a passion for International Law and Human Rights, he pursued an LL.M from Pune in 1997, followed by a second LL.M in Commercial Law from Cardiff University in the UK in 2003. Dr. Rawandale's dedication to academic excellence continued with a Ph.D. from Symbiosis International University, Pune, in 2010, focusing his research on copyright and patent paradigms for computer programs. His scholarly pursuits laid a solid foundation for a career distinguished by both depth and breadth in the field of legal education.

Dr. Rawandale's professional journey is equally remarkable, starting as a research associate at I.L.S. Law College, where he also taught the Law of Torts. He then joined Bharati Vidyapeeth's New Law College as a lecturer, before moving to Symbiosis Law School, Pune, in 2000 as an Assistant Professor. His dedication and leadership led to his promotion to Deputy Director, Symbiosis Law School, Pune in 2007, and in July 2010, he assumed the role of Director at Symbiosis Law School, NOIDA, a position he holds to this day. Dr. Rawandale's expertise has been recognized globally, and he has held prestigious visiting fellowships at Cardiff Law School, Wales-UK, Leibniz University Hannover, Germany and Jagiellonian University in Krakow, Poland. These experiences underscore his dedication to fostering legal knowledge across diverse cultural and academic landscapes.

Beyond academia, Dr. Rawandale has contributed significantly to various high-profile initiatives. He served on the 'Project Review and Steering Group (PRSG)' for the Department of Information Technology, Government of India, where he played a pivotal role in the Cyber Security Grant-in-Aid Programme. He was also a member of the Thomson Reuters Council for Legal Information and Innovation, contributing to advancements in legal information. A distinguished speaker, Dr. Rawandale has chaired conferences across Australia, Bhutan, Germany, India, Indonesia, Malaysia, Poland, Russia, Thailand, UAE, and the UK. Recognizing his contributions to legal education, the Indian National Bar Association awarded him the 'Law Professor of the Year' in 2016, solidifying his standing as a respected figure in legal academia and beyond. He was selected and felicitated by the Corporate Counsel Association of India (CCAI) with the 'Distinguished Professor in Imparting Innovative Legal Education' award on November 20, 2021.

Institute Profile:

In just fourteen years, Symbiosis Law School, NOIDA (SLS-NOIDA) has swiftly established itself as a premier institution for legal education, celebrated for its unwavering commitment to academic excellence, intellectual rigor, and leadership in the legal profession. As a constituent of Symbiosis International (Deemed University), SLS-NOIDA

extends the distinguished Symbiosis legacy to the nation's capital region. The school provides a holistic educational experience, blending theoretical learning with practical application to cultivate well-rounded legal professionals. We are delighted to share that BW Business World and BW Legal World, in their 'Law School Rankings 2024', have recognized Symbiosis Law School, NOIDA among the 'Top 10 Private Law Colleges in India' and 'Top 5 in North Zone India'!

SLS-NOIDA emphasizes the all-round development of its learners through a variety of specialized cells and societies, including the Research & Publication Cell, Moot Court Society, Legal Aid Center, Pro Bono Club, Training & Placement Cell, Debate and Quiz Society, Cultural Committee, Sports Committee, Literary Society, and others. These dynamic student-driven initiatives foster leadership and provide abundant opportunities for growth across curricular, co-curricular, and extra-curricular activities. SLS-NOIDA's innovative and interdisciplinary approach to legal education promotes a collaborative environment where faculty and students work in synergy to advance and share knowledge, employing pedagogies designed to maximize each student's potential.

Upholding its mission of 'International Understanding through Quality Education,' SLS-NOIDA regularly hosts national and international workshops, seminars, conferences, and moot courts in collaboration with esteemed academic and professional partners. Weekly seminars featuring multidisciplinary experts, legal luminaries, and industry leaders equip students with insights into real-world challenges and career readiness. The institution also emphasizes research excellence, enabling students to thrive through research projects and scholarly publications. Through hands-on activities like moot courts, mock trials, and client counselling, SLS-NOIDA cultivates skilled advocates who are well-versed in courtroom decorum.

We are delighted to announce a remarkable achievement that sets SLS-NOIDA apart as a reckoning force in global legal education! Mr. Huzaifa Hassan, a Third-Year Learner from the Batch of 2021-26 (BBA. LL.B.), has been selected as a finalist from India for the prestigious 2023-24 Global Undergraduate Exchange Program (Global UGRAD), hosted by the U.S. Department of State in partnership with World Learning. He will embark on a transformative semester in the United States in January 2024.

This accolade adds to our tradition of excellence, as our learners have achieved this honor consistently over the past three years. Mr. Pravar Dennison, from the Batch of 2020-25 (BA. LL.B.), completed a semester in the U.S. as a 2022-23 Global UGRAD finalist, while Ms. Yashassvi Periwal, another Third-Year Learner, represented India in the 2021-22 Global UGRAD Program. We are immensely proud of these outstanding students who continue to bring global recognition to Symbiosis Law School, NOIDA, showcasing the exceptional talent and leadership of our learners on an international platform.

Programmes Profile:

SLS-NOIDA offers two five years integrated undergraduate programmes, namely, BA. LL. B (Bachelor of Arts and Bachelor of Laws) and BBA. LL. B (Bachelor of Business Administration and Bachelor of Laws).

• Bachelor of Arts and Bachelor of Laws (B.A. LL.B.):

In today's rapidly evolving world, the integrated Bachelor of Arts and Bachelor of Laws (BA. LL.B.) program is more relevant than ever. Legal professionals must navigate increasingly complex societal issues where the intersection of law, politics, and social sciences plays a crucial role. The program prepares students to address modern challenges by offering a comprehensive understanding of how the law interacts with the critical social, economic, and political

factors shaping our society today.

The B.A. LL.B. curriculum not only focuses on the historical and theoretical foundations of law but also emphasizes the real-world application of legal principles to contemporary issues. The demand for socially conscious, well-rounded legal professionals will only grow as we move into the future. This program aims to create the next generation of legal leaders—individuals who are not only well-versed in the law but also profoundly attuned to the societal issues of our time, equipped to drive positive change and uphold justice in a globalized world.

• Bachelor of Business Administration and Bachelor of Laws (B.B.A. LL.B.): -

In today's fast-paced, multifaceted world, success demands a blend of legal expertise and business acumen. Our integrated Bachelor of Business Administration and Bachelor of Laws (BBA. LL.B.) program uniquely equips students with a solid foundation in law and business, preparing them for modern legal and corporate landscape complexities. With the rise of multi-national corporations, the need for professional's adept in legal frameworks and management principles is higher than ever, and this program meets that demand with a multidisciplinary approach. We carefully craft the B.B.A. LL.B. curriculum to provide students with an in-depth understanding of law and core business principles such as management, finance, and marketing. This powerful combination not only prepares students to thrive in competitive environments but also enables them to drive productivity and innovation. Our graduates emerge with the skills necessary to navigate and excel in legal and corporate settings, ready to embrace the vast opportunities in today's dynamic, global economy.

Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process:

Candidates must register for the Online Symbiosis Law Admission Test (SLAT) 2025 to initiate the admission process. In addition to SLAT registration, candidates should register for their preferred programs at SLS-NOIDA by paying the respective program registration fees. Shortlisted candidates will be required to participate in the subsequent admission process conducted by SLS-NOIDA.

The selection process comprises two phases. Initially, candidates will be shortlisted based on their SLAT scores. We will invite those who qualify for a Personal Interaction (PI). The final merit list will reflect a combination of the SLAT score, accounting for 70% of the total, and the performance in the Personal Interaction, which constitutes 30%. We will base the assessment on a cumulative score out of 100 marks, scaling the SLAT score to 70 marks and evaluating the PI performance out of 30.

Orientation and Pedagogy:

Symbiosis Law School, NOIDA (SLS-NOIDA) is ushering in a transformative legal education era characterized by innovative learning methodologies, interdisciplinary knowledge, and a dynamic educational environment. Our unique pedagogical approach emphasizes theoretical understanding and the practical application of legal principles. We are committed to providing a highly interactive classroom experience featuring instruction from distinguished academicians and esteemed legal professionals.

At SLS-NOIDA, we recognize that comprehensive legal training extends beyond traditional lectures. Therefore, we prioritize the development of courtroom etiquette, research acumen, and advocacy skills through various experiential learning opportunities, including moot courts, mock trials, trial advocacy, pre-trial preparation, drafting of pleadings, and client counselling. We weave research into the fabric of our curriculum, emphasizing interdisciplinary collaboration among academic faculty, students, and industry partners. Contributions from members of the judiciary, the bar, the corporate sector, and international experts further enhance our commitment to excellence.

We utilize a Cumulative Grade Point Assessment (CGPA) system, which incorporates ongoing internal assessments alongside an external examination conducted at the end of each semester. Internal evaluations include diverse methods such as projects, tutorials, case analyses, essays, seminar presentations, viva voce, quizzes, drafting exercises, and simulated interviews. The open-book examination format promotes a deeper understanding of legal concepts, encouraging students to engage critically with the material rather than relying solely on memorization. By implementing these rigorous standards, SLS-NOIDA aims to prepare its students for the complexities of the global legal landscape, ensuring they emerge as competent and socially responsible legal professionals.

Dr. Sunil George

Director Symbiosis Law School, Hyderabad

Institute Profile

Symbiosis Law School (SLS), Hyderabad, was established in 2014 as a constituent of Symbiosis International (Deemed University), Pune, inheriting splendid novelty, dynamism and excellence in education. It is founded on pillars of Expertise, Justice, and Service and is committed to imparting quality legal education confirming acclaimed international standards. SLS, Hyderabad, is cocooned in the upcoming educational zone with state-of-the-art infrastructure catering to the impending needs of the student community. It is located in Modallaguda Village, Nandigama Mandal,Ranga Reddy District in the state of Telangana, near Hyderabad, 45 minutes away from the international airport.

SLS-Hyderabad shares expertise in imparting quality legal education through competent and well-qualified teaching staff, techno-driven research culture, Internationalization, centres of excellence, training and skill enhancement programmes, etc. It is committed to contributing to the state's justice mission by initiating pro-bono activities to help poor and marginalized people. Further, it endeavours to create value-conscious skilled lawyers with par excellence, serving the community's dynamic needs through Bar and Bench.

SLS Hyderabad strives to inculcate research aptitude in learners by constantly acquainting them with historical judgments, case analysis/discussions, and legal web bases. The learners at SLS-Hyderabad are adept at courtroom etiquette and advocacy skills through the courtroom and related exercises such as Moot Court, Mock Trials, Alternative Dispute Resolution, Drafting, Pleadings, Client Counseling and Simulation exercises. We have on board luminaries of the highest merit to share the expertise and responsibility of grooming our learners into dynamic lawyers of tomorrow. SLSH is always in the process of grooming student leadership nurtured by faculty mentorship.

We at SLS Hyderabad strongly emphasise research and publications through various law journals, in-house student magazines, and research projects where students contribute to fostering their professional growth. The institute's social agenda includes the Legal Aid Centre and Digital Aid Centre to promote digital and legal awareness around campus. SLS Hyderabad believes in orienting students' intellect towards attaining their goals by creating an environment of innovative learning and interdisciplinary knowledge. The faculty and the students work together towards the accretion and dissemination of knowledge. The pedagogy is designed to haul out the best in each student. To add to the experience of the students and the faculty, SLS Hyderabad organizes weekly lectures delivered by multi-disciplinary academicians, legal luminaries, corporate heads, and experts at the bar and bench. These lectures are instrumental in providing the students with the challenges awaiting their careers. Theoretical learning coupled with practical exposure provides the right blend of success for SLS Hyderabad learners.

Admission for an undergraduate course in Symbiosis Law School, Hyderabad, is through the Symbiosis Law Admission Test (SLAT), which is a common entrance test for the admission processes of undergraduate law institutes of Symbiosis International (Deemed University). The entrance test is followed by a Personal Interaction (PI).

Orientation and Pedagogy

At SLS Hyderabad, the teaching methodology is essentially learner-centric and research-oriented, strengthening students reflective and critical thinking skills along with value - -orientation. Modern teaching methods are used in a convergent manner along with the lecture method. These include classroom presentations, group discussions, seminars, webinars, conferences, case studies, the Socratic method, the project-based method, and computer-assisted learning and experiential learning.

There are thirty-five active centres of specialization and skill-based training cells functioning under the headship of the faculties of Symbiosis Law School, Hyderabad to provide research-based education, get a practical understanding of the subfields of law, enhance the knowledge of particular sub-fields based on the interest of the students and utilize the leisure time of the students productively. Also, legal luminaries and industry specialists hold inspirational and instilling talks regularly.

The CGPA assessment method is followed through ongoing internal assessments, and an external examination system is followed at the end of each semester. The students are also part of the Research Cell and are engaged in various research activities. We strictly adhere to appropriate standards of relevance, responsibility, ethics, and originality, encourage academic independence and are committed to supporting students in pursuing their research agenda. SLS, Hyderabad, provides a platform that seeks to maximize the opportunities for individuals to produce outstanding work, whether independently or in collaboration with other researchers.

The curriculum and pedagogy are designed around the latest quality initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders, including academicians, bar and bench members, corporate sector experts, governmental bodies and international experts.

Symbiosis Law School, Hyderabad (SLSH) is pleased to share the successful completion of our Online Certification Program on "Basics of Investment and Securities Market - Market Ka Eklavya," held on 21st January 2025, under the aegis of Centre for Finance, Accountability, Corporate Governance and Transparency (C-FACT) in collaboration with National Securities Depository Limited (NSDL).

Dr. Sukhvinder Singh DariDirector

DIRECTOR'S PROFILE:

Prof. (Dr.) Sukhvinder Singh is the Director of Symbiosis Law School, Nagpur, and has been a dedicated member of the Symbiosis family for nearly two decades. He has been with Symbiosis Law School, Pune, since 2007, and has also served at Symbiosis Law School, NOIDA (since its inception in 2010), Symbiosis Law School, Hyderabad (since its inception in 2014), and Symbiosis Law School, Nagpur (since its inception in 2019). At Symbiosis Law School, Hyderabad, he served as Deputy Director and later as Officiating Director, contributing significantly to the institution's academic and administrative development. His extensive experience across these institutions has provided him with a rich and diverse perspective on legal education, enabling him to make valuable contributions to the development of each institution.

Prof. Singh holds a Ph.D. in Corporate Laws from Symbiosis International University, Pune, and an LL.M. in Business Law from Symbiosis Law School, Pune. He has further enhanced his expertise with diplomas in Human Resource Management & Labour Laws and Corporate Mergers and Acquisitions, broadening his legal knowledge across multiple domains.

Prof. Singh has been a resource person at various national law schools, government departments, police academy, UGC HRDC (University of Hyderabad), and other distinguished forums. His academic contributions extend to his active membership in the Board of Studies, Academic Council, Internal Committee for Differently Abled, Library Committee, and the Board of Examination at Symbiosis International University, Pune.

He teaches a wide range of subjects including Corporate and Commercial Laws, Constitutional Law, Contract Law, Jurisprudence, and Labour Laws, while also guiding Ph.D. scholars and supervising research at both undergraduate and postgraduate levels. Prof. Singh has completed various funded and non-funded research projects at national and international levels. He has chaired and attended numerous national and international conferences, with a special focus on company law and corporate governance. His research interests are widely reflected in his publications, with several national and international papers and articles in leading journals and books.

Prof. Singh's dedication to academia is matched by his contributions to social advocacy. He was awarded a Certificate of Appreciation by the Disability Rights Advocacy Group (DRAG) for his tireless efforts towards the rights of persons with disabilities. He has also been honored with the "Academic Excellence" award at the Legal Desire Summit & Awards and a Certificate of Excellence for his involvement in the International Paris Summit on Climate Change, organized by the Centre for United Nations.

Prof. Singh is deeply committed to providing students with a transformative legal education that blends academic rigor with real-world skills, preparing them to excel in their careers and become responsible leaders in the legal field. He is committed to fostering an environment where law students are encouraged to think critically, act ethically, and make positive, meaningful contributions to society, shaping them into responsible and impactful legal professionals.

INSTITUTE PROFILE:

Symbiosis Law School (SLS), Nagpur, is a premier institution of legal education, inspired by the visionary leadership of Dr. S.B. Mujumdar, Chancellor of Symbiosis International (Deemed University), Pune. Upholding the ancient Vedic principle of Vasudhaiva Kutumbakam — "The World is One Family" — SLS Nagpur is dedicated to developing globally competent, socially responsible, and ethically-driven legal professionals who will thrive in an increasingly complex world.

Our flagship programs — the B.A. LL.B. (Bachelor of Arts and Bachelor of Laws), B.B.A. LL.B. (Bachelor of Business Administration and Bachelor of Laws), and the Master of Laws (LL.M.) with various specializations — are designed to equip students with a comprehensive understanding of the law, blending rigorous academic theory with practical legal skills. The B.A. LL.B. and B.B.A. LL.B. programs lay a strong foundation in legal education, while the LL.M. offers advanced legal knowledge and expertise in a range of specialized fields. These programs are delivered by a team of highly qualified and passionate faculty members who bring a wealth of experience, ensuring that our students receive an education that is both innovative and industry-relevant, preparing them for successful careers in law.

SLS Nagpur's state-of-the-art campus is designed to foster holistic development, offering modern academic, sports, and cultural facilities. The institution's commitment to academic excellence is complemented by its cutting-edge research culture, where technology and global collaborations enhance the learning experience. Students have access to resources that empower them to excel in both theoretical knowledge and practical application.

Beyond the classroom, SLS Nagpur emphasizes experiential learning through moot court competitions, internships, workshops, and interactions with legal professionals, judges, and international jurists. These hands-on experiences allow students to apply their learning in real-world settings. Community engagement is at the heart of SLS Nagpur's mission. Through legal aid clinics, community lawyering, and social justice initiatives, students gain invaluable experience while contributing to society. These initiatives underscore the institution's commitment to fostering socially responsible legal professionals.

At SLS Nagpur, we encourage participation in national and international legal competitions, creating a stimulating environment where students are motivated to push their boundaries and achieve excellence. By providing a platform for competitive learning, we aim to nurture well-rounded, value-conscious lawyers who are equipped to meet the challenges of a dynamic and evolving legal landscape.

Symbiosis Law School, Nagpur, is not just a place of learning but a community where innovation, excellence, and social responsibility converge. With our strategic location, strong industry connections, and commitment to student development, SLS Nagpur is the ideal destination for those who aspire to make a meaningful impact in the legal field.

Dr. Adya SharmaDirector- SCMS, Pune

Director's Profile:

Dr. Adya Sharma is a dedicated professional with over 25 years of experience. Her extensive practical experience in the corporate world seamlessly integrates with theoretical knowledge, enhancing academic pursuits. She has also been connected to the industry as a corporate trainer in many companies. An avid researcher, she has also written research papers in reputed journals, including Scopus-indexed journals. She is also the editor of the book titled 'Marketing Techniques for Financial Inclusion and Development' by IGI Global.

Dr. Sharma has actively participated in international academic collaborations and mobility programs. She has visited universities in the A4+ Consortium in Spain through the University of Pompeu Fabra (UPF) mobility program under the Erasmus grant. Under her leadership, SCMS Pune has been awarded the Shastri Conference and Lecture Series Grant (SCLSG). She has introduced Collaborative Online International Learning (COIL) to provide students with international exposure.

In line with the National Education Policy (NEP) 2020, Dr. Sharma successfully implemented a four-year BBA programme from AY 2023-24. She has also been the second supervisor for Master thesis of students conducted under Berlin School of Economics and Law, Germany. She is PhD, NET qualified, double Post Graduate and an alumnus of St Stephens College.

Institute Profile:

Symbiosis Centre for Management Studies, Pune, was set up in the year 2004 and is a constituent of Symbiosis International (Deemed University). The Bachelor of Business Administration (BBA) Honours/ Honours with Research program at SCMS Pune, in line with NEP 2020, offers a full-time, four-year graduation program spread over eight semesters that aims at transforming a student into a socially responsible global corporate citizen.

The learning experience is further enriched by the diversity of students from different parts of India and the world. SCMS Pune has a multitude of clubs, which are all managed by the students and cater to the collective need for individual expression of creativity and well-being.

SCMS Pune also provides opportunities for International Exposure through the University's Global Immersion Programme (GIP). SCMS, Pune, was one of the first Institutes to initiate the process of COIL (Collaborative Online International Learning) in SIU. The track record for placements has been rising over the years. Students can choose from Multinational Companies to Start-ups. SCMS Pune has a dedicated Placement Division, which hand-holds the students right from the start to the final selection process. The progression agreement with Massey University, New Zealand and Aston University, U.K. also provides an opportunity to students for higher education.

SCMS Pune, with its intensive and updated syllabus, skill building, research orientation, and a wide range of additional modules, enables the students to take the next career step of their choice.

Students at SCMS, Pune are not just academically brilliant but also develop sensitivity and respect for the community around them. The social internship is an integral part of programme structure. The Institute also offers the students opportunities for research. We provide our students the bridge that helps them cross over from school to either the Corporate World or to Higher Education in prestigious institutions.

Orientation and Pedagogy

Learning at SCMS Pune happens both inside and outside the classroom. The medium of instruction for all the courses (except foreign languages) is English. The curriculum is designed to ensure that classroom learning is interspersed with Case Studies, Project work, Role Plays, Simulation, Presentation, Article Reviews, Assignments, Experiential learning, Asynchronous classes, Business Games, and field trips, wherever necessary. MOOCs from other premier bodies are an integral part of classroom certifications and hence are woven in the curriculum. All this ensures that by the end of the course the students get a strong theoretical base and the ability to link theoretical concepts with prevalent Management Practices.

Dr. Sreeram GopalkrishnanDirector

Director Profile

Dr. Sreeram Gopalkrishnan has over three decades of experience in the Corporate, Industrial and Education sectors. He is a PhD in Mass Communications, MS in Communications, MBA from NMIMS and has attended Executive Programmes at the IIM Ahmedabad and IndianOil Institute of Petroleum, as well as Mudra Institute of Communications & Advertising (MICA). He has a UGC NET Lectureship qualification and published research papers in leading peer-reviewed and Scopus Indexed (Q1 & Q2) Management and Communications Research Journals.

Dr Sreeram started his career in the IT Industry in 1988 as a sales professional, during the initial days of the boom in the information technology sector in the country, before getting into the media industry as a Scriptwriter and Copywriter in companies like OS Studios & RK Swamy BBDO. Having worked in the industry, he moved to the corporate sector, joining Fortune 500 company IndianOil. Recognised as a fast-tracked Probationary Officer, he rose to senior leadership positions in the conglomerate, pan India, handling major projects and pioneering several innovative initiatives in the organisation.

His shift to academics and educational sector was subsequent to his growing interest in academics & research and the completion of his research thesis on Image Management (Phd). Soon after, he received the prestigious Best MBA Faculty award in 2016, from the premier Bombay Management Association. In 2017, he joined Symbiosis International University and is presently the Director and Professor at Symbiosis Centre for Media and Communication and visiting faculty at the Symbiosis Institute of Business Management, Pune for Film Marketing. Dr. Sreeram's research interests are in Computational Propaganda, South Indian Cinema Studies, Film Marketing, Scientific Temper and Religion & Media.

Institute Profile:

Widely acclaimed as India's premier mass communication college, Symbiosis Centre for Media & Communication (SCMC) has been successful in carving a niche for itself in the field of media and communication education since its inception in 2008. SCMC is a Department of Symbiosis International University (SIU), under the Faculty of Media & Communication (FoMC) and offers two programmes - in Mass Communication and Media Management Through our programme, Bachelor of Arts (Mass Communication) - Honours / Honours with Research and Bachelor of Business Administration (Media Management) - Honours / Honours with Research, we offer a comprehensive learning experience through traditional academics & research, as well as cyber & experiential learning. We are the only media education institute in India to offer specialization / courses at the undergraduate level supported by

extensive coursework, academic sessions by professionals with years of industry experience, immersive internships and projects.

Our intake process is highly competitive with acceptance rate of 7-8% and a multi-level and multi task competence through a screening procedure that includes an entrance test and personal interaction. Our mission is to nurture their natural talents and aptitudes; equip them with technical knowledge and skills; and prepares them for the media industry or further education, whichever they choose, post their graduation.

SCMC core faculty members possess years of industry, academic and research experience, while our visiting and guest faculty are active media professionals. Together, they help the students gain an understanding of real-world scenarios and of the changing demands of the industry, and to create networks within the media community.

We also ensure that we have the resources and infrastructure to back up classroom learning with practical, hands-on experience needed for each of our programme specializations. Our classrooms are acoustically sealed miniauditoriums, with state-of-art projection and sound systems. We have a professional-grade AV studio and pre and post-production audio and video laboratories, journalism labs, AV Labs along with a photo studio and computer lab equipped with the latest software. SCMC has a robust placement record and our alumni are spread across the media sector in India and around the world. Many have gone on to pursue higher education or research; and are excelling in their chosen fields.

The definition of media has undergone a radical change in recent times. The shift is not merely technological, but that of perception of society about media. The media industry needs leaders and change makers and we pride on ourselves as leaders in media education and our core mission is to create exceptional communicators and future ready professionals, capable of understanding, responding to and actively engaging with global issues that need attention.

Dr. Jyoti ChandiramaniDirector
Dean, Faculty of Humanities and Social Sciences

Director's Profile:

Prof. Jyoti Chandiramani has more than 38 years of experience in teaching and research. She is presently the Director of Symbiosis School of Economics and the Dean Faculty of Humanities and Social Sciences at Symbiosis International (Deemed University), Pune – India. She teaches Urban Economic Development and Urban Mobility at the Masters level.

Besides writing a few textbooks, she has jointly edited a book with Ramanath Jha on 'Perspectives in Urban Development: Issues in Infrastructure, Planning, and Governance.' Her areas of research interest include Urban Infrastructure, Urban Transport, and Urban Poverty, and she is presently working on Pune-centric cases. Besides, she keenly studies and follows trends in International Development Cooperation – from the MDGs to the SDGs. A number of Ph.D scholars have been awarded their Ph.D under her guidance, with some scholars presently being guided by her. She has undertaken various research projects and consultancy in collaboration with NIUA, NABARD, ITDP, Sulochana Thapar Foundation, and reputed think tanks in India.

Institute Profile:

Symbiosis School of Economics (SSE), established in 2008, is an integral part of Symbiosis International (Deemed University), which has achieved NAAC Grade 'A++'. Symbiosis International (Deemed University) is ranked between 801 and 1000 globally in the overall category, 437th in Citation globally, and 23rd among Indian Universities by the Times Higher Education World University Rankings 2023.

With more than five decades of contribution to education, research and development, Symbiosis has established itself as an undisputed leader in education, creating quality resources. Symbiosis School of Economics seeks to develop intellectual discipline, critical thinking and analytical assessment, ultimately resulting in rational thinking and knowledge of the current economic climate. It strives for an educational environment committed to excellence and academic freedom.

Symbiosis School of Economics offers graduate and postgraduate programmes in economics. The course content is rigorous, with a descriptive and investigative approach to connect students with all aspects of economic areas, focusing on micro, macro and global paradigms. We endeavor to develop intellectual and professional competencies among students and equip them with skills that include innovation and pragmatism in problem-solving. With the evolving scope for creativity, originality and student initiatives, Symbiosis School of Economics provides its students with a fulfilling journey of academic pursuits.

Programme Profile:

At Symbiosis School of Economics, integrating research, academics, relevant opportunities, extracurricular activities, skill development programs, internationalization, and enhanced engagement into the course, creates a unique programme that provides the students with the right skills. The well-designed course structure has an everevolving curriculum that includes continuous assessments in the form of term papers and reports. Specifically, the Research Methodology course teaches students the applications of various qualitative and quantitative research methods. The programme's pedagogy is diverse and includes classroom discussions, field visits, guest lectures, seminars, workshops, assignments, and internships.

Dr Nidhi PhutelaDirector

Director's Profile:

Dr. Nidhi Phutela is a University Position holder in her MBA from Punjab Technical University, Jalandhar, Punjab and has been playing a key role in the domain of research, training and teaching in the discipline of Marketing for more than two decades. She is working as the Director with Symbiosis Centre for Management Studies, NOIDA; a constituent of Symbiosis International (Deemed University), Pune where she facilitates overall administration. Here, she has also contributed in designing and implementing innovative teaching pedagogies. She has conducted several corporate training programs and workshops in universities of repute. She was also invited as a guest in the programme on Door darshan.

Apart from her academic and administrative responsibilities, Dr. Phutela is also passionately working in the domain of sensitizing social responsibility amongst students by designing and implementing empowerment projects for the underprivileged. She has spearheaded 'Project Utthan' - Financial Literary Project; 'Project Parivartan'-Soft Skills Education Project, 'Project Sahyog' - Women Empowerment Project and 'Project Udaan' - Empowerment of Acid attack survivors, to enhance the confidence and belief of the students along with several Plantation drives. She has been appreciated for her active role and participation in the projects by the NGOs - Parimal Pathshala, Vrikshit Foundation, Incentive Foundation, Chhanv Foundation to name a few.

Institute Profile

Symbiosis Centre for Management Studies, NOIDA, a constituent of Symbiosis International (Deemed University), Pune began its operations in December 2010. Based in the National Capital Region, we impart quality management education at the undergraduate level. With a focus on the holistic growth of the students, the institute has reached the milestone of being one of the best BBA colleges in Delhi National Capital Region. Students at SCMS NOIDA come from diverse cultures and backgrounds, hailing from various states in India as well as abroad. This diverse cohort of learners' exchange ideas and thoughts leading to greater understanding and appreciation of cross-cultural aspects. In the quest for excellence, the programme offers a well-designed curriculum which is well complemented by internships and projects that meets the industry requirements. The curriculum is designed to provide students with a global exposure, incorporating international case studies, collaborations with institutions abroad, and opportunities for exchange programs to broaden their academic horizons.

SCMS NOIDA nurtures academic excellence along with the holistic development of its students. BBA Honours/ Honours with research program focuses on developing skills beyond the classroom, including skills like leadership, creativity, communication and teamwork to make them industry ready. The adoption of innovative teaching pedagogy makes the learning experiential and application-based. Learning by doing is the core pedagogy adopted by the highly qualified and experienced faculty members. Experiential learning, internships, and practical projects

are being emphasized to ensure that the students gain real-world skills and knowledge that they can apply directly in their careers.

Collaboration with industry leaders and regular interactions with professionals ensure that the students are well-acquainted with the latest trends and practices in the corporate world. This corporate exposure enhances their employability and prepares them for the demands of the corporate world. The students are instilled with a sense of social consciousness so that they contribute positively to society. Through community service initiatives, social entrepreneurship projects, and awareness campaigns related to sustainability, students are fostered with a spirit of empathy with an aim to make them responsible citizens.

Considering the importance of physical and mental health, there are comprehensive support systems to address the physical, mental and emotional wellbeing of our students. Counselling services, wellness centre and stress management workshops are knitted in the student's campus life to ensure that they thrive both academically and personally. By combining these elements, students get a transformative educational experience that equips them with the requisite knowledge and skills along with the values and attitudes needed to become responsible global citizens and ethical business leaders. Apart from the curriculum, the institute also encourages the students to pursue their passion and participate in co-curricular activities like cultural activities, sports, and inter-business school business competitions.

Programme Profile

Bachelor of Business Administration (BBA) Honours/ Honours with Research:

While pursuing BBA Honours/Honours with Research at SCMS NOIDA students will gain business knowledge along with relevant skills, which facilitates their holistic development. Orientation and Pedagogy

At SCMS NOIDA, future business leaders are exposed to a number of academic and extracurricular activities for holistic development. BBA (Honours/ Honours with research) programme is delivered as per the Choice Based Credit System (CBCS), which provides flexibility to the students in exercising their choice for courses offered in various specializations. The institute has a strong faculty with a unique academic and industry blend. With an optimum faculty-to-student ratio and adoption of various student-centric pedagogies in an experiential learning setup, the engagement among the students is effective. Continuous evaluation during the course ensures that students are abreast of relevant and contemporary business practices, which is in line with the prescribed curriculum. Projects, assignments, live projects and market research are blended with the regular classroom sessions for robust learning. In the first year of the programme, students are introduced to core courses to ensure a strong foundation in the business environment. Specializations are introduced in the second year. Students are encouraged to take up additional value-added courses which complement their learning.

Emphasis is laid on introducing the culture of entrepreneurship and social responsibility, the curriculum focuses on these areas to drive young leaders to think along the lines of being self-reliant and, at the same time, take socially conscious business decisions.

Initiatives in internationalization of education provide global exposure to the students. International Exchange Programs, Global Immersion and Summer Schools at Universities like Deakin University, London School of Economics, Dauphine University, Arizona State University, University of British Columbia help the students to enhance their global competencies.

Infrastructure / Facilities:

SCMS NOIDA is located amidst the IT and knowledge hub and has proximity to Delhi International Airport. The Institute has a sprawling campus at NOIDA with easy connectivity to all the major cities. The Wi-Fi campus has spacious air-conditioned classrooms equipped with audio-visual aids. The seminar hall, conference halls, library and reading room, computer laboratory, auditorium, cafeteria, fully equipped gymnasium and place for outdoor / indoor games truly makes the campus a sought-after learning hub by national and international students. It is a place where progressive management thoughts evolve, witnessing a few business ideas transforming into successful start-ups.

Dr. Shweta Sinha DeshpandeDirector

Director Profile:

Dr. Shweta Sinha Deshpande has a Ph.D. in Archaeology and has contributed to archaeological and associated anthropological research through an interdisciplinary and multidisciplinary approach. She has been associated with Liberal Arts education for more than a decade and has an in-depth and a keen understanding of this model and the value addition this model offers to the world and India's growing population dividend, the globalized industry and the service sector. Her current research focus is on Globalization and its influence on the socio-cultural space including religion, trends in migration, education and development. The thrust of her research is on interactions between individuals and cultures, both modern and ancient. Her work has led her to conclude that the key to understanding current social issues is to recognize the often-unrealized cultural baggage that people carry.

She has authored many research articles and books, and was the founding President of the India Big History Association and a founding Member of the Society for South Asia Archaeology (SOSAA). She currently serves on the Editorial Board of Migration Letters, an international journal on migration, and is a member of the Executive Committee of the Nehru Science Centre, Mumbai under the Ministry of Culture, Government of India.

Institute Profile:

Established in 2011, SSLA offers a wide spectrum of 23 specialisations from diverse fields such as Social Sciences, Humanities, Natural Sciences, Computers, Mathematics and Statistics, and professional courses like Media and Business Studies. The awarding degree is dependent on the student's major area of specialisation. Major specialisation implies that students have to pursue 10 papers in the chosen field, whereas minor specialisation requires students to study 6 papers in it.

Apart from the major and minor specialisations, SSLA's distinctive programme structure offers mandatory core courses which help students develop research, critical thinking and analytical skills. More than 150 elective courses are also present in the institute's in the institute's bouquet of offerings. In order to ensure that the students avail themselves of the many academic opportunities at SSLA, Extra courses and Audit courses are also offered across specialisations (with specific minimum academic prerequisites/requirements). With an inter-multi and transdisciplinary approach, SSLA offers an education that weaves together various disciplines that are not traditionally or typically offered at the undergraduate level. SSLA thus provides a complete liberal arts education.

In the dynamic world that we live in, the demand for skill sets in the economy and employment sector is everchanging. These skill sets outlined in the World Economic Forum, range from problem solving to working with people, self-management to using and developing technology. These are areas that SSLA has been nurturing its students in, over the past decade. SSLA's graduates become global citizens who possess multicultural world views, are open-minded and have been taught to appreciate the greater similarities and minor differences in people and cultures across the globe.

Through SIU, SSLA has strong international partnerships which lead to student and faculty exchanges. This not only leads to knowledge sharing, cultural exchanges, and exchange of ideas, but also provides an opportunity for students to gain immense confidence in themselves and the education system that they are a part of, as this exposure makes them realise that they are at par with the best in the world! Some of our international partners are:

Bournemouth University, UK

Deakin University, Australia

DePaul University, USA

Teesside University, UK

SSLA is a space which allows students to express themselves in constructive and creative ways. The various clubs at SSLA provide avenues to such expression.

Another pathway of expression are the various student publications at SSLA, which range across a variety of areas – from theatre, to music, news, politics, international relations – to name a few!

SSLA also has very active sports teams across various forms of games.

Apart from these, there are various annual events at SSLA. While some are academic in nature such as the International Gender Conference and a collaborative conference with the International/Asian and Indian Big History Association; some events on the other hand are cultural in nature. Theatre productions through SSLA Presents, or the Red Carpet, which is SSLA's very own version of the Oscars are two such major events! The Symbiosis Literary Festival is organized and hosted by SSLA, while ICE by SSLA is the student Inter Collegiate Event. With students, faculty and staff all working shoulder to shoulder to make these events a success, these too contribute to the learning curve for the students at SSLA.

Programme Profile:

Symbiosis School for Liberal Arts (SSLA) is India's first liberal arts college to offer a four-year full-time degree in:

Bachelor of Arts/Bachelor of Science (Liberal Arts) Honours with Research

Bachelor of Arts/Bachelor of Science (Liberal Arts) Honours

The four-year full-time degree programme offered by SSLA, takes forward the ethos of NEP 2020, which helps students learn to make critical connections among diverse subjects, modes of thinking, and view major decisions within a broader social and historical perspective. It allows faculty and students to engage with, understand and reconcile a wide range of ideas, viewpoints, and perspectives within several disciplines. It seeks to provide a cultural orientation to the world in which we live, and equip students with ideas, analytical and communication skills, global perspectives, as well as the ability to synthesize knowledge and make informed value judgments.

Students majoring in Anthropology, Business Studies, Economics, English, History, International Relations, Media Studies, Philosophy, Education, Political Science and Public Policy, Psychology or Sociology, together with the Research Project, will be awarded the degree of **Bachelor of Arts (Liberal Arts) Honours with Research.**

Those pursuing the majors mentioned above, but without the research project, have the option of pursuing an additional internship or two additional courses from the major area of specialisation. The degree awarded will be **Bachelor of Arts (Liberal Arts) Honours.**

Similarly, students majoring in Mathematics and Statistics or Computer Studies, Applied Environmental and Sustainability Science along with the Research Project, will be awarded the degree of **Bachelor of Science (Liberal Arts) Honours with Research.**

Those pursuing the above-mentioned majors, but opting for an additional internship or two additional courses from the major area of specialisation, will be awarded the **Bachelor of Science (Liberal Arts) Honours degree.**

Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

A candidate needs to register for the Rolling-Cycle-Based Admission (RCBA) process, which will begin in January 2024 and close in June 2024.

Admission to SSLA is based on a comprehensive assessment, which takes into consideration SOP, LORs, 8th-11th scores, extra-curricular activities, Writing Ability Test (WAT) scores, and Personal Interaction (PI) scores.

Admission Process:

The SSLA UG Admissions follows two entry pathways - the Symbiosis Entrance Exam (SET) and the Non-SET Rolling Admissions Process (RAP). Candidates have the choice to opt for either of the above processes to seek admission to SSLA.

- Both processes follow independent timelines
- Seats for each of the processes are earmarked separately. 50% of the total intake is through SET and 50% through RAP

Admission through the RAP process -

- Registration is open from September to December and PI is conducted on a rolling basis, approximately at twoweek intervals on designated dates.
- This ensures that the admission process for the candidate is complete within a maximum of 4 weeks from the initiation of filling out the online form to payment of the admission fee.
- Candidates have to fill the online registration form, upload the required documents, (10th and 11th grade marksheets, one LoR, and SOP, and pay the requisite registration fee.
- PI for the applicant is conducted after completion of the application and payment of registration fee.
- Applicants have to opt from the designated dates for online Pl.
- Applicants have to appear for the online PI on the opted dates. Communication for the PI process is sent through email to the registered email ID. Appearing for PI is mandatory to be considered for final selection.

The final selection process carries weightage for all components listed during the application process including 10th, 11th grade marks, LOR, SOP & Pl.

The Registration fee for the RAP is INR 2500/

Admission through the SET process -

Register online on the website www.set-test.org (Registration closes on April 12, 2025 (Saturday)). Note: No changes shall be permitted after the registration under any circumstances.

A candidate can appear for SET on both the dates May 05, 2025 (Monday) and May 11, 2025 (Sunday). If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation.

Upload your latest colour passport size photo at the time of Online Registration. (Your photograph should not be more than 04 months old and should match the photo uploaded during registration).

Ensure that the information you have filled is accurate. No changes shall be permitted after the registration under any circumstances. Candidates are fully and solely responsible for providing correct information during the application process. If it is found that any information provided by the candidate at the time of filling/submitting the application form is not true, SIU has the right to cancel the application or admission at any stage, in accordance with its rules and regulations. Any direct or indirect attempt to influence the process will not be entertained.

All communication with candidates will be done through the official email addresses (info@set-test.org and no-reply@set-test.org) only. Please ensure that these email addresses are whitelisted in your registered email.

Institute Profile:

Symbiosis Centre for Management Studies, Nagpur is a part of a 52-year-old legacy called 'Symbiosis'. Symbiosis International (Deemed University), headquartered in Pune is a multi-disciplinary university offering its students and faculty a vibrant learning ecosystem designed around its multi-cultural and innovative ethos. The university is based on the Vedic thought of - "Vasudhaiva Kutumbakam" meaning 'The World is one Family'. Established in 1971 by Prof. Dr. S.B. Mujumdar, Symbiosis is a 'home away from home' for international students of more than 85 countries.

SCMS, Nagpur is a constituent of Symbiosis International University, Pune and was established in 2019 in the city of Nagpur. Nagpur is situated almost at the geographical centre of the country called the 'Zero Mile'. It is also called as the 'Orange City'. Nagpur is surrounded by jungle and many wild animals. It is considered as the 'Tiger capital of

India'. The sprawling 75-acre campus is situated in Wathoda area.

SCMS, Nagpur offers a 4-year BBA programme (3+1) which is in accordance with NEP 2020. The Academic Excellence we provide to our students is our greatest strength. We have a strong team of research-oriented faculty members who impart theoretical as well as application-oriented education. The teaching pedagogy includes experiential learning, class activities, debates, group discussions, practical tasks, life-long learning and life skills.

The programme framework allows options to pursue major, minor courses and opportunity to pursue multidisciplinary, ability and skill enhancement courses. By providing training in multidisciplinary courses like foreign languages, film appreciation, photography, MS Office, law, and design, we work towards a holistic development of our students. Apart from this, we focus on employability skills, entrepreneurial skills and inclination towards higher studies or research.

BBA at SCMS, Nagpur also provides opportunities for semester exchange programmes with foreign universities like Hoshchule University, Germany, HWR University, Germany, IESEG University, France, LBU, UK to name a few.

Our students are trained to meet the "Graduate Attributes" defined by SIU. We attempt to align with those "Graduate Attributes" through a variety of innovative teaching-learning techniques and activities like presentations, seminars, workshops, conferences, fests, contests, etc. Our cells, clubs and committees are students driven which give them first-hand experience on planning, organising, directing and controlling. Life at SCMS, Nagpur is the right balance of academics, experiential learning and fun! We welcome you!

Institute Profile:

Symbiosis Centre for Management Studies. Bengaluru (SCMS-B) is a constituent of Symbiosis International (Deemed University), Pune, and began its operations in November 2021. Based in Electronic City, the IT hub of Bengaluru, the institute employs a vibrant academic approach that enables learners to choose topics from a variety of areas. The unique curriculum combines business studies with data sciences and analytics to transform students into skills-driven business managers.

Programme Profile:

Bachelor of Business Administration (BBA) Honours/ Honours with Research

The BBA program is a four-year and eight-semester full-time graduate program that strives to develop students into socially conscious responsible corporate citizens. This program, with its comprehensive and up-to-date curriculum and a large selection of optional modules, will enable students to pursue higher education at prestigious business institutions in India and overseas or to enter the corporate sector.

Bachelor of Business Administration (Dual Degree, Honours/ Honours with Research)

Deakin University, a renowned Australian university, and Symbiosis International (Deemed University) SIU, a leader in higher education in India through a new initiative have launched a dual degree offering from the year 2024. The dual degree agreement allows students enrolled in Symbiosis Centre for Management Studies, Bengaluru (SCMS-B), a constituent of Symbiosis International (Deemed University) to articulate into Deakin University, with recognition for prior learning achieved at SCMS-B. This offering will allow students to study first two years

at SCMS-B and the subsequent two years at Deakin University. After two years at each institution, students earn dual degrees, combining Deakin's global connection and research excellence with Symbiosis's dynamic learning environment.

This 2+2 dual degree program will allow the students to obtain a Bachelor of Business Administration degree from SCMS-B and a Bachelor of Business Analytics degree from Deakin University. At SCMS-B the students will be offered exciting options to pursue majors, minors, multidisciplinary, and Ability and Skill enhancement courses. Students can choose majors and minors from Marketing, Finance and Human Resources. As the students transition to Deakin University, they will be exposed to a world of analytics, offering them a basket of core and elective units. The new offerings will extend brilliant opportunities for ambitious Indian students to get a four-year work visa (Extension is subject to the policy changes of the Australian Government), opening avenues for global career outcomes. The ease of mobility and accessibility is being facilitated by the two institutions in alignment with their commitment to providing quality education, skilling, and research pathways to help shape successful future outcomes for Indian students.

Dr. K P Venugopala Rao Officiating Director

DIRECTOR'S PROFILE:

Dr. K P Venugopala Rao is an academician with a wealth of experience in teaching, research, and academic administration. He holds a Doctorate in Commerce from Osmania University and has degrees in Law and Education. His thesis, which explored the area of Commodity Derivatives in India, reflects his deep understanding of the subject matter.

With over two decades of experience in the field, Dr. Venugopala Rao has held various academic and administrative positions in renowned educational institutions. He has taught and conducted research at esteemed universities such as Osmania University and Kakatiya University.

Dr. Venugopala Rao is an accomplished researcher with several publications in various national and international peer-reviewed journals. His interests are mainly in Accounting, Taxation, and Capital Markets.

Dr. Rao actively promotes innovative teaching pedagogy to make learning more effective and engaging for students. He is a member of BoS in Banking and Finance at Symbiosis International (Deemed University). As the officiating director for Symbiosis Centre for Management Studies, Hyderabad, he is committed to nurturing the next generation of business leaders and managers with a focus on innovative teaching pedagogy, research, and academic excellence.

Institute Profile:-

SCMS Hyderabad established in 2022, the institute nurtures future managers to adapt to the ever-evolving business environment and solve business predicaments compassionately. As envisioned by our Honorable Chancellor, Prof (Dr.) S. B. Mujumdar, the students are trained to work towards making the world a better place with fire in their belly, passion, and compassion in their mind and their heart respectively.

At SCMS Hyderabad, the Bachelor of Business Administration (Honours/ Honours with Research) program is offered, which is designed with insights from academia and industry experts. This comprehensive management program is an excellent opportunity for candidates to pursue their passion for business after completing their 10+2 education. Students can tailor their education to their interests and career goals with various specializations, like Finance, Marketing, Human Resource, Entrepreneurship. The highly qualified faculty members adopt a multi-disciplinary approach in imparting education emphasizing practical, hands on learning experience. Students are engaged in real-time projects, helping them acquire 21st century skills effortlessly.

Another area of focus is Internationalisation. With businesses going global, grasping the diverse practices and understanding the culture is essential. To make it possible, the institute provides the cohort with diversity not only in gender but across nationalities. Inbound international students are pursuing the program at the institute. Additionally, the student exchange programs, immersion programs, and celebration of national and international festivals provide a rich learning experience of working with a diverse population.

SCMS Hyderabad is located on a 40-acre campus in the serene environment at Mammidipally, on the outskirts of the historic city of Hyderabad. The fully residential campus has world-class infrastructure and facilities in a safe environment which helps foster academic and personal growth. The holistic approach to the BBA program nurtures well-rounded individuals ready to tackle future challenges with passion, determination, and a sense of responsibility toward society.

- Dean, Faculty of Engineering, Symbiosis International (Deemed University)
- Director, Symbiosis Institute of Technology, Pune
- Head, Symbiosis Centre for Applied AI (SCAAI)

Dr. Ketan Kotecha is a globally celebrated researcher and educator in artificial intelligence, deep learning, computer algorithms, and machine learning. An alumnus of IIT Bombay, he is recognized among the top 2% of scientists worldwide, a distinction awarded by Stanford University. With an illustrious career spanning over three decades, Dr. Kotecha has left an indelible mark on AI research, evidenced by 450+ Scopus-indexed publications, 21 patents, and over 11,000 citations.

Adedicated mentor, Dr. Kotecha has guided 25 PhD scholars, advancing Al research across diverse domains. He has grabbed more than 20+ fundings as PI amounts to over INR 15 crores from prestigious national and international organizations. He actively collaborates with top-tier global universities, including Arizona State University USA, Brunel University UK, Aston University UK, Swinburne University Australia, and the University of Milan, Italy. His expertise has earned him invitations to deliver lectures at over 25 esteemed institutions, such as Imperial College London, Cambridge University, and RUDN University in Russia. Further recognition of his contributions includes appointments as Visiting Research Professor at Aston University (UK) and Swinburne University (Australia), as well as Visiting Professor at UCSI in Malaysia.

Dr. Kotecha's influence extends beyond academia. As Dean of Engineering at Nirma University for seven years and Vice-Chancellor of Gujarat's largest university for three years, he spearheaded transformative changes. Currently, as Dean of Faculty at Symbiosis International University, he has secured substantial funding for groundbreaking initiatives, including the INR 30 crore Bajaj Engineering Skills Training Centre and a cutting-edge INR 50 lakh 5G use-case lab in AI telemedicine. Recently, established Maker lab which is sponsored by Infosys at Symbiosis Institute of Technology. He also worked as CEO of Technology business incubator sponsored by DST for 3 years. He is founding Head of Symbiosis Centre for Applied Artificial Intelligence.

Bridging academia and industry, Dr. Kotecha has provided consultancy for leading organizations like Philips, Avegen UK, ArcOne USA, and Dassault Systems. His visionary leadership, innovative research, and commitment to applied artificial intelligence continue to drive advancements, inspire critical thinking, and shape the global future of education and technology.

Institute Profile:

Symbiosis was established by Prof. (Dr.) S. B. Mujumdar in 1971 with the motto of 'Vasudhaiva Kutumbakam' – the World is one Family and has been providing quality education in different disciplines like Law, Management, Computer Studies, Media and Communication, Humanities and Social Sciences, Medical and Health Sciences, Engineering and Architecture & Design. Today, Symbiosis has over 45,000 students from all the states of India and from over 85 countries. On 6th March 2022, Symbiosis proudly celebrated its Golden Jubilee, graced by the presence of the Hon'ble Prime Minister, Shri Narendra Modi Ji, as the chief guest. During the event, he also inaugurated the prestigious 'Symbiosis Aarogya Dham'.

Symbiosis Institute of Technology, a constituent of Symbiosis International University was established in the year, 2008 and currently offers B. Tech and M. Tech programmes.

B. Tech programmes in Civil Engineering, Computer Science and Engineering, Electronics and Telecommunication Engineering, Mechanical Engineering, Artificial Intelligence and Machine Learning, Robotics and Automation.

M. Tech programmes in Artificial Intelligence and Machine Learning, Robotics and Automation, Engineering Management, Geo-informatics and Surveying Technology, Automotive Technology.

Research programmes leading to Ph. D. Degree in all disciplines were introduced in the Faculty of Engineering of Symbiosis International University in 2010.

With NBA-accredited programs and NEP-2020 aligned curriculum SIT, Pune emphasizes both fundamental principles and advanced technological knowledge. The institute boasts high-quality infrastructure, multimedia classrooms, state-of-the-art labs, high-end computing facilities with the latest software, a modern library with digital media and databases, as well as auditoriums, seminar halls, separate hostels for boys and girls, and extensive playgrounds.

Symbiosis Institute of Technology, Pune campus also hosts the Bajaj Engineering Skills Training (BEST) Centre, Telecommunications Consultants India Limited (TCIL) funded 5G lab and Infosys Makers lab to upskill engineering graduates in the contemporary and evolving technology landscape.

The institute fosters a dynamic learning environment, facilitating industry collaborations, global immersion programs, and honours courses, ensuring holistic development through exposure to diverse fields and hands-on projects. The institute has international collaborations for student and faculty exchange with esteemed universities worldwide. These include Institute Mines-Telecom Business School, University College Dublin, KTH Royal Institute of Technology, Sumy State Agrarian University, University of Ghent, Kütahya Dumlupinar University, North China University of Technology, RUDN University, Leibniz University Hannover, and University of Leeds. These partnerships provide diverse opportunities for academic growth and global exposure. The institute offers dual degree and academic progression programs in partnership with esteemed universities, including Loughborough

Establishment of Entrepreneurship Cell & MoU signed with TIE Nagpur on 4th Nov 2023 The institute's long-term connections across academic and corporate circles help the student identify and pursue a niche early in their career, thus giving them an edge in this time of fierce competition. The Institute's robust industry connections with leading companies have significantly enhanced collaborations, resulting in placement packages reaching up to an impressive 50 LPA!

The holistic curriculum at SIT Pune comprises subjects such as Creative Thinking, Design Thinking, Critical Thinking, Liberal Arts, Service Learning, etc. besides core engineering subjects to realize the dream of Prof. Dr. S. B. Mujumdar Sir, Chancellor of SIU and founder of Symbiosis, of creating Global Engineers. Another advantage that the tech-enabled pedagogy of SIT, Pune helps with is familiarity with technology which will strengthen the resumes of the students in today's hybrid and tech-enabled working environment. The institution also provides the students to grow into leading academics as well as entrepreneurs, with platforms such as Symbiosis Centre for Entrepreneurship & Innovation (SCEI), a business incubator, funded and recognised by the government of India. A special diploma from SIBM and courses from other Symbiosis Institutes are offered to the students. The online courses from Coursera, MOOC, SWAYAM etc are offered to the students to enhance the quality education.

With its holistic approach to education, industry-oriented curriculum, global collaborations, and focus on innovation and entrepreneurship, Symbiosis Institute of Technology, Pune continues to shape future-ready engineers, empowering them to excel in their chosen fields and contribute meaningfully to the global technological landscape.

Programme Profile:

Bachelor of Technology

- 1. Civil Engineering: The department aims at imparting high-quality education and producing industry ready professionals in Civil Engineering. Conducive environment, up-to-date course curriculum, latest laboratory equipment and software training is apt for all round development of a future Civil Engineer and ensuring the students are Industry ready by the end of their 4 years' programme.
- 2. Computer Science and Engineering: The department endeavours to impart quality education to students in the areas of computer science and engineering. The department has very competent faculty to teach advanced topics of Cloud Computing, Internet of Things, Cyber Security, Artificial Intelligence and so on.
- **3. Electronics & Telecommunication Engineering:** The department teaches core subjects of E&TC, offers a range of subjects as electives and facilitates industrial projects, all of which prepare the students for a career after their basic degree. Efforts are made to impart as much project-based learning as is feasible.
- **4. Mechanical Engineering:** The department aims at imparting a high-quality education and producing industry ready professionals in Mechanical Engineering. The curriculum also includes multidisciplinary courses aimed at producing professionals with broader domain of knowledge.
- **5. Artificial Intelligence & Machine Learning:** The primary aim of this department is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of Artificial Intelligence.
- **6. Robotics & Automation:** Robotics and automation are considered as one of the integral and significant parts of Industry 4.0. In the current era, automated machines like robots have turned out to be extremely beneficial

for various sectors - starting from assisting humans around the house to industrial applications like assembling and packing products and helping doctors in performing complex surgeries. This new development has opened a door for enormous opportunities for the skilled and trained professionals.

Intake

B. Tech Programme (4 Years full time)

Bachelor of Technology (Civil Engineering)
 Bachelor of Technology (Computer Science and Engineering)
 Bachelor of Technology (Electronics & Telecommunication Engineering)
 Bachelor of Technology (Mechanical Engineering)
 Bachelor of Technology (Artificial Intelligence & Machine Learning)
 Bachelor of Technology (Robotics & Automation)
 120 Students
 120 Students

Eligibility:

Bachelor of Technology (Civil Engineering):

Passed 10+2 examination with Physics, Chemistry and Mathematics as compulsory subjects.

Obtained at least 45% marks (40% marks in case of candidates belonging to reserved category) in the above subjects taken together.

OR

Passed D.Voc. Stream in the same or allied sector.

(The University will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for the students coming from diverse backgrounds to prepare Level playing field and desired learning outcomes of the programme).

Lateral Entry to Second Year:

Passed Minimum Three years/ Two-year (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.

OR

Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks in case of candidates belonging to reserved category) and passed 10+2 examination with Mathematics as a subject.

OR

Passed B. Voc/ 3 -year D.Voc. Stream in the same or allied sector.

(The University will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for the students coming from diverse backgrounds to achieve desired learning outcomes of the program)

Degree from a recognized University as defined by UGC, shall also be eligible for admission to the first year Engineering Degree courses subject to vacancies in the first-year class in case the vacancies at lateral entry are exhausted. However, the admissions shall be based strictly on the eligibility criteria as mentioned in a, b, c, and d above.

• Bachelor of Technology (Computer Science and Engineering):

Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of Chemistry/ Computer Science/Electronics/ Information Technology/Biology/Informatics Practices/ Biotechnology/Technical Vocational subject/ Agriculture/ Engineering Graphics/Business Studies / Entrepreneurship. Obtained at least 45% marks (40% marks in case of candidates belonging to reserved category) in the above subjects taken together.

OR

Passed D. Voc. Stream in the same or allied sector. (The University will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for students coming from diverse backgrounds to prepare Level playing field and desired learning outcomes of the programme).

Lateral Entry to Second Year:

Passed Minimum Three-years/Two-year (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.

OR

Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks or equivalent grade for Scheduled Caste / Scheduled Tribes) and passed 10+2 examination with Mathematics as a subject.

OR

Passed B. Voc /3-year D. Voc. Stream in the same allied sector. (The Constituent will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for the students coming from diverse backgrounds to achieve desired learning outcomes of the programme).

• Bachelor of Technology (Electronics & Telecommunication Engineering):

Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of Chemistry/ Computer Science/ Electronics/ Information Technology/Biology/Informatics Practices/ Biotechnology/Technical Vocational subject/ Agriculture/Engineering Graphics/Business Studies / Entrepreneurship

Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservations of Seats: As per University norms.

Admission Process

Through Symbiosis Institute of Technology Engineering Entrance Examination (SITEEE):

A candidate aspiring to take admission to the First year of B.Tech. programs at the Symbiosis Institute of Technology, Pune, Symbiosis International (Deemed University) [SIU] can appear for the Symbiosis Institute of Technology Engineering Entrance Examination (SITEEE 2025) which is conducted at multiple Test Centers across the country.

Step 1- Paid Registration, Documents Uploading and Preference Selection

- Registration can be done online at the SITEEE registration link available at www.sitpune.edu.in as well as settest.org websites.
- The registration process includes:
- Entering basic information of candidates
- Select SITEEE test dates
- Select test center options

- Institute Selection
- Selection of branch preferences
- Uploading relevant document category certificate (if applicable) only for SC/ST/DA/KM candidates
- Payment for SITEEE examination and for SIT Pune
- Select test center options
- Candidates have to click the submit button after uploading documents in the registration portal. Candidates failing to do so are not included in the merit list (branch allocation).

Step 2- SITEEE Exam- SITEEE 2025 will be conducted in Computer Based Test (CBT) mode on May 05, 2025 (Monday) and May 11, 2025 (Sunday), 11.30 am to 12.30 pm across 80 cities in India.

Step 3 - SITEEE results declaration - candidates can check their result and download scorecard from the respective link available on www.sitpune.edu.in as well as set-test.org websites.

Step 4- Merit Listing (Branch Allocation)

Candidates who have registered and paid for SIT Pune and appeared in SITEEE examination will be eligible for merit listing.

Merit listing process:

- Candidates are allotted branches based on their respective entrance examination scores, branch preferences, and availability of seats in the different branches.
- Candidates having higher scores are allotted their respective higher preferred branches. Candidates having lower scores are allotted their respective lower preferred branches.
- Merit listed candidates are given 5 days (from the date of merit list declaration) to confirm the branches allotted to them by paying the first installment of academic fees
- Emails are sent to merit-listed candidates that mention the branch allotted to them, along with a link to download the offer letter and to pay the first installment of academic fees within 5 days of receiving the offer letter email.

Step 5- Fees Payment- Merit listed candidates can confirm the branch allotted to them by paying the 1st Installment of Academic Fee within 5 days of merit list declaration. Modes of payment are online as well as offline (Demand Draft). Payment via cheque and cash are not accepted.

Step 6- Documents Verification (only for category candidates)

- Category certificates are verified for applicable candidates.
- If any discrepancy is found while verifying the documents, the concerned candidate's application is removed from the current merit list and considered in the next merit list. In such cases, a separate communication is made to the candidates.

Step 7 - Waitlist / Branch Change (if required)

Branch change option is available to candidates after payment of the first installment of fees. Candidates who do not pay the first installment of fees within five days of receiving the offer letter are automatically waitlisted in their higher preferred branches in the subsequent merit lists.

Step- 8 Hostel Allocation

After fee payment, interested candidates can register for hostel allotment at SIT Pune campus (optional). Guidelines for Documents Uploading

- Upload one PDF file for each mandatory document (Entrance Exam Scorecard, SC/ST/DA/KM certificates, if applicable), having scans of both sides/all pages of the document.
- Ensure that the uploaded document PDFs contain clear and readable scanned pages of the required documents.
- Ensure that you save and click the submit button after uploading documents in the portal. Candidates failing to do so will not be included in the merit listing (branch allocation).

Through JEE (Main) / Any State Government Engineering Entrance Examination/ As per AICTE Eligibility Rules

A candidate aspiring to take admission to the First year of B.Tech. programs at the Symbiosis Institute of Technology, Pune, Symbiosis International (Deemed University) [SIU] can also apply based on his/her JEE (Main) / Any State Government Engineering Entrance Examination score(s) (2025) / As per AICTE eligibility rules.

Step 1- Paid Registration, Documents Uploading, and Branch Preference Selection

- Registration can be done online at the registration link available at www.sitpune.edu.in
 - The registration process includes: Selection of branch preferences
 - Uploading documents
 - Aadhar card
 - Entrance exam scorecard JEE (Main) and/or Any State Government Engineering Entrance Examination
 - Category certificate only for SC/ST/DA/KM candidates
 - Registration payment
 - JEE/ASGEEE registration fee is waived off for the candidates who have paid registration fees for SITEEE + SIT Pune
 - Candidates have to click the submit button after uploading documents in the registration portal. Candidates failing to do so will not be included in the merit list (branch allocation).

Step 2- Merit Listing (Branch Allocation)

Candidates who have completed paid registration for admission via JEE (Main) / Any State Government Engineering Entrance Examination / As per AICTE Eligibility rule scores will be eligible for merit listing.

Merit listing process:

- Candidates are allotted branches based on their respective entrance examination scores, branch preferences, and availability of seats in the different branches.
- Candidates having higher scores are allotted their respective higher preferred branches. Candidates having lower scores are allotted their respective lower preferred branches.
- Merit listed candidates are given 5 days (from the date of merit list declaration) to confirm the branches allotted to them by paying the first installment of academic fees
- Emails are sent to merit-listed candidates that mention the branch allotted to them, along with a link to download the offer letter and to pay the first installment of academic fees within 5 days of receiving the offer letter email.

Step 3- Fees Payment- 1st Installment of Academic Fee - Merit listed candidates can confirm the branch allotted to them by paying the 1st Installment of Academic Fee within 5 days of merit list declaration. Modes of payment are online as well as offline (Demand Draft). Payment via cheques and cash are not accepted.

Step 4- Documents Verification

- Entrance scorecards will be verified only for JEE (Main) / Any State Govt. Engg. Entrance Exam fees paid candidates, to check the scores mentioned during registration.
- Category certificates will be verified for applicable candidates.
- If any discrepancy is found while verifying the documents, the concerned candidate's application will be removed from the current merit list and considered in the next merit list. In such cases, a separate communication will be made to the candidates.

Orientation and Pedagogy

Method of Instruction

The Institute utilizes an effective and interactive teaching-learning process, incorporating the latest teaching aids such as multimedia and Al-based learning techniques. The curriculum has been developed in alignment with the National Education Policy (NEP), addressing the present and future needs of the industry and higher education. Teaching is conducted in state-of-the-art smart classrooms equipped with modern digital tools to enhance learning outcomes. Teachers adopt a Student-centered approach by preparing session and evaluation plans with rubrics, along with detailed presentations, lab manuals, and learning resources, which are uploaded on Moodle to ensure transparency and effectiveness in the teaching-learning process. The Institute fosters industry co-teaching by involving experts from the corporate sector in delivering course content and practical insights. This approach ensures that students gain hands-on knowledge and are better prepared for real-world challenges.

Industry Connect Cell at Symbiosis Institute of Technology, Pune

The Industry Connect Cell at Symbiosis Institute of Technology (SIT) Pune is a pivotal initiative designed to bridge the gap between academic learning and industry requirements. The cell is dedicated to enhancing students' readiness for the professional world through a variety of targeted activities and programs. Here are the key components of the Industry Connect Cell:

Industry Visits and Internships:

Objective: To provide students with first-hand experience of industrial operations.

Activities: Regularly organize visits to leading companies and facilitation of internships that offer practical exposure and insights into industry practices.

Guest Lectures and Workshops:

Objective: To keep students updated with the latest trends and technologies.

Activities: Inviting industry experts to conduct lectures and workshops, ensuring that the academic curriculum is complemented with current industry knowledge.

Live Projects and Research Collaborations:

Objective: To enhance practical learning and research skills.

Activities: Providing opportunities for students to engage in live projects and research collaborations with industry partners, fostering an environment of innovation and practical problem-solving.

Corporate Meets and Conferences:

Objective: To maintain strong industry connections and stay informed about the latest developments. Activities: Facilitating regular interactions through seminars, corporate meets, and conferences. These events provide a platform for networking and knowledge exchange between students, faculty, and industry professionals.

Objectives of the Industry Connect Cell:

The Industry Connect Cell at Symbiosis Institute of Technology, Pune aims to foster industry-academia collaboration by building strategic partnerships with industries to bridge the gap between academic learning and real-world applications.

The cell enhances student employability through internships, placements, and an industry-aligned curriculum, which integrates industry inputs to ensure relevance with current technologies and practices. It also encourages innovation and entrepreneurship through student start-ups, hackathons, and mentorship. The cell promotes applied research collaborations, facilitates faculty development, and supports global industry engagement. Additionally, it creates platforms for knowledge sharing on emerging trends and technologies and focuses on social responsibility by partnering with industries for sustainable and community-driven initiatives.

a. Research and Development

SIU started Ph.D programme in Engineering from the academic year 2010-2011. Presently 474 students are pursuing their Ph.D from faculty of Engineering. 112 students have been awarded Ph.D. till date. SIT has taken various initiatives to mobilize the available knowledge resources for research and innovative solutions. SIT operates in cooperation to identify and initiate applied as well as multi-disciplinary research projects, create and combine patentable Intellectual Property (IP) components, and work to deliver funded research projects.

Research equipment and facilities have been established at SIT to carry out high quality basic and applied research. Faculty members are motivated to send research proposals in emerging areas to funding agencies within India and abroad. They also have a large number of publications in referred journals (SCOPUS and Web of Science) and are actively engaged in publications. Many papers were presented by the faculty and students in conferences held in India and abroad. Faculty and students have published more than 2924 papers in refereed journals in the year 2024, all of them are either in SCOPUS indexed or Web of Science journals. The undergraduate and graduate students also get an opportunity to work on some sub-areas of larger research problems as their major or minor projects. They also have published papers in referred journals. The Institute is in the process of augmenting necessary equipment and facilities in the identified research areas. Currently working on nine externally funded research projects and three SIU funded projects.

b. Internationalization

Internationalization at Symbiosis Institute of Technology (SIT), Pune aims to prepare students and expose faculty to become globally competent professionals. Symbiosis International University has agreements with more than 80 reputed foreign universities, of which, SIT is actively engaged with about 18 partner universities through various collaborative engagements. To facilitate a smooth transition to higher studies abroad, SIT has signed three agreements for Master's progression programs (4+1) with Loughborough University, UK, Aston University, UK and National Chung Hsing University (NCHU). Dual degree programs -B.Tech (2+2) in collaboration with University of East Anglia, UK -for B Tech (Mechanical Engg.) and with Deakin University, Australia for B Tech (Computer Science Engg.) and B Tech (Civil Engg.) will be floated from current academic year. Students are encouraged to participate in the Global Immersion Programme which includes six months Semester Abroad Programme as well as short-duration programmes (2 – 3 weeks) such as Summer Schools, Winter Schools, Industrial visits, Internships etc. in the partner Universities. Over the last four years, about 85 students have participated in various short and long-term global immersion programs. SIT faculty is actively involved in research with their international counterparts leading to 314 research articles in peer-reviewed international journals in past four years. The mobility of faculty is an important dimension of Internationalization. In the past four years, about 74 Foreign experts visited SIT for

expert sessions, workshops, etc, while about 18 SIT faculty members travelled to associated foreign universities as a part of their research/academic pursuits. Bilateral research grants worth 3 crores is being actively pursued by SIT faculty. Research scholars at SIT get the opportunity to work with globally renowned faculty through an international co-supervisor. As of now, SIT has 35+ such international co-supervisors. Internationalization, thus inculcates the spirit of 'Vasudhaiva Kutumbakam' in students and faculty alike.

Admission of International Students

The process of International Student's Admissions at SCIE (Symbiosis Centre for International Education) is designed taking into consideration the requirements and difficulties faced by International Students. The admissions are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through this office. The online admission procedure has made it accessible to each and every student from different parts of the world and in the comfort of their homes.

In addition, various support services like assistance for issues related to residence permit, orientation to the rules and regulation of the Institute, medical facilities available and other miscellaneous matters of importance and interest during their stay also provided.

Placements:

The Institute has a very well-organized placement and training cell. The infrastructure in placement cell includes a seminar hall for conducting pre-placement talks, discussion rooms, interview rooms and other necessary amenities. The cell has good associations with a large number of renowned companies who visit the institute for campus recruitments. All the students of the final year are prepared for campus interviews through special programmes on technical and soft skills, which would help them get prestigious jobs. SIT sectors, offering coveted profiles to the students of B.Tech and M.Tech. Leading companies from a multitude of sectors participated in the final placements offering 'sought-after' profiles with competitive packages. The recruiter portfolio comprised a healthy mix of recruiters from IT sectors and fast-growing start-ups. Further, few students, with their exceptional effort during their Internships and reputed corporate competitions were awarded PPOs (pre-placement offers) by highly coveted companies.

Year 2023-24 marked the presence of more than 170 companies which include a blend of IT companies, Consultancy firms, Manufacturing Units, Digital marketing firm, Edtech companies. To name a few Microsoft, IBM India Pvt Ltd, Nomura Services India Pvt Ltd, BMC Software, Palo Alto, Persistent Systems Pvt Ltd, MiQ Digital India Pvt Ltd, A.P Moller, Aeron Systems, Alliance Bernstein, Neilsoft, Brainsforce Storm, Phonepe, Bajaj Group, Credit Suisse Services Pvt Ltd, Cummins, PTC Software, Nvidia, Deloitte, DeltaX, Tresvista, DANA India, Dassault Systemes, Dure Technology, Rockwell Automation, Futures first, Sony India Pvt Ltd, Star Health Insurance, FYNDNA Techcorp, StoneX, Starkenn Technologies, Suryoday Bank, Holtec Asia, Tecnimont, Juspay, Turing, Rupify, Varroc, Verolt, Indexnine, Bharat Forge, FEV India, Equifax, Lear Corporation, SAS R&D, Mckinley and Rice, Worley, Workday, Parkar Digital, Syngenta recruited students from SIT.

Sports Events @ SIT: Bringing People Together, Sparking Passion, and Rejoicing in Wins! **A Mosaic of Sporting Excellence**

We are excited to offer a wide range of cutting-edge sporting events and activities that span several sports. Every sport celebrates skill and collaboration, from long-distance running's stamina to chess' strategic brilliance, from football's quickness to badminton's grace. We want to create a tapestry of shared successes and friendship by strengthening the links between participants from various branches and academic years.

Every Path Leads to Glory

Each event promises to be a special fusion of sportsmanship, competition, and pure joy as it happens. Some see this as the beginning of their sports career, while others see it as their last opportunity to leave their mark on the annals of victory. Sports persons are poised to display not only their physical courage, but also the spirit that embodies our sports community in a big spectacle.

Note:

- # ONLY Foreign National Students taking Admission in the year 2025 for the Batch 2025-2029, will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:
- (1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.
- (2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).
- (3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.
- (4) Concessional Mess fees are applicable to Foreign National students @560\$ as mentioned above.
- **Academic, Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.
- @Hostel fees can be increased up to 15% each year and Mess Fees can be increased up to 10% each year. Government taxes would be additional as and when applicable.
- # # 50% Concession will be given only to the Foreign National students on Administrative Fees.

- Fundamentals of Quantum Physics
- Digital Electronics and Logic Design
- Programming Paradigm and Problem Solving
- Software and Generative Al Tools
- Object Oriented Programming
- Technical and Professional Communication Skills
- · Critical Thinking
- Indian Knowledge Systems

Semester: 2 Generic Core Courses

- Linear Algebra
- Microcontrollers and Sensors
- Computer Architecture and Organization
- Software Engineering
- Python Programming
- Cyber Security
- Introduction to Environment and Sustainability
- Tinker and IDEA Lab
- Creative Thinking

Semester: 3 Generic Core Courses

- Discrete Mathematics
- Data Structures
- Operating Systems
- Database Management Systems
- Programming with JAVA
- Flexi-Credit Course
- Web Application Development
- Health and Wellness Module I

• Career Essentials - II

Semester: 4 Generic Core Courses

- Statistics and Probability

- Fundamentals of Robotics and Automation
- Robotic Process Automation

Semester: 5 Generic Core Courses

- Theory of Computation
- Cryptography and Information Security
- Data Science and Business Intelligence
- Cloud Computing
- Service Learning
- Entrepreneurship Venture
- Career Essentials IV

Generic Elective Courses Group - I (Choose Any One Course)

- Cloud Computing Tools and Techniques
- Advanced Computer Networks
- Advances in Machine Learning
- Data Warehousing and Mining
- Essentials of Augmented and Virtual Reality
- IoT Data Analytics

Multi-disciplinary Open Elective Courses Group - II (Choose Any One Course)

- Financial Mathematics
- Advanced Materials
- Optimization for ML Systems
- Deep Learning Essentials
- Sustainability Engineering-Design and Innovation
- Occupational Health and Safety Management
- Introduction to Cloud Computing
- Agile Methodologies
- Embedded System & IoT
- Basics of 5G Technology
- Electric and Hybrid Vehicles
- Six sigma

- Industrial Robotics
- PLC and SCADA

Semester: 6 Generic Core Courses

- Compiler Design
- Distributed System
- Blockchain Technology
- Flexi-Credit Course
- Organizational Behaviour
- Project Based Learning-II
- Career Essentials V

Generic Elective Courses Group - II (Choose Any One Course)

- DevOps
- Malware Analysis and Secure Coding
- Computer Vision Applications
- Pattern Recognition
- Advanced Databases
- AR and VR Applications
- IoT Security

Multi-disciplinary Open Elective Courses Group - III (Choose Any One Course)

- Bioinformatics
- Introduction to Space Science
- Gen Al Tools and Techniques

- Data Engineering and Applications
- GIS and Remote Sensing Analytics
- Environmental Impact Assessment
- Software Testing and Quality Assurance
- Introduction to AR-VR
- Renewable Energy Systems
- Semiconductor Technology Trends
- Supply Chain Management
- Smart Manufacturing and Introduction of Industry 5.0
- Mobile Robotics

Dr Sayali Sandbhor, head, Department of Civil Engineering, SIT,Pune received appreciation during the commendation ceremony organized by Symbiosis International University, Pune. She received the appreciation from Dr. Ramakrishnan Raman honorable VC, SIU, for her contribution to research and her efforts in helping and motivating students towards pursuing their goals.

Programme Structure:

Bachelor of Technology (Electronics & Telecommunication Engineering)

Semester: 1 Generic Core Courses

- Calculus and Linear Algebra
- Fundamentals of Electrical and Electronics Engineering
- Engineering Chemistry for Semiconductor Fabrication
- Computational Techniques for Electronics Engineering
- Programming in C
- Introduction to Environment and Sustainability
- Tinker and IDEA Lab
- Creative Thinking

Semester: 2 Generic Core Courses

- Applied Mathematics and Techniques
- Physics of Electronics and Semiconductors
- Digital Circuits and Logic Design
- Exploratory Data Analysis using Python
- Engineering Graphics
- Indian Knowledge Systems
- Technical and Professional Communication Skills
- Critical Thinking

Semester: 3 Generic Core Courses

- Microcontrollers and Applications
- Electronic Devices and Circuits
- Analog and Digital Communication
- Transforms and Vector Calculus
- Network Analysis and Synthesis
- Principles of Economics

• Health and Wellness Module I

Semester: 4 Generic Core Courses

- Analog Circuit Design
- Computer Networks
- Electromagnetic Field Theory with Antenna
- Data Structures and Algorithms
- Project Based Learning -I
- Service Learning

Programme Structure:

Bachelor of Technology (Mechanical Engineering)

Semester: 1 Generic Core Courses

- Matrices and Calculus
- Applied Chemistry
- Manufacturing Processes
- Workshop Practice
- Engineering Drawing
- Computer Aided Drafting
- Programming in C Lab
- Creative Thinking
- Tinker and IDEA Lab
- Introduction to Environment and Sustainability

Semester: 2 Generic Core Courses

- Advanced Calculus
- Indian Knowledge Systems
- Fundamentals of Mechanics
- Technical and Professional Communication Skills
- Foundations of Mechanical Engineering
- Elements of Electrical and Electronics Engineering
- Introduction to Python Programming Lab
- Critical Thinking

Semester: 3 Generic Core Courses

- PDE, Probability and Statistics
- Strength of Materials and Testing
- Fluid Mechanics
- Engineering Materials and Metallurgy
- Engineering Thermodynamics
- Design Thinking
- Principles of Economics
- Health and Wellness Module II

Semester: 4 Generic Core Courses

- Service Learning
- Numerical Methods
- Computer Aided Design and Machine Drawing
- Kinematics and Dynamics of Machines
- Heat Transfer
- Measurement and Metrology
- Foundations of Entrepreneurship
- Health and Wellness Module II

Multidisciplinary Open Elective Courses Group- I (Choose any one course)

- Quantum Computing for Engineers
- Mathematics for Data Science
- Smart Cities Planning and Management
- Intelligent Waste Management Techniques
- Web Technologies
- Data Science
- Engineering Simulation and Modeling Tools
- Medical Electronics
- Fundamentals of Machine Learning
- Al System development
- Fundamentals of Robotics and Automation
- Robotic Process Automation

Semester: 5 Generic Core Courses

- Manufacturing Technology
- Design of Machine Elements
- Flexi-Credit Course

• Project Based Learning -I

Professional Elective Courses Group- I (Choose any one course)

- Composite Materials
- Engineering Design Optimization
- Theory of Innovative Design
- Non Conventional Energy Sources
- IC Engine and E-Mobility

Professional Elective Courses Group- II (Choose any one course)

- Principles of Additive Manufacturing
- Mechanical Vibrations
- Reverse Engineering
- Mechanical Systems Modeling and Control
- Industrial Automation and Robotics

Multidisciplinary Open Elective Courses Group- II (Choose any one course)

- Financial Mathematics
- Advanced Materials
- Sustainability Engineering-Design and Innovation
- Occupational Health and Safety Management
- Introduction to Cloud Computing
- Agile Methodologies
- Embedded System & IoT
- Basics of 5G Technology
- Deep Learning Essentials
- Optimization for ML Systems
- Industrial Robotics

Semester: 6 Generic Core Courses

- Machine Learning and Artificial Intelligence Lab
- Production Management
- Project Based Learning-II
- Flexi-Credit Course
- Flexi-Credit Course

Professional Elective Courses Group- III (Choose any one course)

- Finite Element Methods
- Advanced Manufacturing Technology
- Predictive and Preventive Maintenance
- Industrial Design and Ergonomics

Professional Elective Courses Group- IV (Choose any one course)

- Sustainable and Green Engineering
- Turbo Machinery
- Computational Fluid Dynamics

Multi-Disciplinary Open Elective Courses Group - III (Choose Any One Course)

• Bioinformatics

- Introduction to Space Science
- GIS and Remote Sensing Analytics
- Environmental Impact Assessment
- Software Testing and Quality Assurance
- Introduction to AR-VR
- Renewable Energy Systems
- Semiconductor Technology Trends
- Data Engineering and Applications
- Gen Al Tools and Techniques
- Mobile Robotics
- Introduction to Aerial Robotics and Drone Technology

Semester: 7 Generic Core Courses

- B.Tech Project
- Cyber Security
- Smart Manufacturing and Digital Twins
- Flexi-Credit Course
- Business Analytics Fundamentals
- Organizational Behaviour

Professional Elective Courses Group- V (Choose any one course)

- IoT and Applications
- Refrigeration and Air-

- conditioning
- Design for Manufacturing and Assembly
- Industrial Fluid Power

Professional Elective Courses Group- VI (Choose any one course)

- Quality Assurance and Reliability Engineering
- Operations Research
- Cyber Physical Security and cloud computing
- Power Plant Engineering

Prof. (Dr.) Nitin RakeshDirector and Professor

Director Profile

Dr. Nitin Rakesh, a distinguished academician and researcher, is the recipient of the prestigious IBM Drona Award and a Top 10 State Award Winner. He is an active member of several professional societies, including Senior Member IEEE (USA), ACM, SIAM (USA), and Life Member of CSI, among others. Dr. Nitin serves as a reviewer for numerous high-impact journals, including IEEE Transactions on Vehicular Technology, The Computer Journal (Oxford Press), and several SPRINGER and other Scopus-indexed international journals. Dr. Nitin's research emphasizes Network Coding, Interconnection Networks & Architecture, and Online Phantom Transactions. He has an extensive publication record with numerous articles in SCI and Scopus-indexed journals and conferences of high repute. Furthermore, he holds several patents, innovations, and designs to his credit, reflecting his contributions to technology and innovation. Dr. Nitin has received numerous accolades, including awards for Best Paper Published, $Session\,Chair, Highest\,Cited\,Author, Best\,Student\,Thesis\,Guided, and\,many\,others.\,His\,expertise\,extends\,to\,fostering\,Guided, and\,many\,others.\,His\,expertise\,extends\,to\,fostering\,Guided, and\,foothers\,Guided, and\,foother$ industrial collaborations for academic and research advancements during his previous assignments in various organizations. As a mentor, Dr. Nitin has successfully guided several Ph. D. scholars from various universities and industries, along with supervising numerous M. Tech. and B. Tech. students. He has been instrumental in achieving prestigious accreditations for institutions, including NAAC, NBA, QAA, WASC, UGC, IAU, IET, and others. Dr. Nitin continues to make significant contributions to academia, research, and industry, leaving an enduring impact on the field of engineering and technology.

Institute Profile

Symbiosis Institute of Technology (SIT), Nagpur, proudly offers specialized B. Tech. programs in Computer Science and Engineering with distinguished honors in Artificial Intelligence & Machine Learning, Cyber Security, Artificial Intelligence of Things, Data Science & Analytics, and Cloud Computing. The Institute boasts state-of-the-art infrastructure, expansive pollution-free open spaces, and a vibrant array of academic, cultural, and sporting facilities, cultivating an inspiring environment for both students and faculty to unlock their full potential.

The pedagogical approach at SIT emphasizes interactive and experiential learning, featuring dynamic flipped classrooms, engaging group discussions, and problem-based case studies. A hands-on methodology is further reinforced through extensive lab sessions, industry-standard projects, and exposure to professional tools. The institute embraces technology-enabled learning through e-learning platforms, coding simulators, and virtual labs, ensuring students stay ahead in the ever-evolving technological landscape.

A cornerstone of SIT's educational philosophy is its strong industry-academic collaboration, equipping students with real-world exposure through internships, live projects, and expert-led guest lectures. Evaluation strategies emphasize continuous assessments and project-based evaluations to foster critical thinking, while innovation is actively promoted through research projects, hackathons, and entrepreneurial ventures. Furthermore,

comprehensive soft skills training ensures students develop essential competencies in communication, teamwork, and leadership.

Beyond academics, SIT enriches the student experience with an array of extracurricular engagements, including its signature Techfests, cultural showcases, sports competitions, and robust industry-institute interactions. International student exchange programs, alongside interdisciplinary courses in liberal arts, performing arts, industrial history, and ethics, ensure a well-rounded, transformative educational journey.

Research Projects

Enhances academic rigor through focused research activities.

Academic Focus

Teamwork and Leadership Training

Builds foundational skills essential for academic success.

Innovation and Research

Soft Skills Development

Hackathons and Entrepreneurial Ventures

Encourages practical innovation through industrydriven initiatives.

Industry Integration

Internships and Guest Lectures

Flexi credit courses and specialization courses that bridges academic knowledge with real-world industry insights

Programme Profile

Bachelor of Technology (Computer Science and Engineering)

The B. Tech. (CSE) program is a prestigious four-year full-time degree meticulously designed to mould students into accomplished professionals equipped with academic prowess and research insight. The curriculum is intricately aligned with industry expectations and enriched with value-added courses in liberal arts, performing arts, and interdisciplinary modules spanning law, media, and management.

This program aspires to nurture holistic development by instilling domain expertise, leadership capabilities, and moral values, producing not only skilled technologists but also compassionate, socially responsible citizens. In response to evolving industry demands, the Department of Computer Science Engineering offers specialized honors tracks in the following cutting-edge domains:

- Artificial Intelligence & Machine Learning
- Cyber Security
- Artificial Intelligence of Things
- Data Science & Analytics
- Cloud Computing

At SIT Nagpur, we provide a comprehensive range of programs designed to deliver industry-relevant education and prepare students for the future. Our offerings include Industry-Led Flexi Courses, tailored to align with market demands, and a Global Immersion Program in collaboration with Symbiosis International University, Dubai, offering international exposure. Through Pathway Programs, students can seamlessly transition to advanced degrees, such as pursuing a Master's in partnership with Iowa State University. We also offer access to MOOC courses for skill enhancement, real-world insights through industry engagement, and a dedicated Tinker Lab to foster creativity and innovation. SIT, Nagpur has collaborations with various academic partners like Red Hat Academy, Amazon AWS Academy, Service Now, Edunet, NPTEL, Virtual Labs, etc. for conduction of various certification courses. With a curriculum emphasizing hands-on learning and industry internships, SIT Nagpur ensures students are equipped with the knowledge and practical experience to thrive in the competitive tech landscape.

Duration:

• Bachelor of Technology (Computer Science and Engineering): 4 -year full-time, residential as well as non-

residential

Intake:

• Bachelor of Technology (Computer Science and Engineering): 300 Students

Eligibility

Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of Chemistry/ Computer Science/Electronics/ Information Technology/ Informatics Practices/ Technical Vocational subject/ Engineering Graphics Obtained at least 45% marks (40% marks or equivalent grade for Scheduled Caste/Scheduled Tribes) in the above subjects taken together. OR Passed D.Voc. Stream in the same or allied sector.

(The University will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for the students coming from diverse backgrounds to prepare Level playing field and desired learning outcomes of the programme)

Passed Minimum Three-years/Two-year (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.

OR

Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks or equivalent grade for Scheduled Caste /Scheduled Tribes) and passed 10+2 examination with Mathematics as a subject.

OR

Passed B. Voc/3-year D.Voc. Stream in the same allied sector.

(The Constituent will offer suitable bridge courses such as Mathematics, Physics, Engineering drawing, etc., for the students coming from diverse backgrounds to achieve desired learning outcomes of the programme)

Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Indian students can get admission via

- 1. SITEEE 2025
- 2. JEE (Main) 2025
- 3. Any State Government Engineering Entrance Examination (ASGEEE) 2025

Orientation and Pedagogy

1. Introduction to the Course:

- Overview of computer science and its real-world applications.
- Insights into emerging technologies like AI & ML, Data Science, AIOT, Cloud Computing and Cybersecurity.

2. Curriculum Structure Description:

- The Semester: wise distribution of core and elective courses will be explained through Program structure.
- Interdisciplinary opportunities and industry-aligned subjects will be highlighted.

3. Skills and Competencies:

- Skill development of students will be focused through problem-solving, coding, system design, and critical thinking.
- Collaboration, communication, and professional ethics will be emphasized.

4. Career Opportunities:

- Career paths such as software development, data analysis, Al engineering, and research will be highlighted
- An overview of higher studies and entrepreneurial opportunities will be provided.

5. Academic Support:

- Mentoring programs, tutorials, and peer support groups will be outlined.
- Access to labs, libraries, and online learning resources will be discussed.

6. Extracurricular Activities:

- Participation in hackathons, coding competitions, and tech clubs will be encouraged.
- Community-building events will be organized.

Pedagogy

1. Interactive Learning:

- Use of flipped classrooms, group discussions, and peer learning.
- Emphasize problem-based learning through case studies and real-world problems.

2. Hands-On Approach:

- Focus on practical implementation via lab sessions and projects.
- Encourage the use of simulation tools and industry-standard software.

3. Technology-Enabled Learning:

- Integration of e-learning platforms, coding simulators, and virtual labs.
- Use of multimedia resources for enhanced understanding.

4. Industry-Academic Collaboration:

- Industry internships, live projects, and guest lectures by professionals.
- Collaborative projects with industry sponsors for real-world exposure.
- Flexi/Specialization courses delivery by industry experts.

5. Evaluation Methods:

- Continuous assessment through quizzes, assignments, presentations, group activities, etc.
- Emphasis on project-based evaluation and open-book tests for conceptual clarity.

6. Focus on Research and Innovation:

• Encourage innovation through research, project-based learning, hackathons, and start-ups.

7. Soft Skills Development:

- Communication, teamwork, and leadership training.
- Focus on resume building, interview preparation, and career counselling.

Dr. Sammita Jagdish Jadhav Director, SIHS

Director's Profile:

Dr. Sammita Jagdish Jadhav is a graduate from the prestigious B.J. Medical College, Pune securing top honours in Pathology. She completed her Masters in Medicine and has been awarded a Ph.D. in Healthcare Management from Symbiosis International (Deemed University) under the Faculty of Medical and Health Sciences. She has a vast experience of more than two decades in the Healthcare industry. Dr. Jadhav has contributed her expertise and added value to various Healthcare organizations, and Medical and Paramedical training institutes. She has been appointed as a resource person on the task force of the National Initiative of Allied Health Services (NIAHS), Ministry of Health and Family welfare, Government of India. She has a successful stint in the industry and leads the Healthcare Management, Public Health, Medical Technology and Mental Health departments as a Director of Symbiosis Institute of Health Sciences.

Dr. Jadhav has contributed to the commissioning of the Symbiosis University Hospital and Research Centre, a 900 bedded hi-tech healthcare facility, and the Symbiosis Medical College for Women at Pune. Dr. Jadhav is a recognized Ph.D. Supervisor currently guiding 8 Ph.D. scholars. Her thrust on research has resulted in a number of research publications in National and International Journals indexed in Scopus and Web of Science journals, and her work on 'Clinico - pathological Co-relation in Dengue Fever: A case study of 200 adult patients', has won her the best paper award at the Mapcon Conference of the Indian Association of Pathologists and Microbiologists (I.A.P.M.). She serves on the elite Board of Studies, Faculty of Medical and Health Sciences, Board of Examination, Academic Council and the Executive Council at Symbiosis International (Deemed University); Board of Studies at KLE university and on the Research Advisory Committee of Dutta Meghe Institute of Higher Education & Research (DMIHER) (Deemed University) Wardha; contributing to the development of niche, innovative and socially relevant academic programs in healthcare management, allied healthcare, biomedical, paramedical and nursing disciplines.

Dr. Jadhav has taken up leadership positions in Public Health advocacy, digitalization of the hospital processes, and contributed to promotion of TeleHealth and online healthcare education. Known for her exceptional talents in creating collaborations, teambuilding abilities, communication skills and leadership qualities, she is popular amongst healthcare professionals, industry and the academia for her expertise in Healthcare Management, Clinical Research, Medical Technology, Public Health, Allied health education, Biosafety and Bioethics, Laboratory Management, Quality assurance and accreditation. Dr. Jadhav has been invited as key note speaker at various conferences, and has given talks at various fora including at NATHEALTH, MTal, AmRef, VIF, CII and FICCI. Dr. Jadhav has been consistently working for the internationalization of Indian universities and is currently the Regional Representative – Africa; working in areas of Allied health education and manpower training in Medical Technology

in Africa countries; especially in Tanzania, Kenya, Rwanda, and Burundi. She has travelled widely to U.K., France, Germany, Italy, Netherlands, Dubai, Oman, Singapore, Thailand, Austria, Belgium, Switzerland, Nepal and Srilanka as a result of her effort in Internationalization, education, skill training and Public Health initiatives.

Institute Profile:

Symbiosis Institute of Health Sciences (SIHS) has conceptualized & implemented unique, innovative, career-oriented programmes to raise a cadre of industry-ready healthcare professionals. A conducive ecosystem of SIHS comprising experienced faculty, Symbiosis University Hospital & Research Centre (SUHRC) and Symbiosis Arogya Dham nurtures the teaching learning process. At SIHS, we encourage a symbiosis of thought, word & action of all such professionals who would address diverse issue of health in its totality. SIHS emphasizes on equipping the healthcare professionals with the appropriate skill sets required to survive this age of fierce competition and specialization. The institute carries a legacy of more than 20 years in healthcare management education.

In recognition of the significant contribution of SIHS in healthcare education, Symbiosis Institute of Health Sciences (SIHS) has been ranked No. 14 among India's top 50 Non-IIMs B-schools in the prestigious Academic Insights survey 2023. The multi-disciplinary faculty representing various disciplines of healthcare education are drawn from the academia and industry. Their diverse backgrounds and immense experience provide valuable insights making the pedagogy practice oriented. SIHS is equipped with the finest infrastructure, the institute adopts latest technology to facilitate student learning. The state-of-the-art classrooms are equipped with interactive displays and inbuilt audio systems. SIHS also provides ample opportunities for students who wish to participate in co-curricular and extra-curricular activities. Its in-house cricket ground, swimming pool, basketball court, gym, yoga/fitness centre and indoor badminton courts give students a chance to participate in sports activities beyond academics.

Programme Profile:

Bachelor of Science in Paramedical Technology Honours/ Honours with Research

Objective: As technology advances and better investigative and treatment options are introduced, the need for professionals equipped to handle newer diagnostic & therapeutic modalities are on the rise. The ever-changing & ever-expanding horizon of the health care sector demands formal training programmes in all its allied areas. The diagnostics sector, today is witnessing a tremendous growth in terms of volume and sophistication. With increasing advances and super specialization, the scope for tomorrow's technologists does not remain limited to just routine tests. Advanced complex instrumentation & equipment require technocrats not only to operate but also to care & maintain them as well. These experts have to possess a strong scientific foundation & be able to perform at a much higher level than the traditionally trained technicians of the past. The students thus trained in the technological aspects of medical care with a good scientific foundation will be in a position to competently assist the Physician or Surgeon, especially in high-tech medical procedures to cater to the health care industry globally.

Specializations:

The programme offers specializations in the following areas: -

1. Cardiac Care Technology: The Cardiac Care Technologist is responsible for direct and indirect patient care, hemodynamic monitoring, equipment set up and its operation. They assist the physician during cardiac procedures and assume responsibility for completion of other cardiac lab functions.

- 2. Respiratory Therapy Technology: The Respiratory Therapist is a key member of the medical team, specializing in diagnostics, treatments and procedures in the care of patients with respiratory problems. They evaluate, treat, and care for patients with breathing disorders.
- **3. Dialysis Technology:** Dialysis Technologists operate machines that remove waste and excess fluids from the blood of patients whose kidneys can no longer carry out those functions satisfactorily. The programme is designed to provide competencies & technical skills necessary in the field of dialysis.
- **4. Medical Imaging Sciences:** Imaging Sciences Technologists are health professionals who facilitate diagnosis and management through the creation of medical images using modalities like X-ray, Ultrasound, Magnetic Resonance, Computed Tomography & Interventional Radiology.
- 5. Medical Laboratory Technology: Medical Laboratory Technology is concerned with the analysis of biological specimens to support diagnosis and treatment of disease. Laboratory Technologists perform a full range of laboratory tests, the information of which influences the medical treatment a patient will receive.
- **6. Anaesthesia Technology:** The Operation Theatre and Anaesthesia Technologist is responsible for direct and indirect patient care, equipment set up, Pre, Intra & Post-operative procedures.
- **7. Endoscopy Technology:** Technologists learn the fundamentals & skills required to assist the Surgeons conducting Laparoscopy procedures and Physicians in Endoscopy procedures at various clinical establishments.
- **8. Ophthalmic Technology:** Technologists pursuing Ophthalmic Sciences specialization deal with the technical aspects of ophthalmic procedures required for diagnosis and treatment of eye disorders & diseases. The technologists so trained would be in a position to competently assist the Ophthalmologists.
- **9. Neurology Technology:** The students will acquire skills to assess the patient, plan various electro-diagnostic procedures, and implement them in the neurosciences field.
- Bachelor of Science in Paramedical Technology (Radiotherapy Technology) Honours/ Honours with Research

Objective: To train students in Radiotherapy techniques with specific objective driven learning such as Radiation safety, Special patient preparation before the study to obtain the most accurate result in radiotherapy procedures and handling the machines used for the procedures effectively. These students would be in a position to competently assist the Oncologist, to cater to the branch of Radiotherapy globally.

• Bachelor of Science (Behavioural Health Sciences) Honours / Honours with Research

Objective: Symbiosis Institute of Health Sciences (SIHS) is a pioneer in allied healthcare education, offering a range of professional programs designed to equip students with the knowledge and skills required to excel in today's competitive world. Among the programs are the undergraduate and postgraduate courses in Behavioural Health Sciences; aligned with the National Commission for Allied and Healthcare Professions Act, 2021, and the National Education Policy, 2020. The program provides high-quality, multidisciplinary, and comprehensive education, enabling students to work in different sectors. The key feature of the program is the in-house training, observerships, and internships, making them ready for real-world settings.

Orientation and Pedagogy:

• Bachelor of Science in Paramedical Technology Honours/ Honours with Research

The programme is formatted such that apart from the classroom didactic lectures, students spend a substantial amount of their learning time at Symbiosis University Hospital & Research Centre (SUHRC), a tertiary care hospital related to their specialization where they are exposed to actual "hands on" practical training. Various academic visits are organized related to each specialization. The students participate actively in a number of co-curricular & extra-curricular activities thereby developing self-confidence and ability to realize his /her full potential. Eminent guest faculty further enrich the course content. Students are exposed to the community through the service-learning component, wherein they conduct community-based activities. Innovative teaching methods and sessions contribute to all-around personality development in addition to academic excellence and practical competencies.

The programme has been designed considering the NEP guidelines for the curriculum with the courses categorized into Major, Minor, Ability Enhancement, Skill Enhancement, Value Added and Multidisciplinary.

• Bachelor of Science in Paramedical Technology (Radiotherapy Technology) Honours/ Honours with Research

The programme is formatted such that apart from the classroom didactic lectures, students spend a substantial amount of their learning time at Deenanath Mangeshkar Hospital & Research Center (DMHRC), a tertiary care hospital related to their specialization where they are exposed to actual "hands-on" practical training. The programme has been designed considering the NEP guidelines for the curriculum with the courses categorized into Major, Minor, Ability Enhancement, Skill Enhancement, Value Added and Multidisciplinary.

• Bachelor of Science (Behavioural Health Sciences) Honours / Honours with Research

The program is designed to provide a comprehensive learning experience, blending theoretical knowledge with practical exposure. Alongside classroom lectures, students dedicate a significant portion of their training to hands-on experience at the Symbiosis Centre for Emotional Wellbeing (SCEW), a support center of SIU, and the Psychiatry OPD & IPD of Symbiosis University Hospital & Research Centre. These environments offer practical training opportunities that enhance their understanding of real-world applications.

The curriculum includes organized academic visits focusing on specialized areas of mental health, such as child and adolescent psychology, geriatrics, addiction, and more. Students also engage in experiential learning through observership and the Summer Internship Program (SIP) at hospitals, NGOs, rehabilitation centers, and healthcare organizations, providing them with diverse perspectives on mental health care systems.

In addition to academics, students actively participate in co-curricular and extra-curricular activities, fostering self-confidence and enabling them to unlock their full potential. The program is further enriched by contributions from eminent guest faculty and incorporates service-learning components, where students undertake community-based initiatives. Innovative teaching methodologies and interactive sessions support holistic personality development, ensuring academic excellence and practical proficiency.

Major Courses (Choose Any One Specialization Group) Specialization 1 (Cardiac Care Technology)

- Cardiac Catheterisation and Electrophysiology Procedures
- Cardiovascular Diseases
- Cardiac Pharmacology

Specialization 2 (Respiratory Therapy Technology)

- Mechanical Ventilation II
- Cardiopulmonary Diseases
- Cardiopulmonary Pharmacology

Specialization 3 (Medical Imaging Technology)

- Interventional Radiology
- Operations of Computed Tomography
- Physics of Computed Tomography

Specialization 4 (Medical Laboratory Technology)

- General and Clinical Pathology
- Blood Banking- Basic
- Bacteriology

Specialization 5 (Dialysis Technology)

- Water Treatment in Dialysis
- Renal Diseases and Disease Management
- Renal Pharmacology

Specialization 6 (Anaesthesia Technology)

- Pre Operative Preparation and Anaesthetic Management of Surgical Procedures
- Assistance in Perioperative Complications
- Instrument Trays for Surgical Procedure

Specialization 7 (Endoscopy Technology)

- OT Setup for Laparoscopy and Patient Preparation
- Basic principles of Laparoscopy Technique
- Care of Specific Endoscope Procedures

Specialization 8 (Ophthalmic Technology)

- Ocular Pharmacy and Pharmacology
- Ophthalmic Procedures

Ocular Microbiology

Specialization 9 (Neurology Technology)

- Neurobiology
- Neurological Diseases and Pharmacology
- Vestibular Myography

Minor Course (Student to opt one course related to the selected major / specialization)

- Introduction to Medical Devices & Instruments (Cardiac Care)
- Introduction to medical devices and Instruments (Respiratory Therapy)
- Introduction to Instrumentation in Medical Imaging
- Introduction to Equipment and Instruments (Clinical Laboratory)
- Introduction to Medical Devices and Instruments (Dialysis)
- Introduction to medical Devices and Instruments (Operation Theatre & Anaesthesia)

Prof. Sanjeevani AyachitDirector

Director Profile

Dr. Sanjeevani Ayachit is currently the Director at the Symbiosis Institute of Design and Dean of the Faculty of Architecture and Design at Symbiosis International (Deemed University). She holds a PhD from SIU, a Master's degree in Clothing and Textiles from M. S. University of Baroda and 24+ years of experience in the field of apparel design, design education and consultancy.

On completing her Masters' education, she worked at the prestigious men's apparel company Raymond Apparel Ltd. (RAL), Thane, where she oversaw their finishing and quality control department. After spending a few years at RAL, she took up a temporary teaching position at the S. N. D. T. College of Home Science, Pune. This was soon followed by a three-year period of teaching fashion design at a private fashion institute. She has also worked as Manager – Quality Control at a Pune based apparel brand, Sleepins Apparel Pvt. Ltd.

vvwwwDr. Sanjeevani headed the departments of Fashion Design and Fashion Communication at SID for several years and has also served as Deputy Director. She has completed her PhD at Symbiosis International (Deemed University) examining cross-cultural subtleties of costumes of the Peshwas of Pune. Her research interests lie in the areas of heritage Indian textiles and costumes, fashion design process, design thinking and inclusive design. An avid reader and researcher, Sanjeevani has co-authored a book documenting the historic textiles and costumes in the collection of the Kelkar Museum in Pune, India. She has presented research papers at several conferences and published her research in reputed journals. She has been invited as a PhD thesis examiner by a university of repute in Rajasthan and is a Board of Studies member at a Bengaluru based university. She has also been a reviewer of research papers for Illinois based Common Ground Research Network, USA.

Institute Profile

A constituent of Symbiosis International (Deemed University), Symbiosis Institute of Design, Pune is a premier design school of the country. The institute offers Bachelor of Design (B.Des) program in four major disciplines; Communication Design, Industrial Design, Fashion Design and Fashion Communication. The Communication Design discipline offers further specializations in Graphic Design, Video Film Design, Animation Film Design and User Experience Design. The Industrial Design discipline offers further specializations in Product Design and Interior Space Design.

The design curriculum at SID generates opportunities to incubate original thoughts and implement design knowledge and skills on a creative platform. The simulative environment galvanizes students to imbibe contemporary skills while exploring non-conventional techniques to achieve design goals. The curriculum aims at creating professionals

who with their creative impulse and skill full ability participate and contribute to the highly dynamic and competitive world of design. This is ensured by a team of professional faculty who instruct, inspire and mentor students utilizing their technical and design expertise while also encouraging the development of individual style. The well-stocked library, access to latest research databases, state-of-the-art infrastructure, labs, studios and workshops ensure a conducive learning environment where students can nurture their creative ideas to fruition. This has ensured that SID holds a coveted position among the top design schools in the country. As an added bonus, several courses are supported by leading industry practitioners and many others have well known visiting lecturers. Internships and design projects are built into the curriculum to ensure industry exposure and field trips and industrial visits add on to the professional experience. An active Industry Interaction Cell ensures a continuous dialogue with the industry and assists students in securing internships and placement opportunities. SID is also a member of several national as well as international professional networks which benefit the students in terms of opportunities for participation in design competitions, design events, conferences and seminars thus enhancing their outlook towards the dynamic nature of the design field.

Programme Profile

• Bachelor of Design (B. Des)

The institute offers four years full time degree programme, Bachelor of Design (B.Des) in following 8 specializations.

Orientation and Pedagogy

Design pedagogy or design education may be defined as the set of practices and systems for the training in the field of design; the ways and methods of teaching for the acquisition of necessary knowledge and skills in order to practice the design profession. Design pedagogy at SID follows a combination of techniques entrenched in 'Art and Design' as well as Engineering. The increasing diversification of the design domain and the introduction of specializations related to new technologies have introduced further complexity into the design education landscape.

SID uses a combination of Lecture, Studio and Practical sessions in combination with Demonstrations, Film Screenings, Industry Visits, Cultural Visits, Case Studies and Group Discussions. This variety of learning techniques enhances the learning experience of students making them better equipped to undertake design assignments and projects. Student's work and project based assignments are continuously evaluated on the basis of daily performance as well as semester end juries.

Dr. Ruchi Kher JaggiDirector (Additional Charge)

DIRECTOR'S PROFILE:

Dr. Ruchi Kher Jaggi is Professor and Dean of the Faculty of Media and Communication, Symbiosis International (Deemed University), Pune, India. She completed her PhD at the Department of Media & Communication Studies, University of Pune. She has completed her post-graduation in Mass Communication from Panjab University, Chandigarh and is also UGC-NET qualified. She has been working in higher education for two decades now. Her research interests include media representations, popular culture analysis, media and children, television studies, journalism studies, media literacy, streaming platforms and emerging discourses of identity on the new media. Her research has been presented at national and international communication conferences and published in peer-reviewed international journals. She was awarded the SPARC research grant by the Ministry of Education, Govt. of India where she is working on a project in collaboration with University of Western Ontario, Canada. Dr. Jaggi is also a recipient of a research grant on a project on Interactive Documentaries in partnership with Salisbury University, Maryland, USA under USIEF's U.S.-India 21st Century Knowledge Initiative awards from September 2018 to August 2020. She has also been awarded the 'Woman Leadership Award' in 2017 and 2019, respectively.

She has significant international experience having travelled for academic conferences and projects to different countries besides being the resource person on media studies for many international students who pursue short courses as part of the international student exchange programme at Symbiosis International (Deemed University), Pune.

Head Profile

Ms. Puneet Gupta, Head SSVAP

Ms. Puneet Gupta is an accomplished academic, researcher, and visual storyteller with over 19 years of extensive experience in photography, journalism, and education. Her expertise spans photojournalism, architectural photography, ethnographic research, and visual storytelling, making her a multifaceted professional in the field.

Her academic contributions include impactful research, such as a widely acclaimed article on manual sand miners in Bihar, published in prestigious Q1 Scopus-indexed journals. She has also garnered accolades for her scholarly work, including the Best Paper Award in Journalism Praxis at ICMAC 2023. As an educator, she specialises in teaching diverse genres of photography, including Photojournalism, Street, Documentary, Sports, and Architectural Photography. She has mentored students on transformative projects with esteemed organisations like Incredible India and Andhra Pradesh Tourism and has curated notable exhibitions such as Nature in Focus.

In her photojournalistic career, Puneet has contributed to leading publications such as Hindustan Times, The Indian Express, and DNA. Her coverage of significant events, including the Bharat Bandh, the 2011 Mumbai bomb blast, and the city's metro development, highlights her ability to document socio-political narratives with precision and depth. Her portfolio also extends to architectural photography and visual storytelling, earning her recognition with the National Photo Award, Mumbai Press Club Calendar Awards, and an international scholarship to the Angkor Photography Workshop.

Currently pursuing a PhD focused on visual narratives of COVID-19 in India, Puneet continues to be a passionate advocate for visual communication. Through her photography, writing, and mentoring, she inspires future creatives and remains committed to capturing photographs with purpose, precision, and impact.

Institute Profile

Symbiosis School of Visual Arts and Photography, (SSVAP) formerly symbiosis school of Photography Pune, established in 2012, is situated on a scenic hilltop campus at Symbiosis International University, Lavale in Pune.

At SSVAP, we believe in experiential learning, emphasizing hands-on practice over traditional textbooks and lectures. Our flagship programme, **BA in Visual Arts and Photography,** is designed to prepare students for the dynamic world of photography and visual storytelling.

At SSVAP, we take pride in offering unparalleled facilities for photography education. Our unique selling point lies in our expansive and specialized studios, each designed to cater to specific aspects of photography:

- **Studio 1:** Dedicated to conceptual fashion shoots, complete with a green room for preparation.
- Studio 2: Exclusively designed for tabletop photography.
- Studio 3: A foundational space for learning film techniques.
- **Studio 4:** An automobile studio equipped for vehicle photography.
- **Studio 5:** A daylight studio leveraging natural light for shoots.
- **Dark Room:** A space for post-processing negative films.
- Mac Lab: Fully equipped for photo and video post-production and editing.

Beyond photography, our institute provides a holistic environment with access to a library, sports facilities, and a vibrant cafeteria, ensuring an enriching student experience.

SSVAP Pune provides the best available infrastructural support to ensure the all-round development of the students. The Central Library at SSVAP Pune has a collection of over 20000 books, journals, magazines, and other related texts. There are 3 boys' hostels and 3 girl's hostels at SSVAP Pune where the students are accommodated. The Campus also has a cafeteria and a sprawling sports arena for the facilities to be availed by the students and staff.

Orientation and Pedagogy:

The study of fact, theory and concept is not sufficient to educate a culinary and hospitality professional. The individual must have the opportunity to see the skills, processes and ingredients in action, and to practice them. Culinary and Hospitality involves high level of motor and interpersonal skills learning. The profession requires a great combination of the art and science, and these skills can only be learned in practice.

Pedagogy at SSCANS, Pune is largely based on this principle and is a mix of many learning methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the culinary and hospitality field. The pedagogy at SSCANS is designed to incorporate the appropriate practical components to have a thorough grounding in the art and science of practical learning.

In addition, students are encouraged to undertake multiple hands-on projects to hone their research and analytical skills. Latest state-of-the-art equipment and techniques are used wherever possible. Ample guest lectures are organized by inviting Industry leaders, managers, specialists Chefs and Leading Celebrity Chefs for classroom inputs and demonstrations. Field visits to relevant areas of culinary and hospitality skills are also a regular feature. SSCANS also offers an opportunity to the students to get a first-hand feel in managing food events, outlets and pastry shop.

Institute Profile:

The Symbiosis Medical College for Women is the brainchild of Prof. Dr. S. B. Mujumdar, the Founder and Chancellor of the Symbiosis International (Deemed University) After seeing the biographic movie about India's first lady doctor, Ms. Anandibai Joshi, the idea of creating a medical college exclusively for women was born. With an objective of women empowerment and contributing to nation building by increasing the number of female doctors, Symbiosis has established this exclusive Medical college for Women under the Faculty of Health Sciences.

The medical college is located in the scenic campus of the Symbiosis International (Deemed University) at Lavale, Pure. The annual intake will be 150 students. The medical college and its attached Symbiosis University Hospital and Research Centre have state-of-the-art infrastructure and facilities. Sister Institutes in the Lavale campus like the Symbiosis Institute of Business Management, Pune, Symbiosis Institute of Digital and Telecom Management Symbiosis Institute of 538 Media & Communication, Symbiosis School of Biological Sciences. Symbiosis School of Photography, Symbiosis School of Culinary Arts, Symbiosis School of Sports Sciences, Symbiosis Institute of Technology, Symbiosis School of Banking and Finance & research centers like Symbiosis Centre for Waste Resource Management, Symbiosis Centre for Stem Cell Research, Symbiosis Centre for Behavioural Studies, Symbiosis Centre for Nano science and Nanotechnology and Symbiosis Centre for Medical Image Analysis will assist in the strong focus on academics and research.

In addition to the academic infrastructure, excellent residential facilities for residents and staff are available within the campus. The college has a fully air-conditioned library with the requisite array of national and international textbooks and medical journals which forma vital part of the college facilities. Our highly experienced and senior staff will ensure the best of training to produce skilled women doctors who are empathetic, ethical and compassionate. As has been the culture of Symbiosis, we believe it is our responsibility to contribute to nation.

Dr. Nayana NimkarDirector

Director's Profile:

Dr. Nayana Nimkar is currently the Director at Symbiosis School of Sports Sciences at Symbiosis International University Pune. She holds a Doctorate in Physical Education from Mumbai University and has previously worked as a PhD Guide with Savitribai Phule University of Pune (SPPU). She holds three master's degrees from Pune University in (M.Ed.) Education, (M.Ed.) Physical Education and (M.Phil.) Education. She has also completed 5 credits from Springfield University Massachusetts, in USA (1981) in 'Psychology of Sports' (under the MS Sports Program).

She has represented the state in several sports at various reputable levels in her earlier times. She has worked on several National committees like the Steering committee for Sports of the 11th and 12th Planning Commission of Government of India, she has also worked for NAAC (National Assessment and Accreditation Council) and NCTE (National Council for Teacher Education) as a peer committee member. She has represented India on professional bodies like ACESS (Asian Council for exercise and Sports Science) and NAPESS (National Association for Physical Education and Sport Sciences). She has been a keynote speaker in several conferences and has several publications to her credit.

Her academic and administrative experience is of 45 years, which started with Maharashtriya Mandal's Chandrasekhar Agashe College in Pune, which she headed for 20+ years. She also held prestigious positions as Director, Board of College and University Development (SPPU) and as founder HOD of the Department of Physical Education (SPPU) where she was awarded the Best Principal's award.

When asked about the source of her energy and enthusiasm, she says "...making fitness and physical education a part of the routine of a common man is my real source of inspiration and my relentless drive towards excellence". This is so much in consonance with the 'Fit India Movement', which was launched a couple of years back by our Prime Minister. The urge to contribute to the field of sports, be it sports management, sports science, sports technology or making sports available for the not so privileged is what drives Dr. Nayana Nimkar to run the Symbiosis School of Sports Sciences with the ultimate zeal and definitive purpose.

Institute Profile

Symbiosis has embarked into a niche area, that of Sports Sciences by establishing the Symbiosis School of Sports Sciences (SSSS) in 2016. SSSS offers a two years full-time MBA programme in Sports Management, the options being specialization in Sports Marketing, Event Management (Sports) and Sports Technology. The objective of

Symbiosis School of Sports Sciences is to impart skills and knowledge to create future managers, leaders and entrepreneurs in the Sports Industry. Till date it has already created a force of managers and leaders ready to take on leading positions in the sporting industry and many of them are making their way wonderfully through this upcoming industry.

The main reasons for so many success stories of students from SSSS within such short span of time are the multitude of unique activities conducted by SSSS which are the key differentiators between SSSS and other education institutions, which include the following-

- 1. SSSS Sports Science Conference: This has been conducted every year since the inception of the institute, the main objective of which is to provide a platform for students to interact with the stalwarts of the sports industry, exposure to recent scientific research and developments and a solid networking platform for students, faculties and management of the institute.
- 2. Global Immersion Program: SSSS has collaborated with premier global sports management institutes to provide a global exposure to SSSS students in the field of sports through education and peer interaction. Developed countries are ahead of the Indian curve in the field of sports and this global exposure creates a certain level of awareness of best global practices in the sports industry to the budding managers at SSSS.
- 3. World Football Summit, Spain: SSSS has in the past facilitated their students to attend the World Football Summit held in Spain to not only give a true fan moment to the football follower but also help them provide a glimpse at the economics behind the operation of such a global summit, to explore new sports ventures and startups, the sporting culture and the consumer behaviour of a hardcore sporting fan of a developed nation like Spain.
- 4. Collaboration with Global Sports Wearable Technology Provider: SSSS has tied up with the topmost technology provider of sports wearable technology which provides a real-time generation of player performance data to the analysts, who can then understand the effectiveness of data-based decisions-making instead of traditional/biased methods.
- 5. Prestigious Internships: SSSS has been able to provide its students work-experience in the form of internships at the best places in the sports industry like Khelo India, Sports Authority of India, Under-19 FIFA World Cup, Sports Interactive et al to learn and enhance their practical knowledge and provide them insights into the qualities and skill sets required in addition to the knowledge to be an effective contributor to the sports world.
- 6. Social Responsibility Initiatives: Sports in India is still at a nascent stage and a lot of grassroot development initiatives are required to bring to surface the talent in the country. Many times in the past such talent has come to the forefront from the humble backgrounds of small villages. SSSS understands the importance and potential of this and thus encourages its students to conduct projects in nearby villages to help and create awareness about sports and also provide sporting facilities for encouraging local talent to greater heights.
- 7. Other initiatives: Apart from the above SSSS also conducts Sporting Events at University level, Mock Auctions and Business Plan Competitions to prepare the students not just for sports but in general develop an all-round management perspective and personality of the students over a period of two years, to take on the top-most jobs or even to be smart, tech-savvy and dynamic entrepreneurs for the coming times.
- 8. Internationalization- SSSS promotes sharing of academic and research best practices through interactions with the diverse education systems. The school conducts Master Classes by Leeds Beckett University which is the leading University in the field of Sport in UK. The exchange of ideas and knowledge acquisition help the students develop into global citizens.

9. Industry Connect- SSSS regularly conducts sessions by the stalwarts in the sports industry who share their experiences on the global sports ecosystem, discuss new opportunities and innovations that are improving data collection, fan experience, and athletic performance and training. Apart from this, SSSS also invites alumni to interact with the students and share their learnings in the industry.

Programme Profile

Bachelor of Science (Sport and Exercise Science)

Explore the new exciting degree at Symbiosis School of Sports Sciences and contribute towards making India a SPORTING NATION. An opportunity to study the science behind Sports Performance, Exercise, Health and Physical activity at a Health Promoting International University. The multi-disciplinary nature of sports will be addressed by the experts from the fields of Medical Sciences and Engineering to provide you with the latest knowledge across all allied sciences and cutting-edge technology as applied in Sports. The program provides for a unique blend of theory and on-field practical. Research forms an integral part of our curriculum and you will have an opportunity to make your own contribution to the field of Sports Science.

This program would lay the foundation for a deeper understanding and application of the science behind Sport performance, Exercise, Health and Physical activity. Dr. Anita PatankarDirector

Director Profile

Dr. Anita Patankar is a distinguished academic leader with over four decades of experience in higher education. She is the founding Director of the Symbiosis School for Liberal Arts and has played a pivotal role in shaping the academic landscape at Symbiosis University. Her leadership and dedication have been instrumental in fostering a progressive, inclusive, and student-centric environment at the institution that continues to inspire excellence in education.

Dr. Patankar's commitment to the Vedic principle of Vasudhaiva Kutumbakam (the world is one family) is evident in her efforts to expand Symbiosis International University to Dubai, marking a significant milestone in her illustrious career. She is passionate about creating educational opportunities that transcend borders and believes in nurturing a global and inclusive mindset among students.

Her dedication to education and her efforts to bridge cultural and academic divides exemplify her enduring influence on students, faculty, and colleagues. Dr. Patankar's contributions continue to drive Symbiosis' mission of fostering academic excellence with a global perspective.

Message from the Executive Director:

Bringing my ethos and experience of over 40 years with and from Symbiosis to an international land is incredibly heart-warming. I am honored to extend my warmest welcome to students joining Symbiosis Dubai. Rooted in the principle of Vasudhaiva Kutumbakam, Symbiosis Dubai will foster values of Symbiosis India with a flavour of the Middle East to shape citizens of the future.

Institute Profile

Symbiosis International University-Dubai is officially licensed by the UAE Ministry of Education (MOE) and Knowledge and Human Development Authority (KHDA). All the academic programmes are accredited by the Commission for Academic Accreditation under the Ministry of Education UAE. With over 50 years of academic excellence and a legacy rooted in global education, Symbiosis is bringing world-class education to the UAE, strengthening bilateral ties between India and the UAE.

Founded in 1971 by Prof. (Dr.) S.B. Mujumdar, Symbiosis has long been a beacon of cultural integration and academic excellence. With its Vedic principle, Vasudhaiva Kutumbakam - 'The World is One Family' - Symbiosis has bridged global cultures and promoted inclusive education. Now, with the Dubai campus already in operation after officially commencing classes last year in 2024, Symbiosis is ready to make its mark on one of the world's most dynamic cities.

All the programs offered at Symbiosis International University-Dubai are accredited by CAA, tailored to meet the demands of the global workforce, providing students with the tools they need for future success.

Strengthening India-UAE Bilateral Relations & Supporting Strategic Agendas

Symbiosis' establishment in Dubai strengthens the partnership between India and the UAE, contributing to both nations' strategic goals. The move aligns with the UAE's D33 Economic Agenda, which focuses on doubling the economy by 2033, with a strong emphasis on education and talent development. It also reinforces the Comprehensive Economic Partnership Agreement (CEPA) between India and the UAE, promoting educational and economic ties.

This strategic expansion also supports India's National Education Policy (NEP) 2020, which emphasizes internationalization and encourages high ranking Indian educational institutions to extend their global reach. Symbiosis's presence in Dubai plays a pivotal role in furthering the UAE's vision to become a global education hub, fostering innovation and international collaboration.

Official Licensure and Accreditation

The Dubai campus of Symbiosis International University operates under full accreditation from both the CAA, UAE Ministry of Education (MOE) and the Knowledge and Human Development Authority (KHDA). This license ensures that Symbiosis's programs in Dubai adhere to the highest standards of academic quality and are globally recognized.

Dr. Vidya Yeravdekar, Pro-Chancellor of Symbiosis International University, expressed her appreciation and said, "The launch of Symbiosis International University in Dubai is a landmark moment in our journey of global expansion. We are thrilled to contribute to the UAE's vision of becoming a global education hub, while bringing together cultures, ideas, and innovation."

Continuing a Legacy of Excellence

With over five decades of academic excellence, Symbiosis is recognized for its global outreach, cultural diversity, and educational rigor. The university educates students from over 85 countries and offers more than 118 programs across its 40 institutions. Symbiosis has consistently ranked among the top universities globally, building a legacy that the Dubai campus proudly continues.

Students at the Dubai campus are already benefiting from a multicultural environment, internships and placement assistance through mentoring by alumni network in the Gulf Cooperation Council (GCC), all of which enhance their career prospects in the region and beyond.

A Commitment to Global Education

Symbiosis International University remains steadfast in its commitment to the philosophy of Vasudhaiva Kutumbakam - 'The World is One Family'. By launching its Dubai campus, Symbiosis continues to promote cross-cultural understanding and inclusive education, contributing to a diverse and dynamic academic environment in the UAE and also serving as a bridge between India and the UAE in the field of education.

• Orientation and Pedagogy:

The institution utilizes multiple pedagogies to cater to student diversity and different learning styles, including lectures, presentations, case-based learning, experiential learning, projects, assignments, computer laboratories, etc. Presentations, simulations, take-home assignments, and projects encourage students to participate actively in their own learning process. Symbiosis International University-Dubai, has a learner diversity policy to support students of different abilities. In order to provide additional support to those who may require it, we will offer remedial classes to help individuals meet the program requirements. Since SIU, Dubai, follows a continuous assessment policy, students can improve their learning and grades throughout the semester. The course structure and program delivery are designed to appeal to students with a variety of skill sets and aptitudes.

- Technical Elective 2
- Technical Elective 3
- Entrepreneurship Venture
- Capstone Project Phase I

Semester VIII

Capstone Project Phase – II Ethics in Computer Engineering Technical Elective 5

Annexure - A

5 courses required in Semesters VII and VIII. Students can choose to select five courses from all

four technical areas or from only one technical area.

Technical Elective Areas

Intelligent Systems

- Natural Language Processing and Responsive Al
- Deep Learning
- Multimodal Machine Learning
- Computer Vision
- Al Applications in social media
- Augmented Reality/ Virtual Reality

Computational Intelligence

- Power BI
- R Programming
- Data Warehousing and Data Mining
- Python for Data Science
- Open-Source Tools for Data Science
- Data Visualization

Gaming Design and Development

- Introduction to Game Development
- Computer Graphics
- Modern Platform for Gaming Development
- Animation in Game Design
- Mobile App Development
- Entrepreneurship in Gaming Development

Emerging Technologies

- Blockchain Technology
- Quantum Computing Foundations
- Renewable Energy Systems for

- Computing
- Introduction to Cloud Computing
- Cryptography and Data Protection
- IoT System Design

Bachelor of Business Administration (Honors)

Semester I

- Principles of Management
- Financial Accounting
- Business Economics
- Fundamentals of IT & Digital Skills
- Arabic Conversation Skills

Semester II

- Business Finance
- Organizational Behaviour
- Corporate Governance and Business Ethics
- Communication & Presentation Skills
- Entrepreneurship, Innovation, and Sustainability

Semester III

- Business Research Methods
- Operation Research
- Elective 1 (FIN/MKT/HRM/ LSCM) *
- Design Thinking
- Cross Cultural Management
- UAE History and Culture

*Elective courses under each specialization will be offered subject to student interest; in the absence of sufficient interest in a particular specialization, it may not be offered. Elective courses in respective specialization will be offered if there are at least 5-enrolments.

Semester IV

- Statistics for Business

Dr. Ketan Kotecha,

Dean, Faculty of Engineering, Symbiosis International (Deemed University) Director, Symbiosis Artificial Intelligence Institute Head, Symbiosis Centre for Applied AI (SCAAI)

Director Profile

Dr. Ketan Kotecha is a distinguished researcher and educator specializing in deep learning, artificial intelligence, computer algorithms, and machine learning. Passionate about fostering critical thinking skills, he has mentored over 20 PhD students to successful outcomes. With over 30 years of experience at the forefront of Al and deep learning, Dr. Kotecha is globally recognized, ranking among the top 2% scientists worldwide, a distinction conferred by Stanford University. Dr. Kotecha's expertise extends to securing prestigious research funding for Applied Al projects. Notable grants include a PURSE grant from DST worth INR 5.2 crores in AI for affordable Healthcare and a Ministry of Electronics and Information Technology grant worth INR 199.04 lakhs on Human Computer Interface, highlighting his leadership in impactful research. Recognized for his contributions, Dr. Kotecha has received grants such as the Indo-Canadian Shastri grant SSTSG 2023-24 and SPARC projects worth INR 166 lakhs from MHRD. His accolades also include Erasmus Plus Faculty Mobility Grant, DUO-India Professors Fellowship, grants from the Royal Academy of Engineering and DST under Indo-Italy and Indo-Serbia schemes. He was also selected by MHRD Govt of India for a prestigious LEAP grant for leadership program at Cambridge University UK. He also received 3 projects from DRDO worth INR 30 lacs and 4 projects from UAEU university under 'AI for Sustainability' grant. As an Adjunct Professor at Swinburne University, Australia, Honorary Professor at Aston University UK and a visiting professor at UCSI University Malaysia, Dr. Kotecha continues to expand his global footprint in academia. A sought-after keynote speaker, Dr. Kotecha has addressed prestigious forums worldwide, including the Machine Intelligence Lab at USA, Imperial college of London UK, Swinburne University of Technology, Australia, Pretoria University, S Africa, RUDN university Russia and many more.

Institute Profile

Symbiosis Artificial Intelligence Institute (SAII)

SAII an initiative by Symbiosis International (Deemed University) to pioneer an inclusive and forward-thinking model for AI education. Through a blend of interdisciplinarity, innovation, and social responsibility, SAII aims to be a transformative force in shaping India's AI future.

Background and Rationale

Artificial Intelligence (AI) is no longer a futuristic concept—it is a transformative force shaping the present and redefining the future. From revolutionizing business processes and accelerating scientific discovery to influencing media, design, education, healthcare, governance, and human interaction, AI is now embedded in nearly every facet of modern life. Historically, AI education has been primarily rooted in engineering and computer science disciplines,

focusing on algorithmic development, software engineering, and technical proficiency. However, the application of Al now transcends technical boundaries—playing a critical role in management, healthcare, psychology, law, behavioral sciences, economics, design, and beyond. This evolution calls for a dual-pronged approach to Al education: one that continues to build technical excellence among engineering students, while also enabling non-engineering students to harness Al within their specific disciplines. In India, most formal Al programs are offered through engineering institutions, often limiting access and excluding the rich interdisciplinary potential of Al education. Symbiosis International (Deemed University) identifies a unique opportunity to address this gap by launching the Symbiosis Artificial Intelligence Institute (SAII)—a pioneering academic institute that offers Al education for non-engineering learners (later for engineering as well).

SAII will:

- 1. Offer undergraduate programs in core and applied Al fields, and selected programs for non-engineering domains.
- 2. Provide robust training in computational thinking, software development, machine learning, and data analytics.
- 3. Promote ethical, inclusive, and creative exploration of Al tools and their societal implications.
- 4. Serve as a hub for interdisciplinary research, innovation, and policy-driven impact.
- 5. Forge strategic partnerships with industry, academia, and government to ensure practical relevance and thought leadership.
